in their design. When using names in your formulas you can assign the names as you construct and fix the values in the new sheet, or you can add them after the fact to existing formulas.

Using range names in new formulas

If you named a cell range or constant that you need to refer to in a new formula, you can use its name when building a formula. To enter the name, you can either type it or insert it from the Paste Name dialog box, by selecting the name from the Paste Name dialog box, as shown in Figure 26-6.

Selecting the name from the Paste Name dialog box

Figure 26-6 illustrates how you go about using a range name in a new formula. In this example, the formula multiplies the retail price in cell C3 by the discount 2 constant in cell D3. To do this, follow these steps:

1. Start the formula by typing = (equal sign), select cell C3, and then type * (asterisk) to indicate multiplication.

2. Open the Paste Name dialog box (Insert ➪ Name ➪ Paste), select discount in the Paste Name list, and click OK.

   Excel inserts discount_25 into the formula, and then you click the Enter button on the formula bar to complete it.

Figure 26-7 shows the sales table after finishing adding the discount formulas to the cell range. You can see the discount amount using either the discount 2 as the discount 1 constant. After adding the range name, you can tell at an instant which discount is being used for each item as you move the cell pointer through these cells.

Figure 26-6: Inserting a range name into a new formula.

Figure 26-7: Worksheet table with formulas using constants to add as range names.

Assigning range names to existing formulas

Excel doesn't automatically replace cell references with the range names that you assign to them. To replace cell references with their names, you need to use the Apply Names command. This opens the Apply Names dialog box, where you select the range names that you want applied to existing formulas by selecting them in the Apply Names list box.

When you first open the Apply Names dialog box, it contains two check boxes: Ignore Relative/Absolute and Use Row and Column Names, both of which are checked. When you click the Options button, Excel expands the Apply Names dialog box to display additional options that you can use when applying your range names, as shown in Figure 26-

Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off the machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device From PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit www.vonage.com.

PLEASE READ THE FOLLOWING BEFORE BEGINNING WORK

THESE PROCEDURES MUST BE FOLLOWED BEFORE PAYMENT WILL BE ISSUED DUE TO CORPORATE HEADQUARTER REQUIREMENTS

Do not perform any work beyond the scope that is described on this work order. You have a DO NOT EXCEED AMOUNT OF $1265.89. If you see your amount is going to be greater than the amount we have given you, you must contact Wal-Com, Inc. for further approval (NOT THE STORE). The store does not have authority to authorize any DNE increase. If you go over this amount without prior approval, your invoice will be rejected for payment.

Upon completion of work, our work order (not your work order) must be signed by the manager on duty and stamped with a store stamp. This is a must! Corporate will not release payment without this document being signed off on by a manager.

In order for you to receive payment, we must have the following, our signed and stamped work order, you invoice, copy of your certificate of insurance with Wal-Com Inc. listed as a Certificate Holder, Copy of your W-9 form. Corporate WILL NOT release a check with out these documents on file. Failure to submit the items listed above will result in non-payment.

Terms of Payment are Net 45 upon receipt of your invoice and all required documents

Launch the web browser and perform the following steps (These steps are specific to Internet Explorer but are similar for other browsers)

1. Select **Tools** > **Internet Options**.
2. Click the **Connections** tab
3. Select **Never dial a connection**
4. Click **OK**

Q. The DSL telephone line does not fit into the ATA WAN (Internet) port

The ATA does not replace your modem. You need your DSL modem in order to use the ATA. Connect your telephone line to the DSL modem

Q. My modem does not have an Ethernet port.

If your modem does not have an Ethernet port, than it is a modem for traditional dial-up service. To use the ATA, you need a cable/DSL modem and a high-speed Internet connection

Q. The ATA does not have a coaxial port for the cable connection.

The ATA does not replace your modem. You need your cable modem in order to use the ATA. Connect your cable connection to the cable modem

Q. A firmware upgrade (or downgrade) failed.

You can run a firmware recovery procedure to either retry the failed upgrade or install an earlier version of the firmware

1. Reboot the ATA
2. Connect your computer to the ATA or to a switch that is connected to the ATA
3. Start a web browser and enter the LAN IP address of the ATA. The default LAN IP address is 192.168.15.1
4. Log in to the ATA. The default user name and password are both **cisco**. The password is case sensitive. After you log in, the *Recovery Firmware* page appears
5. Click **Browse**, select the firmware to install, and then click **Start to Upgrade**

Caution: Internet Explorer Enhanced Security Configuration is not enabled

Internet Explorer Enhanced Security Configuration configures your server and Internet Explorer in a way that decreases the exposure of your server to potential attacks through Web content and application scripts. This is done by raising the default security levels on Internet Explorer security zones and changing the default settings.

Keeping the Internet Explorer Enhanced Security Configuration enabled on your servers is recommended to help ensure that your servers are not inadvertently exposed to malware or other browser-based attacks. For more information, including the complete list of changes that are implemented by Internet Explorer Enhanced Security Configuration, see the Internet Explorer Enhanced Security Configuration overview.

To turn on Internet Explorer Enhanced Security Configuration

1. Close any Internet Explorer windows that you might have open.
2. Open Server Manager.
   - If your server is running Windows Server® 2008 R2, in the **Security Information** section of **Server Summary**, click **Configure IE ESC** to open the **Internet Explorer Enhanced Security Configuration** dialog.
   - If your server is running Windows Server® 2012, click **Configure this local server** to open the **Local Server** configuration page. Then, in the **Properties** area, next to **IE Enhanced Security Configuration**, click **Off** to open the **Internet Explorer Enhanced Security Configuration** dialog.
3. To use Internet Explorer Enhanced Configuration when members of the local Administrators group are logged on, under **Administrators** click **On**.
4. To use Internet Explorer Enhanced Configuration when all other users are logged on, under **Users** click **On (Recommended)**.
5. Click **OK** to apply your changes.

Note Once the Internet Explorer Enhanced Configuration is turned on for both sets of users, Server Manager will display **On (Recommended)** next to Internet Explorer Enhanced Security Configuration.

How to test sending and receiving of a fax machine

Filed in Tech Tips on Nov 05, 2009

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 or 1-503 200-1300. When it's finished transmitting, point your web browser to Fax Tax — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

1 *James* Says
November 5th, 2009 at 4:06 pm

GotFreeFax.com also allows user to send free fax online to the US and Canada. User can either upload a PDF/Word file or enter text to fax. Plus, it does NOT add Ads to user's fax and is suitable for faxing formal documents

Key Points about myNYP.org

Your resource guide on myNYP
to the top-ranked hospital in New York

What is myNYP.org?

MyNYP.org is a valuable online service that allows patients to control, access and share their medical information wherever and whenever they need it – provided free to patients of New York Presbyterian Hospital. By giving patients a simple, convenient way to manage their health, myNYP.org helps them become more informed, active and empowered.

What can patients view on myNYP.org?

In addition to viewing their scheduled hospital follow-up appointments on myNYP.org, the patient's medical information is available electronically in an organized personal health record known as the Hospital Visit Record, or Continuity of Care Document. The following medical information is currently available in the Hospital Visit Record for services received at the Hospital.

Cardiology Reports *Echocardiography* *Electrocardiograms (EKG)*	**Laboratory Test Results** ~~Chemistry~~ *Cultures* • *HIV STD/RDs Results* — *Pathology Results*	**Radiology Reports** *CT Scan* *MRI* *Ultrasound* *Nuclear Medicine* *X-Ray* **Surgery or Operative Reports**	**Other Reports** *Care Plan* *Care team member(s)* *Immunizations* *Medication Allergies* *Medications* *Problems* *Procedure Codes* *Smoking Status* *Vital Signs*
Discharge/Visit Reports *Discharge Instructions* *Discharge Medications* *Discharge Summary*			

- The Hospital Visit Record does not include certain information, such as: radiology images, colonoscopy reports, endoscopy reports, infusion information, and PET scans
- Patients should contact the Medical Records Department (HIM) if they do not find the clinical information they are seeking in the Hospital Visit Record. Upon request, the HIM is able to upload additional clinical information to myNYP

How does a Patient Access their Personal Account?

Accessing myNYP account is simple. To get started, patients can go to www.mynyp.org and follow these three easy steps.

1. Create an account
2. Agree to Terms and Conditions
3. Match themselves
   a. Via EMPI/Verification Code
   b. Self-enroll by correctly answering the identifying questions
   c. Via Patient Invitation Email

Additional Items to Note

- MyNYP only includes information from the hospital visit. Doctor's office visit information is not included
- Patients can share their medical records with someone they trust.
- MyNYP users can sign up for Appointment Alerts and Reminders to receive immediate confirmation of their hospital appointment (Scanlan scheduling only), and an email or text reminder
- Patients can send a Secure Health Message (SHM) to ACN Providers. Designated staff will triage the messages for ACN Providers and if they can, will reply to the patient. Otherwise, the SHM is forwarded to the patient's ACN Provider to respond
- **Please visit the FAQ page for more info:** www.myNYP.org/faqs.aspx

If patients require assistance, click on "Contact Support" on www.myNYP.org or call (646) 697 9932 Monday through Friday 12 pm – 5 pm

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Missions
Banquet & Rally

March 5, 2016, 5:30 p.m.

Speaker:
Dr. Clyde
Meador Jr.
Vice-President IMB

Join us for great food and fellowship with the visiting missionaries and our associational friends at 5:30 p.m. The banquet is for all of those who attend the Mission Fair and/or Mission Rally. Bring a friend to the Missions Rally at 7:00 p.m. where we will enjoy great music, worship and a message by Dr. Clyde Meador Jr., vice-president with the International Mission Board. Dr. Meador served for many years in Indonesia before he joined the administrative staff at IMB.

TEST

TEST

Using your phone and fax machine on the same line

To use your home phone and fax machine on the same line, you'll connect both devices to the PHONE port on the back of your Ooma device. This setup is great if you don't use your fax machine often, or if you usually send faxes, but don't receive them. To get started, you will need the following equipment:

- A standard phone splitter
- Your fax machine
- Two phone cords

Plug the phone splitter into the PHONE port of your Ooma device. Connect one of your phone cords to your telephone and the other to your fax machine's phone input as shown in the image below.

Note: If you are using an Ooma Hub setup, it is recommended that you connect your fax machine directly to the Ooma Hub and not to an Ooma Scout.

If you don't want your calls to be picked up by the fax machine, you should turn the auto-answer mode on your fax machine off by putting it in "manual" mode. If you prefer to leave auto-answer on, you may want to set your machine up to have a long delay before pick up in order for you to answer your voice calls. You may need to refer to your fax machine's user manual for more information on how to do this.

How to send a fax

Ooma needs to know that you are making a fax call so the connection can be optimized for fax transmissions. Dial the prefix *89 before dialing the number you wish to reach. When you are ready to send a fax, follow the instructions for your particular fax machine.

How to receive a fax

If you've set up your fax machine on a dedicated line

You're ready to receive faxes at all times!

If you have your phone and fax machine set up on the same line

You'll need to configure your fax machine to autoanswer the next call. Once you're done receiving your fax, turn off auto-answer on your fax machine to avoid having your fax machine pick up all incoming calls.

The Gallatin Scarf

Gauge: 4 sts per inch in Stockinette St.

Materials

- One circular needle size U.S. 10 ½ (6 5mm), You will use a circular needle not to knit in the round but to work flat and accommodate the large number of stitches I used a 29" length
- 1 skein of worsted weight yarn approx 182 yds
- 2 stitch markers optional

Abbreviations

St – Stitch
K = Knit
P – Purl
K2tog – Knit 2 together
YO – Yarn Over
Beg – beginning
BO = Bind off

References

Cast on at beginning of the row otherwise known as knitted cast-on
Tutorial video here http://www.youtube.com/watch?v=rdaZTBOJ7XU

Directions*

1. Using Long-tail cast on, CO 4 sts
2. K4
3. CO 4 sts at the beg of the row K4 YO, K2tog, K2
4. CO 4 sts at the beg of the row K4 *(YO, K2tog, K2) repeat * to end
5. Repeat step 4 until you have 36 sts

You will now begin knitting stripes of stockinette and reverse stockinette

6. CO 4 sts at the beg of the row K4, (YO, K2tog, K2) 3x, K across to last 16 sts, work (YO, K2tog, K2) 4x.
7. CO 4 sts at the beg of the row, K4 (YO, K2tog, K2) 3x, P across to last 16 sts, work (YO, K2tog, K2) 4x
8. Repeat steps 6 & 7 once more
9. Repeat step 7
10. Repeat step 6
11. Repeat steps 7 & 6 once more
12. Work steps 6 – 11 two times more, you will have 182 sts. You should have ended with a Knit row
13. CO 4 sts at beg of the row, K4 (YO, K2tog, K2) 2x, K across to last 12 sts, work (YO, K2tog, K2) 3x
14. CO 4 sts at beg of the row K4, (YO, K2tog, K2) 1x, P across to last 8 sts, work (YO, K2tog, K2) 2x.

REPORTING

A QUESTION FOR MARKET ANALYSTS ...

I read with great interest the Valentine's Day IHS iSuppli press release about the dramatic increase in the reports of counterfeits. What further observations can market analysts offer? Helpful information would include the following.

> Does this reporting reflect an increase in counterfeiting? Does it represent an increase in the willingness of various organizations to report? Does it reflect the result of investigations by the organizations reporting them that parts purchased over a period of time are now found to be counterfeit?
>
> What is the make up of the part suppliers associated with the sale of the counterfeits? (OCMS, authorized/franchised distributors, independent Distributors, 'brokers' US Government excess inventory, industry excess inventory etc)
>
> What is the make up the countries of origin for the counterfeits? (The recent Senate Armed Services Committee investigation points to China as the predominant source of counterfeit assurance parts)
>
> What is the product make up of counterfeited products? (mechanical parts, passive parts, mechanical parts, etc)
>
> What is the proportion of products represented with respect to their current availability through OCMs or their authorized suppliers? (out of production, long lead times, on allocation, available in ample supply)

A comprehensive analysis that answers these and other questions prompted by facts and data will go a long way to help both industry and the US Government direct its counterfeit parts avoidance efforts where significant risks lie and improve the effectiveness of these efforts.

The following report is an example of comprehensive and meaningful analysis

Today's consumers are showing a strong preference for resilient floor surfaces in their new domestic applications. Real wood, laminate, stone, tile and new vinyl surfaces available with premium look-and-feel ranges are at the top of the discriminating consumer's list of preferences.

These new surfaces pose a challenge for caddies to develop solutions that help consumers to change rooms or floors to address such as Easy Comfort Spaces. This can provide them with the new CT-10 Respecta, natural acoustic insulation underlay that offers all around the need to other products.

Eliminates common problems with traditional mechanically produced panels in wood rages.

Ideal for stairs risers, uplighting, partitions, or cladding. The back board finish on the Respecta CT-10 will give a classic wood look and feel.

Solutions for floors and walls under laminate planks

A new solutions in today's homes

Ideal for stairs risers, uplighting, partitions, or cladding. The back board finish on the Respecta CT-10 will give a classic wood look and feel.

Both types replaces the older, specialized, very unreliable mineral rubber, rubber/polyurethane foam and felt underlays. Respecta CT-10 in acoustic underlayment you can access from your store network for your customers to see during the consumer's hands on visit. You can prefer studio images or an interactive display to assist in your presentation. See it on our website: www.acoustacoustics.com

Or to make things point on the CT-10 shown below to view the video or search "CT-10 Respecta" on Youtube.

www.acoustacoustics.com/ch-ag/

The Respecta range of products are all approved by strong IAP policy and restricted use. We do not sell to: Insulation & artificial grass. We use cookies to, your data to perform this is pertinent and that how you see the complete Cavalla range of products.

Troubleshooting Steps

The steps below will help you resolve common fax problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device. Bypassing any home wiring.
- If using an All-in-One device: temporarily disconnect from PC

Reading,
Berks.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

Phil.

PRUSSIC ACID POISONING

Prussic acid is often referred to by several other names including hydrocyanic acid, hydrogen cyanide and cyanide. It is a very poisonous gas that sometimes occurs in sorghum sudangrass, flax, sorghum Johnson grass or wild cherry and wilted cherry leaves. As it occurs in these plants, it is bound in a chemical combination that is not toxic. When the plant is damaged by cutting, wilting, crushing or freezing, an enzyme releases the prussic acid from the combination. The rate and amount of release are dependent on many factors so the analysis for prussic acid gives only an estimate of the potential for the plant to cause poisoning.

The following guide may be useful in interpreting the results of a prussic acid analysis. It is a guide, only, and it must be used with common sense and with consideration of the discussion below.

ANIMAL RESPONSE TO PRUSSIC ACID CONCENTRATION

Prussic Acid (HCN) (wet basis)	Comment
Less than 200 ppm	This feed should not cause prussic acid poisoning.
200 – 500 ppm	This feed may be potentially toxic and it should be fed at a restricted rate. If pastured animals should be put on it only during that part of the day when they can be observed or can be removed if they show any sign of intoxication.
Over 500 ppm	This feed is potentially very toxic so that could be fed at a very restricted rate, if at all. Dry grain or silage mixed with low prussic acid material may help reduce the prussic acid content.

Prussic acid poisoning by either method of ingestion of the green tissues results from a form of asphyxiation. True poisoning results from combination with breathing enzymes which stagger and stop it. Dead animals relaxed, usually within an hour after the first signs are observed. The blood becomes a bright cherry-red color. Animals poisoned by a somewhat less concentrated amount may be staggering but alive or the animal may show the clinical signs. They can be case opened by the color of the blood which is the case of nitrate poisoning, is a dark chocolate-brown. Chronic prussic acid poisoning has not been found to occur.

Prussic acid accumulates when plants are cut and dried by drought. Concentration of the poison is the highest in the heavier and it decreases as the plant matures. Chopping, ensiling, cutting for dry forage, cropping or green forage all change the free prussic acid content may be very high in the potential for poisoning. Especially following the cutting of sorghum sudangrass and other plants high in the prussic acid content.

By taking a few moments to complete this registration card we can be sure you receive the following benefits:

Purchase Confirmation — Your product will be officially registered with Brother International Corporation, serving as confirmation of purchase should you lose your receipt.

Proof of Ownership — In case of an insurance loss due to such causes as fire, flood, theft, etc., your registration may serve as proof of ownership.

Information Enhancement — Your registration helps us notify you of announcements to your product and special offers that you are qualified for.

Please note that completing and returning this form will not diminish your warranty rights.

Register On-Line at

www.registermybrother.com

Your product will immediately be registered in our database

While there click on our contest page for a chance to win $1,000.00!

See Website For Details. U.S. Customers ONLY.

Register Your Product Please take the time to read your Owner's Manual for proper installation, setup and operating procedures. Be sure to set up your iStation ID's and then fill out the Test Sheet on the reverse side of this page and fax it to us at 1-877-268-8575 as your first transmission. This will immediately register your product and verify that your MFC is properly installed. When we receive this document we will send back a confirmation to you machine. If you do not receive a response within 24 hours please confirm that your station ID's is properly set up (including your area code) and try faxing again. If you still do not receive a response, contact Fax/MFC Customer Service at 1-800-284-4329. You can also register your product by mail by filling out the back of this form and mailing it to: Brother International Corporation c/o Product Registration -PO Box 341332 Memphis, TN 38184-9804

Our Fax-Back System To assist you with answering questions regarding product specifications, accessory orders, terms, extended maintenance agreement and frequently asked questions you can access our Fax Back System by dialing 1-(800)-521-2846 and pressing the Start button. When you connect to our Fax Back System, you will be given directions to request a specific document using a document number or request an index of all documents available. If you know the number of the document you would like to receive, press 1 and follow the additional prompts. If you would like to receive a copy of the index, press 2 and follow the additional prompts. After the final message, the line will disconnect. Your fax machine will ring shortly and receive the requested document.

Our Fax-Back index and all documents are periodically updated and subject to change without notice.

For More Information Should you need more information regarding your Brother MFC product or any other Brother product, or need to locate your **nearest Brother Authorized Service Center**, visit our website at www.brother.com. You may also use our automated Fax Back response system which is available 24 hours a day at 1-800-521-2846. For a complete list of supplies and accessories available for your product, visit us online at www.brothermall.com or call us at 1 877 552 MALL (6255).

About Your Warranty The warranty of your Brother MFC is a Limited Warranty. Please review your warranty statement, located in your Owner's Manual for complete details.

Manufacturer's Extended Maintenance Agreement To further protect your Brother MFC against any mechanical problems or unexpected repair costs after the initial warranty period expires, Brother International Corporation offers a Manufacturer's Extended Maintenance Program that extends the warranty of your MFC for one full year from the expiration date of your original warranty. This program can be automatically renewed each year. For more information please visit www.brothermall.com or select document # 20104 from our automated fax back system by calling 1-800-521-2846.

Плагины:
C:\Tools\mct

Выбранные аспекты:
Jove's Mod Pack
Анонсы голосовых отрядов (не $0.000 вопрос каждую неделю!)
1. Удобные прицелы:
Инвентаристичный (от Dellux):
Бинокль
Дополнительные арт-прицелы:
от прицела «Данилов Нечь»
Индикатор вума (если не встроен в прицел).
2. Полезные мелочи в бою:
Индикатор направления обстрела.
Отключение случайной стрельбы по своим и трупам
Корректировка дальномера.
Направление осколка на миникарте в квадрате отрисовки.
Круг 15м от танка (по F9).
Индикатор ближайшего врага.
Улучшенный индикатор снарядов
«Винтик» - удобный ремонт гусениц и модулей
Учёт примерного металлизированного урона
3. ПКМ:
Улучшенный калькулятор брони врагов
Удаление трупа с снайперском режиме
Отключить инерцию скролла
не включать ручник в снайп. режиме на ЦТ и тяжах без башни.
Отключить красную вспышку при получении урона.
Увеличение времени отображения маленьких хб чувствами.
Отображение результатов предыдущего боя в боевом чате
Отключение системных сообщений.
4. УДК (ухом горизонтальным наводки):
Утилкам.
5. Информационная панель выбранной цели:
Простая.
6. Рамки попадений:
Как у Джова (от Dellux).
7. Отдаление камеры + свободная камера:
Отключение дрожания механической камеры.
RobotCtl - колёсики не переключает в снайп. режим.
4х ступенчатый направленный снайперский прицел
увеличение до x16
8. Изменение внешнего вида:
Отключение камуфляжей и маркеров
Вкусы с эффектом пробития (не все танки).
Цветные декали попаданий.
«Белые трупы» уничтоженных танков и авроков

Test Your Fax

You can test the capability of your fax machine without the need to contact Technical Support. To test the capability of your fax machine, follow the directions below. This is a test fax line provided by HP and is in no way associated with Phone Power.

- **Note: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll-free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.**

- **Note: Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to Every Error before attempting a test fax. This way even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.**

1. Send a one-page black and white test fax to 1-888-473-2963.

2. When you fax is received a return fax will be sent to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

- If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

- **Note: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header machine the full 10-digit telephone number of the fax machine (including the area code).**

Good Good Father Chords by Housefires

Polis in der Tat recht großzügig aus den Tempelkassen versorgt. Verschiedentlich wurden Kredite nicht oder nicht vollständig zurückerstattet.[76] Auf Delos sind nicht genehmigte Zinsen, aber die Schulden in der nächsten Antiperiode der Verwaltung übertragen worden.[77] Insgesamt gesehen stellten die Stätten jedoch strikte Regeln auf und bedienten sich keineswegs ganz freihändig bei ihren Gönnern.[78] In Athen, Delos und Lokris wurde die Rückzahlung von Geld, das aus den Tempelkassen entnommen worden war, zumindest grundsätzlich erwartet. Parallel wurde darauf hin, daß die Schulden bei Inanspruchnahme auch wieder zurückerstattet werden müßten, was dann wohl doch weitgehend unterblieb, während in Lokris mehrfach Rückzahlungen verzeichnet sind.[79] Darüber hinaus wurden in Athen und Delos Zinsen auf die entnommenen Gelder erhoben (s. u. Schluß). In Halikarnaß hat man die verpfändeten Grundstücke sämtlicher Schuldner von Apollon, Athena und Poseidon eingezogen und verkauft.[80]

Umgekehrt ist nicht bekannt, daß Götter auch Schuldner gewesen wären, d.h. ein Heiligtum eine Anleihe bei einer Polis oder bei Privaten aufnahm. Wenn ein Heiligtum seinen Verpflichtungen zu Opfern oder Kultveranstaltungen nicht nachkommen konnte, mußte dafür vielmehr die zuständige Einheit (Polis, Phyle usw.) einstehen.[81] Ein Gott oder eine Göttin als Schuldner war für die Griechen wohl nicht vorstellbar.

III. Die Götter als Rechtssubjekte

a) Götter als Rechter

Zeus wurde zwar nicht als der christliche Weltenrichter, der alle Seelen nach ihrem Tod in Gerechte und Ungerechte aufteilt, aber im allgemeinen als exzeptionsmächtiger oberster Rechtswahrer verstanden, der alle menschlichen Richter bei ihren Urteilen unterstützt bzw. wegen 'schiefer Rechtsprüche' der ganzen Gemeinschaft straft, gegebenenfalls aufgrund einer "Anzeige" des als Göttin Dike personifizierten Rechts.[82] Athena tritt in den Eumeniden des Aischylos als mit

bei Dignas 2002, 16, die anders die Gegenmeinung vertritt.

[76] Vgl. Linders 1992a, 11, und Dreher 2006, 222f., für Delos.

[77] I.Délos 98 (= Maiuzzi Sandvoranne) = Migeotte 1984 Nr. 43 II = Rhodes / Osborne 20; vgl. Dreher 1995, 127f. 253–55.

[78] Vgl. Harter 2004, 174–197.

[79] Zu Athen s. Trede 2, 13–5. Malegue, Lewis 58. Daher ist zu bedenken, daß der Hauptteil der von Thukydides genannten Summe, nämlich 6000 Talente, kein gewichtetes Geld, sondern Gold war, welches die Polis im Tempel deponiert hatte, vgl. Dreher 2006, 247 A. 5. Zu Lokris s. etwa die Tafeln 32 und 33; vgl. Comaniţă 1987, 109–111. Allerdings bleibt es unsicherheitlich, der Institutionen der Polis überlassen, wann und wie das Kredit zurückgezahlt wird, vgl. dazu 1992, 168.

[80] Syll.[3] 46, Z. 2–4; näheres bei Migeotte im vorliegenden Band, A. 10.

[81] Vgl. dazu die Bemerkungen über das Apollonheiligtum von Abdera gegen Ende des 3. Jh. v. Chr. bei Ph. Hubert, Eine Urkunde des Akkumulationsfonds, Hermes 85, 1957, 86–122, 2, 36–41, 50–52. Vgl. Cmeik-Schmoller 2002, bes. 86–89.

[82] Hom. Il. 16, 385–392, Hes. erg. 259f., 256–268.

No wa

No signs of life

Yet no dead bodies either

And no evidence of any natural or manmade disaster. All the buildings in perfect order. No carnage to be found anywhere just *silence*

That's what farmers and beekeepers have started to wake up to find

Over 70% of the entire honeybee population of the Northern hemisphere has vanished in just the past few winters alone. That's *52 billion* bees gone—

forever. Losses in the UK have leapt to 30% a year... yet nobody knows why. Scientists have a name for this modern phenomenon. They call it: Colony Collapse Disorder.

Now why should you care, whether bees live or die, you might ask?

Most people don't get the point about bees. We usually swat them or spray them. Few are aware that life as we know it, without them would not exist

How the Coming "Agpocalypse" Will Uproot Your World

Honeybees are actually the *linchpin* in our *multi-trillion global food chain.*

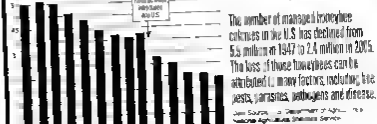
"The death of the simple honey bee is about to swoop down on Wall Street (and your world) changing it forever."

Honeybee colony collapse disorder

35 states have reported cases of this colony collapse disorder. Beekeepers have reported an average bee population loss of 45 percent, with surveyed colonies significantly we affected

Source: USDA/Ann Technology

Number of honey producing bee colonies
(in millions) 1945 - 2007



The number of managed honeybee colonies in the U.S. has declined from 5.5 million in 1947 to 2.4 million in 2005. The loss of those honeybees can be attributed to many factors, including: bee pests, parasites, pathogens and diseases.

The answer to life,universe and everything:

Title

Patient Name: ropfasscc

Patient DOB: 01-01-1964

Medical Record Number: 142

Date Of Service: 07-24-2014

Procedure: Shockwave Lithotripsy

Surgeon: Otnik Oleksy , PA

Patient DOB: 01-01-1964

Patient Name: ropfasscc

Indications:

ropfasscc is a 50 year old Female with a history of nephrolithiasis currently with a 0.5mm Upper pole renal stone. Nonе Options for management were discussed with the patient. The indications, procedure and potential risks of shockwave lithotripsy were discussed with the patient.

Risks including but not limited to infections, bleeding, hematoma, residual stone, recurrent stone, obstruction, need for further or additional procedures were discussed with the patient and they have asked me to proceed.

Procedure:

After appropriate General anesthesia was administered, the patient was positioned supine on the lithotripsy table. The stones were localized under fluoroscopy in both craniocaudal and anteroposterior views. A total of 253 were delivered to the 0.5 Upper pole renal.

Shockwaves were delivered at a rate of 235 and 235. There was excellent fragmentation of the 0.5 Upper pole renal. The patient was awakened from anesthesia and taken to the recovery room in stable condition.

Disposition: The patient is to follow up in 1 week.

Inserting a Pause

For some telephone systems, it is necessary to dial an access code and listen for a second dial tone. A pause must be entered in order for the access code to function. For example, enter the access code 9 and then press **Pause** before entering the telephone number. "," appears on the display to indicate when a pause is entered.

Setting the Time and Date

NOTE: It may be necessary to reset the current time and date if loss of power to the multifunction printer occurs.

To set the time and date:

1. Press ▼ until >Admin Menu appears, and then press ✔.
2. Press ▼ until >Admin Menu appears, and then press ✔.
3. Press ▼ until >System Settings appears, and then press ✔.
4. Press ▼ until >Clock Settings appears, and then press ✔.
5. Press ▼ until >Set Date appears, and then press ✔.
6. Enter the correct date using the number keypad.

NOTE: If you make a mistake while entering numbers, press ◄ to reenter the digit.

7. Press ✔ when the date on the display is correct.
8. Press ▼ until >Set Time appears, and then press ✔.
9. Enter the correct time using the number keypad.
10. Press ✔ when the time on the display is correct.
11. Press **Cancel** to return to the standby mode.

NOTE: The multifunction printer beeps and does not allow you to proceed to the next step if a wrong number is entered.

Your Membership Starts Today

Because of who you are, I've been able to Pre-Register you for immediate membership in AAA.

Your cards are already enclosed — just activate and use them, starting TODAY for

- ✔ **FREE 24-Hour AAA Roadside Assistance for ANY car you're driving or riding in**

What's more you also qualify for

- ✔ **A one-year membership in AAA for only $49**
- ✔ **FREE second membership** for another driver in your family

Plus...

- ✔ **TWO MORE MONTHS FREE** — start with 14 months in all — when you choose automatic renewal!

Please do this in next 10 days*

* * * * *

Dear Member-Elect,

Yes, you really are special to AAA!

And, as you can see, we've bent over backwards to make this one of the VERY BEST TIMES to join us — with Pre-Registration and a FREE second membership!

But let me reassure you, right off the bat: this Pre-Registration costs you nothing and you are under no obligation to accept it.

We only do this privately, through the mail, for select drivers (of whom you are one) because this is the quickest way to get you covered. And this could be very important — many new members have needed AAA Roadside Assistance within days of joining. You might too, because you never know what might happen.

But now you'll know that AAA will come to help you, and FREE OF CHARGE, as I'll describe in a moment.

Please read this letter all the way through. You are going to be amazed at how much you get with AAA.

Avoid a $60.00 charge!

Let's start with the service for which AAA is most famous, our 24-Hour AAA Roadside Assistance. You're covered in ANY car, ANY time, ANY place, and you don't even have to be the driver. So, if you're riding in a friend's car and it breaks down, or is in an accident, call AAA toll-free. We'll come to help. And always free of charge.** (You avoid the $60.00 an independent tow truck driver might charge you — maybe more if it's late at night, or you're far from town.)

We'll come to provide mechanical "first aid" to get you going again. We'll also change your flat tire, bring emergency gas, open your locked car, boost your dead battery (if you need a new battery we can replace it on the spot). We'll also pull you out of a ditch. And, if all else fails, we'll tow you in for repairs, FREE OF CHARGE —

(please continue over.)

*By responding within 10 days, you ensure your Temporary Membership Cards will not expire before your official Membership Cards arrive.
**AAA Roadside Assistance is provided by AAA Club-owned fleet vehicles and independent facilities contracted by AAA. Coverage is limited and exceptions are excluded. Your membership kit will include a handbook that fully describes your member benefits, including any limitations or restrictions. Offers, terms, conditions and benefits are subject to change without notice.

Application for Residence Homestead Exemption

Property Tax
Form 50-114

Appraisal District's Name

Number (local code and number)

Appraisal District Mailing: City, State, ZIP Code

Driver's License ID (if applicable)

This document must be filed with the appraisal district office in the county in which your property is located. No tax lite loss document with the office of the Texas Comptroller of Public Accounts. Location and additional information for the appraisal district office in your county may be found at comptroller.texas.gov/properties/assessed/directory.html.

GENERAL INSTRUCTIONS: This application is for use in claiming residence homestead exemptions pursuant to Tax Code Sections 11.13, 11.131, 11.132, 11.137 and 11.432. The exemptions apply only to property that you own and request as you principal place of residence.

WHERE TO FILE: This document, and all supporting documentation, must be filed with the appraisal district in the county in which your property is located. Location and address information for the appraisal district office in your county may be there at comptroller.texas.gov/properties/assessed/directory.html.

APPLICATION DEADLINE: You are to file the completed application with all required documentation beginning Jan. 1 and no later than April 30 of the year for which you are requesting an exemption. If you qualify for the age 65 or older or disabled persons exemption or the exemption for disabled homestead of qualified disabled veterans, you are to apply for the exemption no later than the first anniversary of the later you qualify for the exemption.

Pursuant to Tax Code Section 11.431 you may file a late application for a residence homestead exemption, including an exemption under Tax Code chapters 11.131, 11.132 and 11.137, late. the Sections for filing late process if it is filed not later than one year later the delinquency later for the taxes on the homestead.

DUTY TO NOTIFY: If the chief appraiser grants the exemption(s) you do not need to reapply annually. You must reapply if the chief appraiser requires you to do so, or if you want the exemption to apply to property not listed in this application. You must notify the chief appraiser in writing either May 1 of the year later your right to late exemption ends.

OTHER IMPORTANT INFORMATION

Pursuant to Tax Code Section 11.45, later considering the application and all relevant information, the chief appraiser may request additional information from you. You must number the residence information within 30 days of the request or the application is denied. For good cause shown, the chief appraiser may extend the deadline for furnishing the additional information by written order for a single period not to Exceed 15 days.

State the Year for Which You Are Applying

Tax Year

Date when you began occupying the property as your principal Residence

Do you own the property for which you are seeking a residence homestead exemption? ☐ Yes ☐ No

STEP 1: Property Ownership Applicant Information

The applicant is the following type of property owner:

☐ Single Adult ☐ Married Couple ☐ Other (e.g., individual who owns the property with others)

Name of Property Owner 1

Birth Date* (mm/dd/yyyy)

Driver's License, Personal ID Certificate, or Social Security Number**

Primary Phone Number (area code and number)

Email Address**

% Ownership Owned

Name of Property Owner 2
(e.g., the legal husband/wife/others)

Birth Date* (mm/dd/yyyy)

Driver's License, Personal ID Certificate, or Social Security Number**

Primary Phone Number (area code and number)

Email Address**

% Ownership Owned

☐ Please an "X" or check mark in the box if the ownership interest(s) identified above is less than 100 percent (100%) in the property for which you are claiming a residence homestead exemption. Provide on a separate sheet the following information for each additional person who has an ownership interest in the property: property owner's name; birth date; driver's license, personal ID certificate, or social security number* primary phone number email address; and percentage (%) of ownership interest in the property.

The Property Tax Assistance Division at the Texas Comptroller of Public Accounts created property tax information and materials for veterans, local taxing number appraisal districts and appraisal review boards.

Dan Chang, CFP®

Financial Advisor, Vice President

Mission Statement

My mission is to use my skills, knowledge, and experience to provide a broad spectrum of targeted investment services and solutions. The foundation of my business is the client. I learn what my clients need, and as I address their risk tolerance I lay out the systems, procedures, and methods tailored to those needs. I believe all financial goals are dynamic. Our annual check-ups will help us track progress.

My business is run with the same level of integrity that I expect of my own professional relationships. My main goal is to make a powerful difference in clients' lives and to help them plan to make their personal and family dreams a tangible reality.

Investment Philosophy

It is my goal to provide quality service aimed at building the net worth of my clients. In order to accomplish this goal, I will continually strive to observe the highest professional and ethical standards, act in the client's best interest and constantly seek ways to improve service while concurrently looking for ways to help clients grow their wealth.

Profile

Working in the financial services industry since 1999, Dan has gained the knowledge and experience essential to educating clients about their financial needs. He is a CERTIFIED FINANCIAL PLANNER™ professional. Dan's areas of specialization include investment planning and retirement income planning. Dan obtained his FINRA Series 7 & 66, he also has his insurance license for the State of California.

Dan graduated with a Bachelor of Science in Finance, with an emphasis in financial planning and a certificate in financial planning from Golden Gate University. A long time California resident, Dan is fluent in two languages, Mandarin and English. He has lived in San Jose for more than 20 years. Outside of the office, he enjoys traveling, working out, and discussing current events.

through other methods. Except for uses and disclosures described above, we will only use and disclose your health information with your written authorization. Subject to compliance with limited exceptions, we will not use or disclose psychotherapy notes, use or disclose your health information for marketing purposes or sell your health information, unless you have signed an authorization. You may revoke an authorization by notifying us in writing, except to the extent we have taken action in reliance on the authorization.

Your Health Information Rights

You have the right to:

- ☐ Obtain a paper copy of this notice of information practices upon request, even if you have previously agreed to receive this notice electronically,
- ☐ Inspect and obtain a copy of your health information that we maintained,
- ☐ Request an amendment to your health information under certain circumstances,
- ☐ Request a confidential communication of your health information by alternative means or at alternative locations. Please be advised that this request for alternative means or locations of communications applies only to this provider or location,
- ☐ Receive an accounting of certain disclosures made of your health information, and
- ☐ Request a restriction on certain uses and disclosures of your information. We are not required to agree to a requested restriction, except for requests to limit disclosures to your health plan for purposes of payment or health care operations when you have paid for the item or service covered by the request out-of-pocket and in full and when the uses or disclosures are not required by law.

To exercise any of these rights, please contact our Privacy Officer at the address at the end of this notice.

Changes To This Notice.

We reserve the right to change the terms of this notice and make the new terms effective for all protected health information kept by LHS. We will post a copy of the current notice in our facility and on our website, http://www.lovelace.com. You may also get a current copy by contacting our Privacy Officer at the address at end of this notice. The effective date of the notice is in the top right-hand corner of each page.

Complaints:

If you believe your privacy rights have been violated, you may file a complaint with LHS or with the Secretary of the U.S. Department of Health and Human Services. To file a complaint with LHS, submit your written complaint to our Privacy Officer at the address at end of this notice. You will not be penalized for filing a complaint.

Health Plan.	UnitedHealthcare
Provider:	Not specified with this determination
Doctor:	DR /Facility ANNE HINES
Authorization number:	A074376259
From Date	1/15/2016
To Date:	2/29/2016
Service(s):	CPT 74174 CT scan of blood vessels of the abdomen and pelvis, without and with an injection of special x-ray dye
Approved Units.	1

Dear MARY RIDENOUR.

Thank you for being a member of UnitedHealthcare. We are pleased to confirm that we have approved the service(s) shown above.

This approval does not guarantee that the plan will pay for the service(s). Please remember the following:

- You need to be a member of the plan when you get the service(s) in order for the plan to cover the service(s).
- If you leave your plan or your plan ends and you get the service(s), the plan may not cover the service(s). If that happens, you may need to pay for the service(s).
- Payment of covered service(s) may depend on other plan rules. For example, you can get the service(s) from a doctor or provider outside the plan's network. However, that provider must accept Medicare. If the provider doesn't, you may need to pay the full cost of the service(s). Please check that the provider accepts Medicare before you get the service(s).

Nutella Rice Krispy Treats

By Chef In Training March 5 2012

Three words To Die For Pin It That is how I would describe this heavenly creation. If you love Nutella, you have got to try

Ingredients

6 cups Rice K Cereal
1 (10.5 oz) bag mini marshmallows
1/4 cup butter
1 heaping cup of Nutella
TOPPING
1/2 cup milk chocolate chips
1 cup Nutella
1 Tbsp shortening

Instructions

Measure out Rice Krispies cereal into a large bowl and set aside

In a medium saucepan over medium heat, melt butter and marshmallows together until smooth

Once marshmallows and butter have melted together add Nutella and stir until well combined.

Pour marshmallow mixture over the cereal. Stir to coat evenly. Press into a greased pan.

To make topping: heat Nutella, chocolate chips and shortening in a medium sauce pan over medium/medium low heat until smooth. Spread over the top of Rice Krispy Treats

Stick in the fridge and let it set up. Once they have set, cut into them and eat up!

Nationwide Retirement Solutions

PEHP CLAIM FORM

A Post Employment Health Plan (PEHP) account is a benefit that has been established for you, your spouse, and/or your qualified dependents by your employer when you separate from service. Your PEHP account will be used to provide for reimbursement of qualified post employment expenses for medical care, including expenses for medical insurance, which are incurred during post-employment period.

If you have an account for qualifying medical care expenses, your account will be automatically paid out when you submit a claim for the following approvable medical expenses.

- Medical co-pay or deductibles which are your responsibility are not reimbursed by insurance
- Health care premiums,
- Eye care, including examinations, glasses and contact lenses
- Routine physical examinations
- Dental care, including routine dental check-ups with orthodontia and dentures;
- Hearing care, including examinations and hearing aids
- Prescription drugs

For more detailed information regarding qualified medical expenses, visit the Internal Revenue Service website at www.irs.gov.

NOTE: IN ORDER FOR YOUR CLAIM TO BE PAID OUT, YOU MUST ATTACH RECEIPTS OF PAID MEDICAL EXPENSES.

If you have account for health care insurance premiums, your account will be automatically paid out when you submit a claim for the following approvable post-employment insurance expenses

- Health care premiums
- Med care premiums (subject to plan guidelines)
- Medicare Supplemental Insurance Premiums (Medi-Gap)
- Eye care policy premiums
- Dental care policy premiums
- Prescription drug policy premiums
- Health care premiums - provided under your employer's COBRA benefits
- Long-term health care premium expense

NOTE: IN ORDER FOR YOUR CLAIM TO BE PAID OUT, YOU MUST ATTACH PROOF OF PAID PREMIUM EXPENSES

You must complete Section III if you prefer to be reimbursed directly to your bank account

You must complete Section V if you prefer to have your former employer reimbursed directly for insurance premiums they pay on your behalf

---

Mail your completed form and supporting documents to:

Single Cartridge System

The Canon Single Cartridge System provides excellent print quality and can help extend the life of the machine. The Single Cartridge System combines all of the essential print elements that are used in this easy-to-replace cartridge, simplifies maintenance by combining the toner, drum, and other parts into one unit.

EF-Toner

Energy-saving Fine Toner is designed for on-demand fusing. It melts at the right temperature and maximizes the performance for this on-demand fusing system.

Cartridge Return Program

In 1990, Canon became one of the first companies to collect and recycle used toner cartridges. Many of our cartridges are remanufactured through the recycling and energy recovery process.

The Cartridge 104 is specifically designed for use with your Canon imageCLASS® D420 Laser Multifunction Copier
It yields approximately 2,000 pages based on ISO/IEC Standard

Régie du logement

Québec

L'accès au logement et la visite

AVERTISSEMENT

Les renseignements contenus dans cette fiche-conseil le sont à titre indicatif seulement et ne sauraient remplacer la législation.

Le personnel de la Régie du logement peut vous informer sur les recours possibles pour contester une décision, la procédure applicable devant la Régie et les délais pour le faire. Il ne peut cependant vous remplacer sur la procédure en vigueur devant les autres tribunaux. Si vous avez besoin d'assistance, consultez alors un avocat ou un notaire.

Quand on offre un logement à louer ou un immeuble de logements à vendre, le propriétaire et le locataire concernés doivent observer un certain nombre de règles en ce qui a trait à la vie de ces lieux.

Même en cours de bail, le propriétaire peut avoir besoin d'entrer chez le locataire. Des règles prévoient les circonstances au cours desquelles il peut le faire et elles déterminent la façon de le faire, pour assurer le maintien de bons rapports entre les intéressés.

À louer

Vous êtes propriétaire. Votre locataire vous a avisé par écrit de la non-reconduction (non-renouvellement) de son bail à l'expiration de celui-ci. Ou encore il vous a donné un avis de 2 mois accompagné de l'attestation de l'autorité compétente mentionnant qu'il réalise son bail pour l'un des motifs suivants prévus par la loi:

- en lui a attribué un logement à loyer modique
- il ne peut plus occuper le logement en raison d'un handicap
- s'il s'agit d'une personne âgée elle est admise de façon permanente dans un centre d'hébergement et de soins de longue durée (CHSLD) ou dans une résidence pour aînés

Quand et comment pouvez-vous faire visiter le logement aux intéressés à louer?

Dès que vous avez reçu l'avis de votre locataire vous pouvez afficher « À louer » et avez le droit de faire visiter le logement. Le locataire ne peut refuser l'accès à son logement. Le locateur doit agir raisonnablement dans le respect de la vie privée, la libre jouissance du bien ou de l'inviolabilité de la demeure du locataire. Il est recommandé que le locateur et le locataire s'entendent sur les modalités de visite du logement.

Les visites doivent se faire entre 9 h et 21 h et le locataire peut exiger que vous ou votre représentant, soyez présent. Sinon, le locataire peut vous refuser l'accès.

En cours de bail

Vous pouvez avoir besoin d'entrer chez le locataire en cours de bail. Il est alors **obligatoire** de lui donner un avis (verbal ou écrit) de 24 heures. C'est votre droit de voir dans l'état du logement, mais vous devez exercer ce droit avec discernement.

La même règle s'applique si vous devez effectuer des travaux dans le logement du locataire. **Dans le cas d'une copropriété divise: l'avis peut être donné par le syndicat.** Cependant, si des travaux s'avèrent urgents et nécessaires (p. ex. fuite importante dans la tuyauterie, étincelles dans la boîte de distribution de l'électricité etc.) vous pouvez les faire exécuter immédiatement sans devoir aviser le locataire.

Les serrures

Le fait de changer les serrures ou d'ajouter un mécanisme resserrant l'accès au logement peut constituer un préjudice grave pour l'une ou l'autre des parties. Celles-ci ne peuvent donc, sans obtenir l'assentiment de l'autre partie, changer les serrures aux portes du logement, ni empêcher l'accès dans les cas permis par la loi.

À vendre

Lorsque vous mettez votre immeuble en vente, une obligation tout semblable est imposée aux deux cas d'une location.

Cependant, vous avez l'obligation de donner au locataire un **avis (verbal ou écrit) de 24 heures** chaque fois que vous voulez faire visiter un logement à un acheteur éventuel. Les visites doivent également avoir lieu entre 9 h et 21 h. De son côté le locataire peut exiger que vous, ou votre représentant, accompagnez l'acheteur au cours de cette visite.

> Sauf en cas d'urgence, la visite du logement doit se faire entre 9 h et 21 h et les travaux ayant à faire, doivent être exécutés entre 7 h et 19 h

En résumé

La propriétaire peut effectuer des vérifications au cas travaux dans le logement, il peut vendre l'immeuble ou encore offrir en location un logement dont le bail n'est pas reconduit ou a été résilié par le locataire pour l'un des motifs déjà mentionnés. Pour cela, il doit avoir accès au logement.

De son côté le locataire a droit à sa vie privée à ce titre dans votre intérêt respectif d'arriver à une entente qui vous satisfera tous les deux.

Compliments of Dave S

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you plan to itemize deductions, claim certain credits, or claim adjustments to income.

1	Enter an estimate of your 2012 itemized deductions. These may include qualified home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 10% of your income, and miscellaneous deductions	1	$
2	Enter: { $12,900 if married filing jointly or qualifying widow(er) / $8,700 if head of household / $6,450 if single or married filing separately }	2	$
3	Subtract line 2 from line 1. If zero or less, enter -0-	3	$
4	Enter an estimate of your 2012 adjustments to income and any additional standard deduction (see Pub. 919)	4	$
5	Add lines 3 and 4 and enter the total. (Include any amount for credits from the Converting Credits to Withholding Allowance Worksheet in Pub. 505.)	5	$
6	Enter an estimate of your 2012 nonwage income (such as dividends or interest)	6	$
7	Subtract line 6 from line 5. If zero or less, enter -0-	7	$
8	Divide the amount in line 7 by $3,700 and enter the result here. Drop any fraction	8	
9	Enter the number from the Personal Allowances Worksheet, line H, page 1	9	
10	Add lines 8 and 9 and enter the total here. If you plan to use the Two Earners/Multiple Jobs Worksheet, also enter this total on line 1 below. Otherwise, stop here and enter this total on Form W-4, line 5, page 1	10	

Two-Earners/Multiple Jobs Worksheet (See Two earners/multiple jobs on page 2.)

Note. Use this worksheet only if you plan to claim a total number of allowances on Form W-4 that is entitled to claim on page 1.

1	Enter the number from line H, page 1 (or from line 10 above if you used the Deductions and Adjustments Worksheet)	1	
2	Find the number in Table 1 below that applies to the LOWEST paying job and enter it here. However, if you are married filing jointly and wages from the highest paying job are $75,000 or less, do not enter more than three (3)	2	
3	If line 1 is more than or equal to line 2, subtract line 2 from line 1. Enter the result here (if zero, enter -0-) and on Form W-4, line 5, page 1. Do not use the rest of this worksheet	3	

Note. If line 1 is less than line 2, enter -0- on Form W-4, line 5, page 1. Complete lines 4 through 9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4	Enter the number from line 1 of this worksheet	4	
5	Enter the number from line 2 of this worksheet	5	
6	Subtract line 5 from line 4	6	
7	Find the amount in Table 2 below that applies to the HIGHEST paying job and enter it here	7	$
8	Multiply line 7 by line 6 and enter the result here. This is the additional annual withholding needed	8	$
9	Divide line 8 by the number of pay periods remaining in 2012. For example, divide by 26 if you are paid every two weeks and you complete this form in December 2011. Enter this amount here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck	9	$

Table 1

Married Filing Jointly			All Others		
If wages from LOWEST paying job are—	Enter on line 2 above	If wages from LOWEST paying job are—	Enter on line 2 above	If wages from LOWEST paying job are—	Enter on line 2 above

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us this information. We need it to ensure that you are not having too much or too little tax withheld. We may give the information to the Department of Justice for civil and criminal litigation, and to cities, states, and the District of Columbia for use in administering their tax laws. We may also use it in the administration of treaties with other countries and antiterrorism activities. We may give it to the Comptroller General of the United States to audit the IRS. If you do not provide us with all the information we ask for, you may have too much tax withheld. If you provide false information, you may be subject to penalties.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is: Recordkeeping, 46 min.; Learning about the law or the form, 10 min.; Preparing the form, 1 hr., 18 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. Do not send the tax form to this address. Instead, see When To File on page 1.

CyberPower®
Reliability Quality Value

CP900AVRLCD / CP1100AVRLCD/ CP1350AVRLCD / CP1500AVRLCD
User's Manual

RR1-0000000-01

IMPORTANT SAFETY WARNINGS

[SAVE THESE INSTRUCTIONS]

This manual contains important safety instructions. Please read and follow all instructions carefully during operation and operation of the unit. Read this manual thoroughly before attempting to unpack, install, or operate your UPS.

CAUTION! To reduce the risk of fire or electric shock, install in a temperature and humidity controlled indoor area free of conductive contaminants. (Please see specifications for acceptable temperature and humidity range).

CAUTION! To reduce the risk of electric shock, do not remove the cover except to service the battery. No user serviceable parts inside except for battery.

CAUTION! Hazardous live parts inside can be energized by the battery even when the AC input power is disconnected.

CAUTION! UPS must be connected to an AC power outlet with fuse or circuit breaker protection. Do not plug into an outlet that is not grounded. If you need to de-energize this equipment, turn off and unplug the unit.

CAUTION! To reduce the risk of fire, connect only to a circuit provided with 20 amperes maximum branch circuit overcurrent protection in accordance with the National Electrical Code, ANSI/NFPA 70.

DO NOT USE FOR MEDICAL OR LIFE SUPPORT EQUIPMENT! CyberPower Systems does not sell products for life support or medical applications. DO NOT use in any circumstance that would affect operation or safety of any life support equipment, or with any voltage sensitive human implant.

DO NOT USE WITH ANY MEDICAL EQUIPMENT! To reduce the risk of fire or electric shock, do not use with or near any medical equipment. Consult with your physician before using this unit with such equipment.

DO NOT USE WITH LASER PRINTERS! The power demands of these printers will overload and possibly damage the unit.

INSTALLING YOUR UPS SYSTEM

UNPACKING

Inspect the UPS upon receipt. The box should contain the following:

[1] UPS unit; [1] User's manual; [1] PowerPanel® Personal Edition software CD; [1] USB device cable; [1] Telephone cable; [1] Warranty registration card; [1] Coaxial Cable

OVERVIEW

The CP900AVRLCD / CP1100AVRLCD / CP1350AVRLCD / CP1500AVRLCD provides protected voltage regulation for inconsistent utility power. The CP900AVRLCD / CP1100AVRLCD / CP1350AVRLCD / CP1500AVRLCD features 900V CP1350/1500 Joules in surge protection, and provides battery voltage during power outages. The CP900AVRLCD / CP1100AVRLCD / CP1350AVRLCD / CP1500AVRLCD provides intelligent power to your computer system and it's protected outlets will automatically send your computer system and peripheral system during a utility power fail.

AUTOMATIC VOLTAGE REGULATOR

The CP900AVRLCD / CP1100AVRLCD / CP1350AVRLCD / CP1500AVRLCD stabilizes inconsistent utility power. The incoming utility power may be damaging or impaired data files, but with Automatic Voltage Regulation, the consumer will not experience damaging voltage levels. An Automatic Voltage Regulator automatically increases/lowers an excessive/low voltage to a consistent, computer safe 115V/230V. This safe, powerful voltage level will not cause any data loss, any of the incoming voltage drops before they can become noticeable.

Specifications

CPU	Allwinner A133 quad-core Cortex-A53 CPU
GPU	ARM Mali-G31
Memory	1GB DDR3
Storage	4GB eMMC
Display	7" IPS touch screen
Touch type	Projected capacitive, five points touch
Power	Input: 12V DC (or compatible) or 802.3af PoE
Operating System	Android 7.1
Network	WiFi 2.4G/5G, Ethernet 10/100
Wireless	Bluetooth 4.2
Audio	Built-in speaker, 2 microphones
Camera	2MP front camera
Interface	1 USB 2.0 Host, 1 USB OTG, 1 TF card slot, 1 DC power jack
Dimensions	200 x 120 x 15 mm
Weight	0.5 kg

Ensure the device is powered off before connecting the power supply. Use only the provided 12V 2A adapter. Do not operate in environments with temperatures above 40°C or below 0°C. Keep away from water and moisture. Clean the screen with a soft, dry cloth. Do not disassemble the unit; contact support for repairs. Ventilate the area during initial operation to dissipate any manufacturing odors.

Troubleshooting

Device won't power on	Check power supply connection and ensure the outlet is working. Verify the adapter is 12V 2A.
Touch screen unresponsive	Restart the device. If persistent, recalibrate the touch panel in Settings > Display.
Wi-Fi connection drops	Move closer to the router. Switch to 2.4GHz band if 5GHz is unstable. Forget and reconnect the network.
Bluetooth pairing fails	Ensure the peripheral is in pairing mode. Remove old pairings and retry.
Audio is distorted	Lower the volume. Check for obstructions near the speaker grille.
Boot loop	Perform a factory reset via Settings > System > Reset.
Slow performance	Clear cache and uninstall unused apps. Free up storage space.
Camera not working	Check permissions in Settings > Apps > Camera. Restart the device.
Charging slowly	Use a high-quality cable and adapter. Avoid charging while using heavy applications.
Error code E01	Contact support with the device serial number.
Error code E02	Contact support with the device serial number.
Error code E03	Contact support with the device serial number.

lators and Homework Help

e is time to solve your math problem

Solving System of Linear Equations (lesson 1 of 5)

Substitution Method

All Lessons

Algebra

- Roots and Radicals
- Complex Numbers
- Polynomials
- Rational Expressions
- Solving Equations
- Systems of Equations
  - Substitution Method

The substitution method is most useful for systems of 2 equations in 2 unknowns. The main idea here is that we solve one of the equations for one of the unknowns, and then substitute the result into the other equation

Substitution method can be applied in four steps

Step 1:

Solve one of the equations for either x = or y =

Step 2:

Substitute the solution from step 1 into the other equation

Item 1

Which layer of the TCP/IP model corresponds with the OSI Transport layer?

Item 2

Which information does the first part of a MAC address assigned to a network card indicate?

Item 3

Which protocol uses ports 67 and 68?

BCI Predictive

LOW Likelihood of Benefit

LOW LIKELIHOOD OF BENEFIT

FROM EXTENDED ENDOCRINE THERAPY[2]

[illegible]

Test Description and Clinical Evidence

BCI is a [illegible] gene quantitative RT-PCR assay that provides two outputs based on unique gene expression signatures: BCI Prognostic [illegible]

BCI Predictive provides a prediction of likelihood of benefit from extended (>5 years) endocrine therapy (EET).[2] Patient results for [illegible] as either High or Low Likelihood of Benefit. BCI Predictive was validated in the NCIC-C [illegible] MA.17 trial.[2,4]

BCI Prognostic provides an individualized estimate of [illegible] risk for distant recurrence in the late (5-10 years post-diagnosis) [illegible] risk category is provided based on pre-specified [illegible] cohorts.[3]

Independent validation data of BCI Prognostic in TransATAC[3]

Risk of recurrence for lymph node-negative patients from years 5-10 by BCI risk groups in TransATAC[3]

[illegible]

Risk of recurrence for lymph node-negative patients from years 0-10 by BCI risk groups in TransATAC[3]

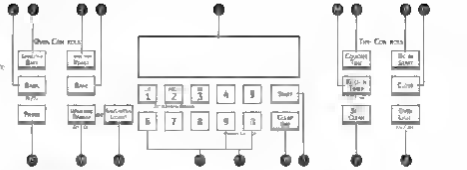
HELLO
YES, THIS IS DOG

Using the oven controls.

(Throughout this manual, features and appearance may vary from your model.)



Features, appearance ...

Oven Control, Clock, Timer and Features *(on some models)*

1. **Bake Pad**
Touch to select the bake function.

2. **Broil Hi/Lo Pad**
Touch to select the broil function.

3. **Convection Bake Multi/1 Rack Pad** *(on some models)*
Touch to select baking with the convection function.

4. **Convection Roast Pad** *(on some models)*
Touch to select roasting with the convection fan.

5. **Start Pad**
Must be touched to start any cooking or cleaning function.

6. **Display**
Shows the time of day, oven temperature, whether the oven is in the bake, broil or self-cleaning mode, the times set for the timer or automatic oven operations and if the range is locked.

If "F" and a number or letter" flash in the display and the oven control signals this indicates a function error code. *Touch the* ***Clear/Off*** *pad. Allow the oven to cool for one hour. Put the oven back into operation. If the function error code repeats, disconnect the power to the oven and call for service.*

If your oven was set for a timed oven operation and a power outage occurred, *the clock and all programmed functions must be reset.*

The time of day will flash in the display when there has been a power outage.

7. **Self Clean Pad**
Touch to select self-cleaning function. See the *Using the self-cleaning oven* section.

8. **Oven Light On/Off Pad**
Touch to turn the oven light on or off.

9. **Delay Start Pad**
Use along with ***Cooking Time*** or ***Self Clean*** pads to set the oven to start and stop automatically at a time you set.

10. **Cooking Time Pad**
Touch and then touch the number pads to set the amount of time you want your food to cook. The oven will shut off when the cooking time has run out.

11. **Clear/Off Pad**
Touch to cancel **ALL** oven operations except the clock, timer and Gas/Control Lockout or Control Lockout (depending on model).

12. **Clock Pad**
Touch before setting the clock.

13. **Number Pads**
Use to set any function requiring numbers, such as the time of day on the clock, the timer, oven temperature, the internet food temperature, the start time and length of operation for timed baking and self-cleaning.

14. **Kitchen Timer On/Off Pad**
Touch to select the timer feature.

15. **Probe Pad**
Touch when using the probe to cook food.

16. **Gas/Control Lockout Pad** *(on some models)*
Touch and hold the ***Gas/Control Lockout*** pad for 3 seconds to lock/unlock the surface burners, oven burners and control panel so they cannot be activated.

17. **Control Lockout** *(on some models)*
The control lockout is 9 and 0. Touch and hold 9 and 0 pads at the same time for 3 seconds.

18. **Warming Drawer On/Off Pad** *(on some models)*
Touch this pad and then touch number pads 1 3 to use the warming drawer. See the *Using the electric warming drawer* section.

"GREAT REP"

• Believes in what she/he is doing! Has the mind set: "I really enjoy this and I am fully committed!" No toes in the water – DIVES IN!

• Work Ethic – No matter what – No one in my office or the competition will OUTWORK me!' Best way to beat the competition is get to the customer first!

• The Best – Relentless determination to be considered a Top Performer amongst your peers – the ultimate honor.

• Resilient! – A great Rep is never down for long – Shakes Off defeat and doesn't let inside issues effect his/her productivity

• Change – wants and embraces new technology products – concepts.

• Hates to Lose – Fierce competitor with an athletes instinct.

• Speed – A great Rep is diligent and detailed, but beats others to the punch – wants the gratification of getting it done today!

• Attitude – A great Rep "just won't quit, wants the team to win – drives camaraderie and is a pleasure to be around!

• Blames Him/Her Self – A great Rep holds themselves responsible – doesn't finger point. Puts their energy towards a solution "A Self Motivator"

• The Customer – says "WOW" when the great Rep leaves their office. He/she was

Well Prepared! Knowledgeable! Well Dressed! A Pro!

See all of you in the Winners Circle!!!!!

Amazing Slow Cooker Chocolate Cake

allrecipes.com

Rated ★★★★

Submitted By: blancdeblanc

Prep Time: 20 Minutes

Cook Time: 3 Hours

Ready In: 3 Hours 50 Minutes

Servings: 12

"A rich moist chocolate cake made easily in the slow cooker."

INGREDIENTS

- 2 cups white sugar
- 1 3/4 cups all-purpose flour
- 3/4 cup unsweetened cocoa powder
- 1 1/2 teaspoons baking soda
- 1 1/2 teaspoons baking powder
- 1 teaspoon salt
- 2 eggs
- 1 cup milk
- 1/2 cup vegetable oil
- 2 teaspoons vanilla extract
- 1 cup boiling water

DIRECTIONS

1. Spray crock of a large slow cooker with cooking spray.
2. In a medium bowl, whisk the sugar, flour, cocoa, baking soda, baking powder and salt. In a separate small bowl, whisk together the eggs, milk, oil and vanilla until well combined. Whisk in the boiling water. Pour the wet ingredients into the dry and mix well.
3. Pour the cake batter into the prepared slow cooker.
4. Set slow cooker to "Low". Cook until cake has no wet spots on top and has pulled away from the sides of the crock, about 3 hours. Turn off slow cooker and allow cake to rest for 30 minutes before serving.

Shutt off unnecessery services!

Windows XP and Windows Vista alike come LOADED with services that most of us will never use. Why let those services shut up resources while you're busy annihilating your opponents?

This guide is for evidence XP Only!

As long as you know my directions nothing that can happen to your system. Please keep in mind it's very easy to screw things up if you don't know what you're doing so don't go shutting off random services!!!

1. Click on Start -> Run -> type in services.msc

2. Please sort the list by Startup Type by clicking on the Startup the once

Automatic Updates - This service is required to download evidence updates from Microsoft. You can disable if that download them manually via the web. Safe to disable? YES

Clipbook Viewer - If you're heavy into cutting 'n' pasting random snippets to others on the LAN, the to your baby. If not, it's safe enough to fire it up on the few occasions it is random. Safe to disable? YES

DNS Client - This is only required if you use dial up, if you're on broadband please service the service. Safe is disable? YES.

Error Reporting Service - This is responsible for the box that pops up wanting you to report an application fails or system crash to Microsoft. Safe to disable? YES.

Fast User Switching - Supplies the "Switch User" functionality associated with the logoff option. It's a that touch a you really do have that many users that are constantly switching in shut out of the same box. Safe to disable? YES

Help and Support - This evidence to the online help via Microsoft evidence Safe the Help and Support option on the Start Menu. Safe to disable? YES

Messenger - This is Microsoft's attempt of requiring everyone to use [illegible] Messenger. Even if you use Live! Messenger this a safe to disable that is recommended. Safe to disable? YES

Network DDE and Network DDE DSDM
- The only thing known know know services if that they are disable to the above mentioned Clipbook service. Safe to disable? YES.

Remote Registry - Do you want someone editing your registry remotely? I didn't think so. Disabled Safe to disable? YES.

Routing and Remote Access - This may sound necessary but it isn't. online LAN that WAN dial in access to the computer. Safe to disable? YES

Security Center - This is for people who don't know what their doing. It is an app that lets you know if you have a firewall/spyware services. If you are confident know your security disable this. Safe to disable? YES

SSDP Discovery Service - Remember a UPnP disable is useless (not inside the computer. Safe) that a part of the local network. Absolutely unnecessary. Safe to disable? YES.

System Restore Service - I've personally never that success with this service so always service it. It is a resource hog, it is constantly caching restore Safe to your Safe drive. Safe to disable? AT YOUR OWN [illegible]

Telephony - Basically service local dialup activity that in some cases DSL/Cable activity. I've that the disabled on my broadband broadband for the past 3 years. Safe to service? YES

Telnet - A remote login "feature" that is a major security that. Unless you have a specific access to use this, keep it disabled. Even Microsoft has changed the service to Disabled with the service of SP2. Safe to disable? YES

Terminal Services - If you use Remote Desktop (including RD for Administrators), Fast User Switching Remote Assistance or the Terminal Server service, keep the enabled. If not, service. Safe to disable? YES

Web Client - I haven't been that to know anyone that can tell me whether this service is service or not. I've had it Disabled Manual, that Automatic with no conclusive evidence. It's a crapshoot. Safe to service? YES

Wireless Zero Configuration - For services network adapters. If you're wired, disable this. Safe to disable?

DMV Facts

- In order to obtain a motorcycle permit study the Motorcycle Manual so you can pass the written motorcycle test
- Once you've studied you can appear at a local DMV office that administers written tests with your filled-out Form MV-44 and the $21 permit fee.
- To pass the written test, you must give the correct answers to at least 14 of the 20 multiple-choice questions
- After taking and passing the written motorcycle test, the DMV will issue you a Class M learner's permit.
- This permit is valid for one year and may be renewed once without retaking the test.
- The Class M permit allows you to drive a motorcycle as long as a driver 21 or older with a valid motorcycle license supervises you and remains within ¼ mile of you at all times
- If you do not have a valid New York State driver's license, you'll need to study two manuals – the Motorcycle Manual and the Driver's Manual – and take both written tests. In addition, you will be required to take either a five-hour pre-licensing course or a full driver education course before you can make your road test appointment.
- If you take the road test on a [illegible] motorcycle license will be restricted to driving three wheel[illegible] If you [illegible] ride the road test in a [illegible] motorcycle you will ride three wheeler but will [illegible] this [illegible]

Lorem Ipsum

"Neque porro quisquam est qui dolorem ipsum quia dolor sit amet, consectetur, adipisci velit..."
"There is no one who loves pain itself, who seeks after it and wants to have it, simply because it is pain."

What is Lorem Ipsum?

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Why do we use it?

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like).

Where does it come from?

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from a line in section 1.10.32.

Where can I get some?

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-characteristic words etc.

The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 1.10.32 and 1.10.33 from "de Finibus Bonorum et Malorum" by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham.

HOLE IN ONE FULFILLMENT RESPONSIBILITY AFFIDAVIT

Forward this document to your hole in one contest administrator

NOTE: Do not return this document to American Hole 'n One. It is for the benefit of the sponsor(s) and tournament director only

Dear Tournament Director:

We are pleased to provide hole-in-one prize fulfillment for your golf tournament. The following stipulations and execution requirements apply in order to there to be valid prize fulfillment under the terms and conditions of the hole in one prize fulfillment contract provided by American Hole 'n One (AHNO)

These execution requirements are provided only as reminders are not all inclusive and do not exceed or replace the terms and conditions of the contract between AHNO and the client.

Important execution requirements per the terms & use (Please Include, but are not limited to:

1 YARDAGE: Signage provided for you by or driven by AHNO states his prize and is always a hole number and minimum yardage. The main prize hole(s) must play from the minimum yardage as per the contract and printed on the prize sign(s) regardless of tee box locations. IMPORTANT: It may be required to move the tee boxes for the correct yardage as required by the contract prior to the start of the tournament. (There is no maximum yardage requirement on bonus prize holes.)

2 WOMEN GOLFERS: On main prize hole(s), women may play from a maximum of 15 yards closer than men to a minimum distance of 135 yards, regardless of tee box locations. IMPORTANT: Women's tee boxes may be required to be moved to the correct distance prior to the start of the tournament. (On bonus prize hole(s) women may play from the ladies tees.)

3 HOLE #: The signs provided by AHNO must be displayed in the correct hole number as stated on the contract. Tournament officials are responsible for confirming the prizes are displayed on the correct hole numbers. There is no valid prize fulfillment for a main prize placed/displayed on an incorrect hole number.

4 WITNESS REQUIREMENTS: Two non playing witnesses (aged 18 or older) are required on each main prize hole. One witness must be positioned on the tee and one on the green in a location that allows the witness to clearly see the tee and full of the golf ball and the ball go into the hole. All eligible hole in one shot attempts must be in the presence of the witnesses to be eligible for prize fulfillment. The two witnesses must be able to verify that every golfer shooting from the minimum distance required per the contract. (Bonus prize holes do not require witnesses.)

5 NO-MULLIGANS: No mulligans or practice shots are allowed at any time on a main prize hole. Each golfer may have a maximum of one attempt regardless of the outcome of the shot. A golfer who is rounding out a foursome by taking an extra shot for the team is only eligible on his or her first shot. (Mulligans may be taken on bonus prize holes, but prizes are only awarded for their first shot.)

6 AMATEUR GOLFERS ONLY: Hole in one prize fulfillment is valid for amateur golfers only (according to USGA guidelines), unless declared prior to tournament and stated on contract issued by AHNO.

7 NUMBER OF GOLFERS: AHNO must be notified prior to the tournament if the number of golfers varies by more than 5% from the number of players listed on the contract. (A maximum of 5% variance is permitted without contacting AHNO.)

8 TOURNAMENT PLAY ONLY: Prizes and signs are for tournament-event play only. Signs should be placed at the holes immediately prior to the event and should be removed after the final player has played a par 3 hole. No fulfillment will be considered for players who are not part of the non-tactical tournament or event.

9 EVENT CANCELLATION: If the event is cancelled or rescheduled you must contact AHNO as soon as possible and no later than the first business day following the originally scheduled event date.

10. PRIZE FULFILLMENT FOR A HOLE 'N ONE: Any eligible golfer successfully makes a hole in one on any prize hole. Immediate telephone notification must be made to the AHNO claims department (800-222-3537) no later than the first business day following the event. A signed affidavit and/or polygraph test by a professional polygraphist may be required from witnessed and/or tournament administrators to verify the facts of the claim.

Failure to meet any of the above requirements will invalidate your Hole in One prize contract, and without such contract AHNO is under no obligation to provide the hole in one prize.

Tournament Director Signature _____ Date _____

NOTE: Do not return this document to American Hole 'n One. It is for the benefit of the sponsor(s) and tournament director only

Differentiate yourself from the competition

Help your clients understand RESP estate planning strategies

An often-overlooked component of an estate plan is the effect that the death of a sole subscriber will have on a Registered Education Savings Plan ("RESP"). Without proper planning, the executor of the will or the administrator of the estate of the deceased RESP subscriber may be legally required to terminate the RESP. Termination will probably frustrate the subscriber's intention, generate a family dispute, and create an unexpected tax obligation for the estate, or might result in forfeiture of all RESP earnings.

Floyd Gradley,
Estate and trust lawyer, Tax and Estate Planning Team

Starting with the introduction of the Canada Education Savings Grant ("CESG") in 1998, the government has been enhancing RESPs in order to encourage saving for the increasing cost of education. Increases to annual government grants, the lifetime contribution limit, and the longevity of RESPs, plus removal of the annual contribution limit, have improved the RESP as an educational savings vehicle.

There is no doubt that, as a result of the enhancements, RESPs have become very common. We can therefore, expect that it will also become common to encounter RESPs during the administration of estates and that those RESPs will be increasingly valuable. By ensuring that RESPs are included in a complete estate plan, advisors have a tremendous opportunity to help their clients avoid undesirable results when the subscriber dies.

The starting point is to help clients understand that RESP contributions belong to the subscriber and that, subject to the RESP contract, the subscriber can receive return of those contributions at any time. In addition, the subscriber may have the right to receive earnings from contributions and from CESGs if certain conditions are met (in the form of an Accumulated Income Payment, discussed below).

The RESP contributions and earnings do not belong to the RESP beneficiary. The beneficiary will only receive a payment from the RESP if certain conditions are met and if the subscriber authorizes the payment. Therefore, upon the death of the subscriber the RESP beneficiary is not entitled to the RESP.

> Advisors are finding an increasing number of estate administration issues cropping up with respect to RESPs

Instead, the RESP becomes part of the subscriber's estate and is administered according to the RESP contract and the law that governs RESPs and estate assets. That law includes the *Income Tax Act, Canada*. However, the *Income Tax Act* only establishes when and how a successor subscriber can preserve an RESP. It does not determine who has the legal right to become the successor subscriber.

The next step is to help clients understand what can occur if their estate plan does not facilitate the determination of a successor subscriber. A hypothetical scenario may illustrate the issues that can arise.

Linda's mother, Maggie, died recently and Linda is the executor of the will. Linda, and her siblings, Jack and Heather, are equal estate beneficiaries. Linda

Fax Hardware Test	PASS
Fax Connected to Active Telephone Wall Jack	PASS
Phone Cord Connected to Correct Port on Fax	PASS
Using Correct Type of Phone Cord with Fax	PASS
Dial Tone Detection	PASS
Fax Line Condition Test	FAIL

Your fax line has a weak signal.

Please check the items below then rerun this test.

Other equipment sharing the fax line can reduce the signal strength.

Disconnect any equipment which is sharing the fax line (including extension phones, answering machines and dial-up PC modems).
If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack.

If the Fax Line Condition test still fails, contact your phone service provider to have the fax line checked.

Refer to your User Guide for more information on the fax test and settings.

Instructions on how to rerun this test:
Step 1: Choose the "Fax" menu
Step 2: Choose the "Settings" menu
Step 3: Choose the "Advanced Settings" menu
Step 4: Choose the "Fax Reports" menu
Step 5: Choose the "Fax Test Report" menu

Cobertura de la Garantía

1. Hewlett-Packard México, S. de R.L. de C.V. (HP) garantiza al cliente usuario final que el producto al que se refiere esta garantía estará libre de defectos de fabricación y de mano de obra por el término arriba indicado, contado desde la fecha de compra del producto por parte del usuario final original o un distribuidor o intermediador debidamente autorizado por HP.
2. Para los productos de software, la garantía limitada de HP se aplica únicamente a la incapacidad del programa para ejecutar las instrucciones.
3. La presente garantía cubre únicamente aquellos defectos que surjan como resultado del uso normal del producto y no por aquellos que resulten:
   a) Cuando el producto se hubiese utilizado en condiciones distintas a las normales;
   b) Cuando el producto no hubiese sido provisto de mantenimiento en el instructivo de uso que se le suministra;
   c) Cuando el producto hubiese sido alterado o reparado por personas no autorizadas por el fabricante, proveedor garantizado o intermediador responsable respectivo.
4. Si el cliente (usuario final) durante el período de garantía, pusiese en conocimiento de HP la existencia de los defectos del/los componente, HP podrá, según prefiera, reparar o reemplazar el producto o sus componentes defectuosos. Cualquier producto reemplazado será reparado o reemplazado de manera que garantice su funcionamiento de acuerdo a las especificaciones del mismo.
5. Los gastos de transportación generados en lugares dentro de la red de servicio de HP en los Estados Mexicanos para dar cumplimiento a esta garantía serán asumidos por Hewlett-Packard. Los gastos de transportación para llevar el producto al Centro de Servicio HP serán cubiertos por el cliente.
6. Para hacer válida su garantía sólo se deberá comunicar al Centro de Asistencia Telefónica de HP y seguir las instrucciones de un representante, quien le indicará el procedimiento a seguir.

Geology Main office David King Hall, Room 3042, 703-993-1043

Mandatory Text Earth, An Introduction to Physical Geology, Tarbuck and Lutgens, 10th ed

Course Objectives.

To develop your ability to comprehend, analyze and think in a scientific manner

To give you an understanding and appreciation for the basic concepts of geology and the physical world in which we live using an Earth Systems Science approach.

To share with you the joy, wonder and awe that geologists experience in studying the processes/and products that shape our world!

Instruction sheet for Impreso® Greeting Card Products

Tips for getting the best prints from Impreso® Brand Greeting Cards & Envelopes

Required Equipment

- Creative Software
- Ink Jet Printer
- Plain Paper
- Impreso Greeting Cards & Envelopes

Design Your Greeting Card

- Utilizing your favorite creative software, following the instructions to design your greeting card.
- Use photos you have scanned, or directly from your digital camera

Printing Your Greeting Card

- For 1/2 fold Greeting Card, it is necessary to print both sides of the paper
- (For Photo or Matte Coated Greeting Cards, please refer to your printer loading instructions)
- Place one (1) sheet of Impreso Greeting Card in your printer, print your cover design
- Remove the Greeting Card from the printer tray. Place the Greeting Card back in the printer so that the blank side will be printed
- Tip Using a plain piece of paper, test how the paper should be loaded to insure proper printing

Printing Your Envelope

- Envelope printing varies by printer model and software Please refer to your owners manual for tips on printing your envelopes.

FAMILY DOLLAR

Team Member Handbook and Addendums

ACKNOWLEDGMENT

I ACKNOWLEDGE THAT I HAVE RECEIVED AND/OR MY MANAGER HAS EXPLAINED TO ME HOW I CAN OBTAIN AN ELECTRONIC COPY OF THE FAMILY DOLLARS TEAM MEMBER HANDBOOK ("HANDBOOK") AND ANY OTHER LINE OF BUSINESS OR STATE SPECIFIC ADDENDUMS. I UNDERSTAND THAT IT IS MY RESPONSIBILITY TO READ AND COMPLY WITH THE PROVISIONS OF THE HANDBOOK AND ANY OTHER ADDENDUMS. I UNDERSTAND THAT THE POLICIES, DOCUMENTS AND GUIDELINES CONTAINED IN THIS HANDBOOK AND ADDENDUMS SUPERSEDE AND REPLACE ANY AND ALL PRIOR TEAM MEMBER OR EMPLOYEE HANDBOOKS. I ALSO AM AWARE THAT FAMILY DOLLAR, AT ANY TIME, MAY CHANGE, ADD TO, OR DELETE FROM THE PROVISIONS OF THE COMPANY POLICIES, DOCUMENTS OR GUIDELINES.

I ACKNOWLEDGE THAT I HAVE REVIEWED THE COMPANY'S HARASSMENT POLICY. I FURTHER ACKNOWLEDGE THAT THE POLICY HAS BEEN EXPLAINED TO ME, THAT I HAVE BEEN GIVEN AN OPPORTUNITY TO ASK ANY QUESTIONS I MAY HAVE, AND THAT I UNDERSTAND ITS TERMS AND PROVISIONS. I AM AWARE THAT IF, AT ANY TIME, I HAVE QUESTIONS REGARDING FAMILY DOLLAR'S COMPANY POLICIES I SHOULD DIRECT THEM TO MY MANAGER OR THE HUMAN RESOURCES DEPARTMENT.

I KNOW THAT FAMILY DOLLAR'S HANDBOOK, ADDENDUMS, COMPANY POLICIES AND OTHER RELATED DOCUMENTS AND GUIDELINES DO NOT FORM A CONTRACT OF EMPLOYMENT AND ARE NOT A GUARANTEE BY FAMILY DOLLAR OF THE CONDITIONS AND BENEFITS THAT ARE DESCRIBED WITHIN THEM. NEVERTHELESS, THE PROVISIONS OF SUCH FAMILY DOLLAR COMPANY POLICIES, DOCUMENTS AND GUIDELINES ARE INCORPORATED INTO THE ACKNOWLEDGMENT, AND I AGREE THAT I WILL ABIDE BY ITS PROVISIONS.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes cannot open files because they don't have the applications used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating system. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Test fax from Circuit ID

INTERPAGE™ NETWORK SERVICES INC

Phone: +1 (650) 331-3900 • Fax: +1 (650) 292 1600 • www.interpage.net

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax™ Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s)

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this brief fax transmission result.

This file is a sample MS Word file,
many other file types are supported.

If you have any questions regarding Interpage's OutFax™ Service, including the FaxUnlimited™ service with no per-use or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time
E-Mail: inet-support@interpage.net
Web http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personal text text messages; only the above Cast service message will be transmitted. You may establish a trial account for non-native purposes by filling out the enclosed form on page 2, and clearly indicating a valid e-mail address and complete telephone number. Please call (510) 315-2750 for additional details

2. This fax is not a solicitation nor is as an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two faxes in a given week, however if you find that someone is sending your faxes in a conscientious and abusive manner please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Other Interpage Free service trials:

Does your voicemail call you?

Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers!

Multiply the value of your old pager!

Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out cellphone number? Would you like to schedule, send and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpage's DirectPage service!

Know for sure that urgent alerts are received!

OutVoice text-to-speech and WAV file telephone dialout/broadcast verbally notifies landlines and cellphones, and can prompt the recipient to confirm receipt so sender can be certain that alerts are received!

T-Belt Conveyor

Dragon Service Center 3000 S.W. 45th Arlington TX 76005

GENERAL UNIT DESCRIPTION

T-Belt Conveyer is capable of loading and transferring fine sand from seven Sand Dragons™ or T-Belt vans to a fleet of two blending units with a swivel discharge. Unit will convey 35 000 lbs of sand per minute.

UNIT DIMENSIONS

Height – 12'-6"
Length – 53'
Width – 8'-8"

POWER SYSTEM

- Redundant power with (2) John Deere 125 Hp Turbo Diesel Engines with a 200 gallon fuel tank.
- A redundant hydraulic system each is installed on the flywheel of each engine
- Hydraulic motor with Dodge gear reducer mounted on the head pulley
- 120 gallon hydraulic reservoir with suction strainers, sight glass and return filters
- Hydraulic oil cooler
- Cold weather oil warming kit (option)

CONVEYOR SYSTEM

- Hydraulically driven single 36" wide, cross rigid lease belt with 3" sidewall and cleats
- Large head and take up pulleys, hydraulic powered discharge chute
- Hydraulic levelling legs
- Automatic greaser system
- Removable "Chicken Wire" covers for filtering stones / large debris from sand (option)

CONTROL SYSTEM

An operator control console is installed on the unit. The control panel has a weather resistant cover. All controls and gauges are properly marked at the console with the following controls and gauges:

- Two engine display modules showing RPM/oil pressure/coolant temp/hours/fault codes
- Two engine start/stops/throttle/hydraulic pressure
- Conveyor speed control (0-900 fpm)
- Levelling leg control (x3)
- Remote discharge position control

The Dark End Of The Street chords
James Carr (Penn/Moman 1966)

G

```
       G          D       Em
At the dark end of the street,
       G          D       Em
that's where we always meet
            G
Hiding in shadows,
          C       D G
Where we don t belong
          C
Living in darkness
   D          G
to hide our wrong

C       G
You and me  at the
C          D       G
dark end of the street
C       G    D
You and Me

        G
I know time is,
      D              Em
Gonna take it's toll
            G
We have to pay for
      D                 Em
the love that we stole
        G
It's a sin and
     C     D     G
we know it's wrong
              C
Oh  but our love,
       G           G
keeps coming on strong

C       G
Steal away  to the
C          D       G
dark end of the street
C       G    D
Uuuuuuuuuu

                  G
They're gonna to find us
                  D
They're gonna to find us
                  Em
They're gonna to find us
C         G
Lord, someday
```

AVAILABLE NOW!

Orchids Care

Remember that orchids are used to sitting high on trees, with their roots long and free. Give them plenty of clean air, moisture, water from the sky and just the right light under the canopies.

When Flowering
Feeding
Feed With 20-20-20 fertilizer at a rate of 1 gram per liter every other watering

If the plant seems to lose its luster, you can always mist it with the same rate of fertilizer (only the plant, not the flowers). Misting can be done several times a day as long as you make sure there is no run-off and no standing water on the leaves.

Watering
Do not let the soil dry out, evenly moist is the ideal state

Because conditions vary in each household or office, lift the plant daily to see if it is top heavy. The pot should feel heavy versus the rest of the plant

Water should not be dripping from the bottom, nor should it be sitting in an enclosed container holding water. The holes in the bottom of the pot are there for exactly that reason—good drainage

When Flowering Is Finished
Pruning
When all flowers have dropped off, cut the stem 2 inches (5 centimeters) above the leaves. This will give the plant the chance to flower from the base and from the stem. If you cut the stem much higher the new spike will be thinner and will not be able to support as many flowers. If you cut the stem much shorter it will not flower from that stem only from the base. This way you will give the plant the opportunity to have multiple spikes as the years go by

Feeding
The feeding in this period is stronger. Use the same fertilizer at the same strength but with every watering. If you lose roots (they turn dull and lose the green tip), mist daily for two weeks

Repotting
This is also the time to repot the plant if needed. Remember that it is normal for the roots to hang all over the place; they are looking for moisture, air and light.

If repotting, use bark in the mixture and make it porous. Your garden center can supply orchid mixes.

The only reason to repot an orchid is to freshen the orchid mix, not the size of the pot. This is a plant that needs a much smaller container then the plant itself. If you place it in a lot of soil in a huge pot, the roots are never going to find their way to the light and will rot on the way

When Will It Flower Again?
It will flower naturally if you have cooler nights once you cut off the spikes and the plant has had the opportunity to put an eye or two new leaves. Move the plant outside in the evening or to a cooler room for the night. If your home/office is the same temperature 24 hours a day or hotter at night to save energy, you might as well buy a new plant (which is fine with us). Ideal day temperature is 77 to 86 degrees F., and at night 65 to 72 degrees F

Looking for More Information?
If you require more information or, as we hope, get serious with your orchid habit, a good place to look is www.orchidweb.org.

ANTRONIX
CONNECTING THE WORLD OF COMMUNICATIONS

MULTIMEDIA ADVANCED RESIDENTIAL AMPLIFIER

INSTALLATION INSTRUCTIONS

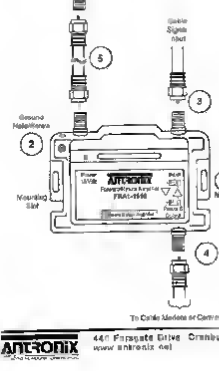
FRA Residential Amplifier
- 5 - 1000 MHz Bandwidth

Contents
- FRA Residential Amplifier
- Wall outlet power adapter

Hardware Not Included
- Mounting screws (#6)
- Power inserter (ARPE-2001)
- Coaxial cables

Local Powering

1. Mount the FRA amplifier with two #6 screws using the Mounting Slots on the amplifier.
2. To ground the FRA amplifier loosen a #6 - #14 gauge ground wire on the Grounding Hole and use a #2 Phillips head screwdriver to secure it to push with the Ground Screw.
3. Connect one end of a coaxial cable from the output of the splitter to the IN port of the FRA amplifier.
4. Connect one end of a coaxial cable to the RF OUTPUT port to the subscriber's cable modem, TV converter or other 2-way terminal device.
5. Connect one end of a coaxial cable to the POWER 15Vdc port of the FRA amplifier and the other end to the wall outlet power adapter. The cable must not exceed 100 feet (30 meters).
6. Plug the wall outlet power adapter into a power outlet. The green LED will illuminate if properly installed.



INSTALLATION INSTRUCTIONS

Remote Powering (Using Optional Power Inserter)

1. Mount the FRA amplifier with two #6 screws using the Mounting Slots on the amplifier.
2. To ground the FRA amplifier insert a #6 - #14 gauge grounding wire into the Grounding Hole and use a #2 Phillips head screwdriver to secure it to push with the Ground Screw.
3. Connect one end of a coaxial cable from the cable system to the IN/OUT port of the FRA amplifier.
4. Mount the Power Inserter using two #6 screws. To ground the Power Inserter insert a #6 - #14 gauge grounding wire into the Grounding Hole of the Power Inserter and use a #2 Phillips head screwdriver to secure it to push with the Ground Screw.
5. Use coaxial cables to connect the TO TV port of the Power inserter to the subscriber's cable modem, TV converter or other 2-way terminal device.
6. Use a coaxial cable to connect the TO AMP port of the Power Inserter to the POWER & OUTPUT port of the FRA amplifier.
7. Connect one end of a coaxial cable to the POWER IN port of the Power Inserter and the other end to the wall outlet power adapter. The cable must not exceed 100 feet (30 meters).
8. Plug the wall outlet power adapter into a power outlet. The green LED will illuminate if properly installed.

DIALYSIS OF FBS TO REMOVE AMINO ACIDS

Reagents	Materials
~FBS (8 liters)	Dialysis Tubing 3500 MWCO (Fisher Scientific #21 152-9 is 3cm wide)
sterile ddH_2O	4-liter beaker containing 4-liters of ddH_2O (with a stir bar)
FBS	stirber & stirplate
	Dialysis clips (7.5cm)
	Funnel (sterile)

General information on dialysis.

- Handle tubing only with powder free gloves to avoid getting skin oils on membrane.
- Dry/packaged dialysis tubings generally contain some heavy metals and glycerin. Repeated soaking in water removes the glycerin boiling the tubing will also remove the glycerin
- Recommended buffer volume is 10-times the volume of the sample in the tubing
- Although diffusion rate is somewhat reduced in the cold, almost all protein dialysis is conducted at 4°C to enhance protein stability
- If not used immediately, tubing should be stored covered at 4°C in water containing 0.1% sodium azide. Once wetted, the membrane should not be allowed to dry out.

Procedure

1) Calculate the volume of amino-acid free FBS needed. Fisher tubing #21-152-9 used in this 6.7ml/cm tubing. Add an extra 5-10cm to allow for the dialysis clips
2) Place tubing in 4-liter beaker containing 4-liters of ddH_2O with a stir bar. Make a foil lid and autoclave tubing in beaker
3) Wearing gloves, Remove tubing with plastic forceps (careful not to puncture membrane!)
4) Clip the bottom of the dialysis tubing with a weighed dialysis clip. Take care to make sure there are no folds in the membrane.
5) Fill tubing about 3/4 full with sterile ddH_2O. Gently squeeze tubing from the top to inspect for leaks in the tubing or at the bottom of the clip.
6) Pour out ddH_2O and use a funnel to add FBS. Clip top of tubing with non-weighted dialysis clip. Check for leakage at both ends by applying a small amount of pressure to the sample area.

The Steak House

"Man, did I have a great steak at that new restaurant downtown yesterday!" Ken told his golf buddies.

They all agreed to check it out after their round and see if was as good as he claimed.

They got a table near the back of the restaurant, ordered a steak each, but to their disappointment, the waiter delivered some of the smallest steaks they'd ever seen.

The embarrassed man told the waiter, "What's going on? Yesterday you served me a great big juicy steak. Today, when I bring all my friends along, you serve us miniature steaks! What's the deal here?"

"Ah, yes, sir," replied the waiter, "I remember you. Yesterday you sat by the front window!"

This is NOT a test — Just the FAX, ma'am! No trees were harmed in creating this FAX

1 Open Adobe Acrobat 6 0 or Acrobat 7 0
2 Click File > Create PDF > From Multiple Files
3 Click Browse to locate the PDF files to be combined Double click a PDF file to add it to the list, or use the [Ctrl]-click combination to select multiple files in the same directory and then click Add
4 To change the order of files in the list, select the appropriate PDF and click Move Up or Move Down as needed
5 Click OK when all of the files to be combined have been added and are in the desired sequence
6. Click File > Reduce File Size Change the "Compatible with field to "Acrobat 4.0 and later"
7 Click OK
8 Enter the desired filename and click Save

Using Adobe Acrobat 5 0
Acrobat 5 0 allows you to combine multiple PDF files with the Insert Pages command To insert a PDF document into a currently opened PDF document
1 Open the target document
2. With the target PDF document open choose Document > Insert Pages
3 In the "Select File to Insert" dialog box locate and select the document you want to insert into the target document and click Select
4 In the "Insert Pages" dialog box specify whether you want to insert the document before or after the specified page Then specify whether the document is to be inserted before or after the first page, last page or a specific page number Click OK
5 Save the combined document under the desired filename, or return to step 2 to insert another document

Domaine Sainte-Croix Syrah-Merlot

A good, solid, delightfully drinkable red wine from France for $4.99? No, it really your eyes are not playing tricks on you – it's true, this wine lover's French fantasy is a reality at Trader Joe's. It comes to us from Domaine Sainte-Croix, in the South of France, between the Languedoc and the Roussillon, about 20 minutes from the Mediterranean coast.

Domaine Sainte-Croix Syrah-Merlot La Bergerie is a dark red wine with a subtle purple tint. Its nose of pepper, blackcurrant, and vanilla opens leads to similar flavors with layers of peppery spices, caramel and cocoa, and smooth, supple tannins. This is somewhat easy to enjoy with all kinds of food from cheeses and hors d'oeuvres to roasted meats and hearty, red-sauced pasta dishes. And true to our headline, we're selling each 750ml bottle of **Domaine Sainte-Croix Syrah-Merlot** for $4.99

Chicken & Veg Wonton Soup

Trader Ming's Chicken & Vegetable Wonton Soup went through a number of rounds in our tasting panel. Primarily because we kept making it better. We could be accused of tasting and re-tasting, and re-tasting just because we liked eating the soup so much. But then we can prove that. What did we accomplish in all the re-tasting? We added more vegetables like sugar snap peas, carrots and green onions and in bigger pieces than in the original, poorly proposed soup. We added more wontons, too, and that's one of the reasons this soup is so satisfying. Its light taste and its nutrient profile (only 220!) belie a supremely satisfying soup. Its price of $2.29 for an 8 to 10 ounce bowl defies logic.

Clearly logical thought is no preparation. Remove the bowl from its outer package, peel back the top film just a bit, and add water to the fill line on the bowl. Microwave for 4-5 minutes, let it rest for a minute after that, and enjoy a bowl of hot **Chicken & Vegetable Wonton Soup**. That sounds great right about now, doesn't it? It's in our freezers.

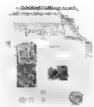
Documents Stack

Welcome to Mac OS X Leopard

The Dock in Leopard has a sleek new look and a new feature called Stacks. With Stacks you can quickly access important and frequently used files right from the Dock.



Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack and it will spring from the Dock in either a fan or grid. To open a file in a stack, just click the file once.

Mac OS X Leopard includes two pre-made stacks called Documents and Downloads. You opened this file from the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag and drop files to the stack or save them to the stack when you save a document in an application.

Documents Downloads

Stacks automatically display their contents in a fan or grid based on the number of items in the Stack. If you prefer one style over the other, you can set the stack to always open in that style. Stacks intelligently show the most relevant items first or you can set the sort order to make sure the item you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and then hold down the mouse button until a menu appears.

To delete a file from a stack, just open the stack and drag the item you wish to remove to the Trash. In fact, when you're done reading this document, feel free to throw it out.

Days to Increment

If a frequency of Miscellaneous is selected you need to specify a number of days to increment the transaction date

Payables Transaction Entry

- Used to enter many vendor related transactions
  - Invoices
  - Credit Memos
  - Returns
  - Miscellaneous charges
  - Finance Charges
  - Payments with invoices (a check can be printed directly from Payables Transaction Entry)

Voucher No

- Identifies an invoice credit memo return, miscellaneous charge or finance charge
- Appear on the Transaction Edit List and Audit trail reports
- Used to trace the history of any specific document
- Each time vouchers are saved or posted, the default voucher number increments by one

Document Type and Description

Document Type	Information
Invoice	An invoice is a bill for goods and/or services received or ordered from a vendor. This is the most common transaction entered in Payables Transaction Entry. A payment amount can be entered with an invoice if the invoice is paid or partially paid when it is entered.
Finance Charge	A finance charge is the cost of borrowing money or a late charge for not making payments on time to a vendor
Miscellaneous Charge	A miscellaneous charge is a service charge that is not part of the normal purchasing process, such as a charge for installation or repair of merchandise
Return	A return of merchandise is used to offset the amount of the original transaction by receiving a credit in the form of cash or a check, or a credit on the credit card statement or the account with the vendor
Credit Memo	A credit memo is a reduction in the amount owed a vendor on account, for something other than the return of merchandise (that is, a price adjustment or correction)

GODBS

This is a test to check the fax. It is only a fax. I want to see if the fax work properly

Will the fax work ok? This is what I would like to see.

Hopefully the fax will work properly.

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To	From
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1 VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

Quick Guide

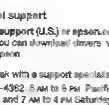
Basic instructions for copying, printing, faxing, scanning, and solving problems.

On-screen help with your software

Select **Help** or **?** when you're using your software.

User's Guide

Click the icon on your desktop (or in the **Applications/Epson Software/Guide** folder in Mac OS X) to access the online *User's Guide* software, downloads, Epson Supplies Central®, and more (requires an Internet connection). If you didn't have a User's Guide icon, you can install it from the CD or go to the Epson website (see "Epson technical support").



Epson technical support

Visit **epson.com/support** (U.S.) or **epson.ca/support** (Canada) where you can download drivers, view manuals, get FAQs, or e-mail Epson.

You may also speak with a support specialist by calling:

- **U.S.** (562) 276-4382, 6 AM to 8 PM Pacific Time, Monday through Friday and 7 AM to 4 PM Saturday
- **Canada** (905) 709-3839, 6 AM to 8 PM Pacific Time, Monday through Friday

Days and hours of support are subject to change without notice. Toll or long distance charges may apply.

Recycling

Epson offers a recycling program for end of life hardware and ink cartridges. Please go to **www.epson.com/recycle** for information on how to return your products for proper disposal.

Need paper and ink?

Try Epson paper with DURABrite® Ultra Ink for professional results. For the right supplies at the right time, you can purchase them at Epson Supplies Central at **www.epson.com/ink3** (U.S. sales) or **www.epson.ca** (Canadian sales). You can also purchase supplies from an Epson authorized reseller. To find the nearest one, call 800-GO-EPSON (800-463-7766).

DESIGNED for EXCELLENCE
Epson printers, ink and specialty papers.

Genuine Epson paper

Epson offers a wide variety of business and photo papers to meet your needs; visit Epson Supplies Central for more information.

Presentation Paper Matte
Smooth, non-glare, instant-drying paper ideal for home, school, and business projects

Genuine Epson inks

DURABrite Ultra INK

Look for the numbers below to find your cartridges. It's as easy as remembering your number!

WorkForce 545/645 Series ink cartridges

Color	High-capacity	Extra High-capacity
Black	126	127
Cyan	126	127

4.0 STEPS TO CERTIFICATION

There are four steps in the certification process.

1. Eligibility
2. Application
3. Candidacy
4. Examination

CMCI expects the application review process, advancement to candidacy, and successful completion of the examination to be completed in a timely manner. Applicants approved for advancement to the exam phase have up to one (1) year to take and pass the exam. The one (1) year begins on the formal notification date of advancement. Extensions beyond the one (1) year time period may be granted for reasons beyond the control of the candidate that adversely impact the candidate's ability to take the exam such as medical, military service, etc. The candidate must make a written request for an extension and attach the appropriate supporting documentation verifying the reason for the extension for CMCI's review and approval.

5.0 ELIGIBILITY

The first step in the application process is to complete the eligibility form in the application packet. The applicant must acknowledge that he or she has the requisite experience as being "Responsible in Charge (RIC)". The 48 months RIC experience together with all the required experience in the six domains of knowledge and skills in the qualifying matrix and the education requirement will allow the applicant to move forward to the application.

6.0 APPLICATION

Once the Institute receives the application and processing fee, we will review the entire packet for completeness. If there is any missing material or information in the application, a detailed status report will be e-mailed to the applicant. In the meantime, the Institute will request letters from the applicant's client references. If all items in your file are complete and the office has received both CMCI Reference forms, the application is sent to members of the Board of Governors for the final review.

6.1 CMCI ID Numbers

Each applicant will receive a unique CMCI ID#. Each ID has a number that is based on the order the application is received. This ID number stays with the applicant throughout the application process and as a Certified Construction Manager. Applicants should keep this ID number in a safe place.

6.2 Confidentiality

All applications are confidential; no information will be released without the applicant's written permission. Members of the Board of Governors and the Certification Office staff have signed statements of non-disclosure.

7.0 CANDIDACY

The Board will make its recommendation to either advance an applicant to candidacy or deny candidacy. This review process generally takes 30 days but may take as many as 60 days or more.

Test Fax

The 5-year option may allow you to wait until the year you actually retire to take your first RMD (unless you are a 5% owner). Alternatively, a plan may require you to begin receiving retirement benefits by April 1 of the year after you reach age 70½, even if you have not retired.

5% owners

You own 5% or more of the business sponsoring the plan. Then you must begin receiving distributions by April 1 of the year after the calendar year in which you reach age 70½.

Date for receiving subsequent required minimum distributions

For each subsequent year after you're required, beginning date, you must withdraw your RMD by December 31.

The first year following the year you reach age 70½ you will pay on the required distribution claims on April 1 is increased for the year you turn 70½, and an additional withdrawal by December 31 for the year following the year you turn 70½. The withdrawing both of these amounts included in your income for the same year, you can make your first withdrawal by December 31 of the year you turn 70½ instead of waiting until April 1 of the following year.

> Example: John reached age 70½ on August 16, 2013. He must receive his 2013 required minimum distributions by April 1, 2014, based on his 2012 year-end balance. John must receive his 2014 required minimum distributions by December 31, 2014, based on his 2013 year-end balance.

> If John chooses not to take required minimum distributions for 2013 on April 1, 2014, he will have to report both his 2013 and 2014 distributions as taxable income on his 2014 income tax return.

Consequences for failing to take required minimum distributions

If you do not take any distributions or if the distributions are not large enough, you may have to pay a 50% excise tax on the amount not distributed as required.

- To report the excise tax, you may have to file Form 5329, *Additional Taxes on Qualified Plans (Including IRAs) and Other Tax-Favored Accounts*.
- See the Form 5329 instructions for additional information about this tax.

Required minimum distributions after the account owner dies

For the year of the account owner's death, use his RMD the account owner received. For the year following the owner's death, the RMD will depend on the identity of the designated beneficiary.

Calculating required minimum distributions for designated beneficiaries

Beneficiaries of retirement accounts and IRAs calculate RMDs using the Single Life Table (Table I, Appendix C, Publication 590, *Individual Retirement Arrangements (IRAs)*). The table answers the life expectancy based on the beneficiary's age. The account balance is divided by the life expectancy to determine the RMD.

- Spouses who are the sole designated beneficiary can:
  - Treat an IRA as their own, or
  - Base RMDs on their own current age.
  - Base RMDs on the decedent's age and defer required beginning date until the year the decedent would have turned 70½.
  - Withdraw the entire account balance by the end of the fifth year following the account owner's death. If the account owner died before the required beginning date, the following rule does not apply. If the account owner died before the required beginning date, the following rule does not apply until the year the owner would have turned 70½ to begin receiving RMDs.
- Individual beneficiaries other than a spouse can:
  - withdraw the entire account balance by the end of the 5th year following the account owner's death, if the account owner died before the required beginning date; or

Test your fax machine without bothering friends

Submitted by Adam on October 15, 2006 - 12:27pm. Rolling Shotgun with Adam

I found this site today while trying to see if a fax machine was working correctly. It is always tough testing a fax because you have to have a friend who is home with a fax, and willing to help. Thanks to a commenter, you can try this test fax service from HP as well.

This site lets you enter a fax number and, in a few minutes, you will receive a test fax.

If this helped, consider buying me a meal or an Americano!

How Can I Test My Fax Machine?
Submitted by Smart Computer User on December 9, 2008 - 12:00pm.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy http://faxtoy.net/ -- it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. http://faxzero.com/ this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring -- hopefully it will automatically answer and spit out the test fax.

PROJECTS	DESCRIPTION
Automobile Engine System Design Simulation	A real-time simulation system for automobile engine performance, including fuel injection, ignition timing, and emission control algorithms. Written in C++ with custom physics models.
Inventory Management System	A web-based inventory tracking system for small businesses with barcode scanning support. Built with Python Flask backend, PostgreSQL database, and a responsive HTML/CSS frontend. Includes user authentication and role-based access control.
Weather Station Monitoring	An Arduino-based weather station that collects temperature, humidity, barometric pressure, and wind speed data. Transmits readings wirelessly to a central server for visualization and historical analysis.
Personal Finance Tracker	A command-line personal finance tracker written in Rust. Supports importing bank statements in CSV format, automatic categorization of transactions, and monthly budget reports.

Room Type:	Deluxe	Occupancy:
	Pool	Studio

Resort Information:
The Cliffs at Oak Tree - Pool - Studio

Note: Resort Information Not Provided

1 Low or Out supply item

Check the control panel to see if it displays any messages that indicate to order or replace supplies. If it does, replace the supply item. If the defect continues to appear, continue with step 2.

2. Troubleshooting

Note: Paper must be fed in this direction.

Does the defect you observed on your printout appear on any single colored diagnostic pages? If so, continue with step 2. Otherwise, continue to step 3.

Which of those 4 pages has the defect?

Cyan	Magenta	Yellow	Black
HP C9731A	HP C9733A	HP C9732A	HP C9730A

- If the defect appears on a single page and is of the same color as the page, replace the print cartridge that corresponds to the color of that page. (cyan, magenta, yellow, or black. Part numbers are listed below each color)

  Note: Before replacing a toner cartridge, perform a printer calibration. (Press the check key, then go to the CONFIGURE DEVICE / PRINT QUALITY menu and select CALIBRATE NOW.) Wait for this action to complete, then reprint the PQ trouble shooting pages to see if the defect is corrected.

- If the defect appears on one or more pages, check to see if the defect is clearly one of the four primary colors (cyan, magenta, yellow, or black). If the defect is clearly one of the four primary colors, then replace the corresponding print cartridge. For example, if a cyan spot appears on all four pages, replace the cyan cartridge (part number HP C9731A).

3. Further Assistance

If the print quality issue is not solved, or if this troubleshooting procedure did not produce clear results, go to the web site below for further assistance.

UNITED STATES POSTAL SERVICE

Application for Listing and/or Prohibitory Order

Information About You (Use the name and address by which you customarily receive mail)

Printed Name (First, MI, Last) | Address (Number, street, apt. or suite no. or Post Office box no.)

City | State | ZIP+4®

Initial box #1 or box #2 on both when applying for this Prohibitory Order

Application for Prohibitory Order (Submit this mailpiece with your application)

1 ☐ This attached mailpiece from the mailer identified below offers for sale matter that I believe to be erotically arousing or sexually provocative and therefore is a pandering advertisement. Under the provisions of 39 USC 3008 I request that a Prohibitory Order be issued against the mailer and the mailer's agents or assigns.

Please check only one as appropriate:

1a. ☐ I am the addressee of the attached mailpiece and if I have listed below an eligible child or children I request that such child or children (as well as I myself) be protected by the Prohibitory Order

1b. ☐ I am the parent of _____, the minor addressee of the attached mailpiece, acting for such addressee to obtain a Prohibitory Order to protect just him or her. If a child or children of mine is/are listed below it is just in connection with the application under 39 USC 3010 that I am making by initialing box 2.

1c. ☐ I am the person entitled to receive mail for _____, the deceased addressee of the attached mailpiece. Please issue the Prohibitory Order on behalf of the deceased addressee.

If you initialed box 1 you MUST:
- Attach the entire opened mailpiece and
- Provide the following mailer information.

Mailer's Name

Mailer's Address (Number, street, apt. or suite no. or Post Office box no.)

Mailer's City, State, and ZIP+4

Application for Listing (Mailpiece is not required for this option at this time)

2 ☐ I do not wish to have sexually or erotically arousing mailers or any children who have not attained the age of 19 years are listed below. Please add me/us to the list you maintain under 39 USC 3010 of persons not wishing to receive such advertisements. I understand that while this USPS Prohibitory Order Listing will be provided to mailers that subscribe to your listing service in an effort to have me removed from their mailing lists, it does not guarantee the removal of my name and address from all mailing lists.

Very important information has just been made public that I think is something you should all be aware of

Gonorrhea Lectim

The Center for Disease Control has issued a warning about a new virulent strain of this old disease

The disease is called Gonorrhea Lectim It's pronounced "Gonna re-elect 'im "

The disease is contracted through dangerous and high-risk behavior involving putting your cranium up your rectum

Many victims contracted it in 2008 but now most people, after having been infected for the past 1-2 years, are starting to realize how destructive this sickness is. It's sad because it is so easily cured with a new procedure just coming on the market called Vo-tem-out!

You take the first dose/step in 2010 and the second dosage in 2012, and simply don't engage in such behavior again, otherwise it could become permanent and eventually wipe out all life as we know it

Several states are already on top of this like Virginia and New Jersey, and apparently now Massachusetts, with many more seeing the writing on the wall

true
innovations

LIMITED WARRANTY

True Innovations seating products are warranted against defects in material and workmanship while owned by the "Original Purchaser". The term "Original Purchaser" is defined as that party or entity which purchases True Innovations furniture from an authorized True Innovations dealer as is shown by the **original sales receipt**. This warranty does not apply to "as is" or previously owned seating products.

True Innovations warrants its products to be free from defects in materials and workmanship [illegible] except as provided below under the limited warranty.

The exceptions or exclusions to this warranty are as follows:

1. [illegible] of purchase will not include the cost of parts, labor or delivery.
2. This warranty shall not apply to the True Innovations products which have been subjected to [illegible] purchaser, shipping, storage, accident, fire, flood, or acts of God.

In the event of a defect in material or workmanship covered by this warranty, True Innovations will [illegible] amount of time. We reserve the right to require damaged parts to be returned to us upon request. Natural markings such as scars, brands, grain variations, wrinkles, color variations, and leather against scratching or scuffing, as all leather is subject to blemishes with use.

For claims or questions concerning this warranty, please contact True Innovations Customer Service department by phone 1-800-379-9773, fax 714-544-5118, or website www.trueinnovations.com. Be prepared to provide your name, address, daytime phone number, the model and purchase order number of the product, date of purchase, and the place that it was purchased. True Innovations requires that the original sales receipt be submitted with all requests to confirm that you are the original purchaser according to our written warranty.

[illegible] to state.

All warranties are limited to the original purchaser for normal use which is defined as a standard work week of forty hours by a person weighing less than 350lbs.

TABLE 2. NaOCl Accidents Detailed

Question	Response	n	%
In which arch did the accident occur?	Maxillary	120	73
	Mandibular	26	41
	Cannot recall	6	5
	No response	1	1
In which region did the accident occur?	Premolar	57	34
	Molar	30	30
	Incisor	24	14
	Canine	22	13
	Cannot recall	10	6
	No response	3	2
What was the sex of the patient?	Female	99	60
	Male	44	27
	Cannot recall	20	12
	No response	1	1
What was the approximate age of the patient?	Teenage	2	1
	20 s	13	8
	30 s	29	17
	40 s	43	26
	50 s	44	27
	60 s	11	7
	>70	5	3
	Cannot recall	7	4
	No response	12	7
What was the preoperative status/diagnosis of the treated tooth?	Pulpal necrosis	73	44
	Cannot recall	50	30
	Irreversible pulpitis	27	16
	Retreatment	11	7
	No response	5	3
What were the preoperative signs/clinical appearance?	Pain, no swelling	59	36
	Cannot recall	53	32
	Asymptomatic	39	24
	Localized swelling	6	4
	No response	4	2
	Sinus tract	3	2
What was the radiographic appearance?	Periradicular radiolucency	71	43
	Cannot recall	46	27
	Intact normal periodontal ligament	38	23
	Soft, lateral root resorption	5	3
	No response	4	2
	External apical root resorption	1	1
NaOCl dilution used when the accident occurred?	10 to 1	3	2
	5 to 1	18	11
	1 to 1	66	40
	Full strength	72	43
	Cannot recall	5	3
	No response	2	1
How long did it take for your patient to fully recover from any signs or symptoms resulting from the NaOCl accident?	<1 week	110	66
	<1 week but <1 month	46	28
	<1 month but <1 year	3	2
	Cannot recall	4	2
	No response	3	2
What do you think was the main cause of the accident?	Apex was open	42	25
	Needle wedged in the canal	34	20
	Syringe pressure too great	27	16
	Apex over instrumentation	23	14
	No response	23	14
	Cannot explain it	17	10

this finding could be that more maxillary than mandibular teeth are treated in the general population. However one study investigating a large number of patients receiving endodontic therapy found that the number of maxillary and mandibular teeth treated is approximately equal (24). Endodontists have been shown to treat more posterior and fewer anterior teeth compared with general practitioners (23). This could account for the increased numbers of maxillary premolar and molar teeth involved with NaOCl accidents and lower numbers of maxillary anterior teeth. Compared with maxillary teeth, mandibular teeth are treated in a denser cortical plate and mandibular premolar and molar teeth apices are more centrally located within the body of the mandible. The buccal roots of maxillary premolar and molar teeth have only a thin covering of cortical bone which probably predisposes these teeth to NaOCl accidents (25). Our hypothesis that the anatomic difference in bony architecture contributes to the statistically significant difference between maxillary and mandibular teeth seems confirmed.

The results showed that the majority of respondents who could recall the preoperative status and radiographic appearance of their NaOCl accident cases (those pulp necrosis ($p < 0.0001$) and a periodontitis radiolucency ($p < 0.0001$). A possible reason for this finding is

December 10, 2014

Dear Mr and Mrs Moran ,

I am pleased to inform you that your child, Conner , has been identified as one of a select group of students who qualified to participate in the 6th grade talent search sponsored by the Duke University Talent Identification Program (Duke TIP).

This highly-selective program identifies students with high academic ability and supports them through recognition, engaging online enrichment tools, opportunities to interact with other gifted students and helpful publications. More information on the Duke TIP services for gifted students is available at www.tip.duke.edu.

The enclosed brochure will provide all the details about the Talent Search, as well as instructions on how to register. If you choose to enroll, you may do so easily at www.tip.duke.edu or you can submit the enclosed paper application.

In either case, you will need the following information to complete the registration:

Section 6 -- Your school ID code is 51168 -CE

Section 10 -- Qualifying score: Test Name: Stanford 11

Subtest Category and Subtest Name: Reading 96 -- _____

Please note that this letter does not qualify as an application, it is merely a notice that your child qualifies. You must submit a completed application to enroll. If you have questions, please feel free to contact me (228) 222-6000 on Thursdays or call Duke TIP directly at (919) 668-9100.

Sincerely,

Angela Tyler

Returns. An after-hours return slot is located in the alley on the south side of the library building. To avoid overdue charges, return materials by midnight of their due date.

Fines and fees

- **Overdues.** The maximum overdue fine for any one item is $5.00.
- **Exceeding the grace period.** After the grace period, a daily fine is charged on each item starting from the day it was due. If you exceed the grace period, you must pay fines from the original due date.

FRONT

Mr Hansen

Thanks you for considering [illegible] for [illegible] offer landscaping in your new divisional headquarters. We are pleased to submit our proposal herewith for the concept phase as agreed earlier

Since your available area is somewhat limited we suggest a modular layout. This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere.

Enclosed are two floor plans. The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me in the interim if you have any questions.

TEST

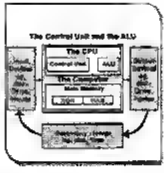
Components of CPU

The CPU typically contains 2 components.



1. The Control Unit
   - This unit coordinates the many operations of a computer system
   - It receives messages from INPUT devices like Harddisk, Mouse and keyboard
   - It then decodes the instruction from input devices and sends them to the ALU(Arithmetic Logic Unit) to be acted upon
   - Finally it sends the processed information into storage or to OUTPUT devices (like your screen or printer)

2. The ALU (Arithmetic Logic Unit)

   This is where the information is actually processed. The ALU can do
   - calculations (adding, subtracting, multiplying and dividing).
   - logic functions (comparing numbers, letters or special characters and then making decisions based on the results.)

At Stonebridge Life Insurance Company we take pride in the fact that our customers place in us to help ensure their financial [illegible] 100 years, we have navigated through good times and bad. Throughout our history, our company has remained resilient, strong and dedicated to delivering on our long-term commitments to our customers. We understand that now more than ever you need to feel confident about your financial future. Despite historical changes in the financial markets, our goal has remained the same: to help our customers protect their financial future by offering a wide range of competitive and innovative products and services.

We accomplish this by:

- Delivering on our long-term commitments
- Maintaining appropriate risk management practices
- Implementing effective capital and liquidity strategies, and
- Adhering to a sound and disciplined investment philosophy.

Stonebridge Life Insurance Company is a Transamerica company. The Transamerica companies offer a wide array of innovative financial services and products with a common purpose: to help individuals, families and businesses build, protect and preserve their hard-earned assets. With more than a century of experience, we have built a solid reputation on solid management, sound decision making and consumer confidence.

EMAIL ADDRESS

☐ Yes, I am over 18 years old and would like to receive special offers, sales alerts and other communications from, or on behalf of, Kohl's.

TERMS AND CONDITIONS: Purchase must be made between 04/08/17 - 06/24/17 and postmarked by 07/24/17. Limit 1 rebate per product per household. Offer good only in USA. Rates will be issued in US dollars, in the form of a Visa prepaid card or check. Offer not valid for refurbished or previously sold models. Rebate form is not transferable. No reproductions of UPC or receipt accepted. All submitted property of purchaser becomes the property of Kohl's and cannot be returned. Kohl's is not responsible for lost or misdirected mail and illegible entries. Keep a copy for your file. Fraudulent submissions would result in federal prosecution under the U.S. Mail Fraud Statutes (18 USC Section 341 & 1341). Not valid with any other promotions, with the exclusion of the Kohl's Associate discount. Rebate check expires if not cashed within 90 days of the check date, after which time Kohl's will have no further obligation to you. Rewards totaling $10 or more will be issued in the form of a Kohl's Visa Prepaid Card. Your card is issued by MetaBank®, Member FDIC, pursuant to a license from Visa U.S.A. Inc. Cards can be used at any merchants that accept Visa debit cards. The Visa prepaid card is not redeemable for cash or usable at any ATM. Terms and Conditions apply to the card. Once the valid through date has passed your card will be void and will not be replaced. Kohl's reserves the right to substitute a check or equal value in lieu of a Visa prepaid card at its discretion. Allow 6 weeks for receipt of rebate. For rebate inquiries, call 888-876-6104 or visit www.bmiRebates.com, where you can also check your rebate status.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

Thank you for your business!

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

4/20/2015 Claimant # 2145023

Sharon or agent on this case

Upon receiving your determination letter dated 4/16/2015 I totally disagree with your findings, thus I am going to appeal your decision. As I stated before I am available to go to work. My doctor released me to go to work. There are jobs in my field which do not require me to climb ladders or lift heavy objects. These jobs are running sheet fed presses which I have done for 30 years in my career. The fact is my former employer terminated my position 1 month ago. At this time I could not get a release to go back to work due to complications. I have recovered in the mean time and can work now.

Now you need to explain to me how did you determine I am not able to work when my doctor states that I can work. If this is the case are you deeming me disabled? If so then how does a competent state totally know this without even seeing me. I am going to go to my local Unemployment office with hopes of clearing this up. Since I lost my job I also lost my insurance which is costly. I need a decision made ASAP.

Regards,
George Podas

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to FaxToJpg — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer

Fax something interesting toll free to 1 888-877-1655 or 1-503-200-1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax us reading interesting to 1-888-877-1655 (your boss will never notice) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number. If you're in the USA.) Keep it clean. It's legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to strip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your info met on with marketers or anyone else.

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

PHP

From Wikipedia, the free encyclopedia

PHP is a server-side scripting language designed for web development but also used as a general-purpose programming language. PHP is now installed on more than 244 million websites and 2.1 million web servers.[2] Originally created by Rasmus Lerdorf in 1995, the reference implementation of PHP is now produced by The PHP Group.[3] While PHP originally stood for *Personal Home Page*, it now stands for *PHP: Hypertext Preprocessor*, a recursive acronym.[4]

PHP code is interpreted by a web server with a PHP processor module which generates the resulting web page: PHP commands can be embedded directly into an HTML source document rather than calling an external file to process data. It has also evolved to include a command line interface capability and can be used in standalone graphical applications.[5]

PHP is free software released under the PHP License, which is incompatible with the GNU General Public License (GPL) due to restrictions on the usage of the term *PHP*.[6] PHP can be deployed on most web servers and also as a standalone shell on almost every operating system and platform, free of charge.[7]

PHP

PHP: Hypertext Preprocessor

Paradigm(s)	imperative, object-oriented, procedural, reflective
Appeared in	1995[1]
Designed by	Rasmus Lerdorf
Developer	The PHP Group
Stable release	5.4.14 (April 11, 2013)
Typing discipline	Dynamic, weak
Major implementations	Zend Engine, Phalanger, Quercus, Project Zero, HipHop
Influenced by	Perl, C, C++, Java, Tcl[1]
Implementation language	C
OS	Cross-platform
License	PHP License
Usual filename extensions	.php, .phtml, .php4, .php5, .php5, .phps

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server, instead of a modem, connect your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

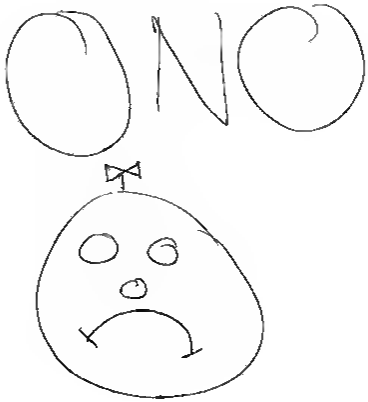
recipisnt's fax machine is ready to receive faxes.



The new database applications include handling spatial data (such as maps) engineering design data (such as the design of buildings, system components, or integrated circuits) hypertext and multimedia data (including text, image, video, and audio data) time-related data (such as historical records or stock exchange data) stream data (such as video surveillance and sensor data, where data flow in and out like streams) and the World Wide Web (a huge, widely distributed information repository made available by the Internet). These applications require efficient data structures and scalable methods for handling complex object structures; variable length records; semistructured or unstructured data; text, spatiotemporal, and multimedia data; and database schemas with complex structures and dynamic changes.

In response to these needs, advanced database systems and specific application-oriented database systems have been developed. These include object-relational database systems, temporal and time-series database systems, spatial and spatiotemporal database systems, text and multimedia database systems, heterogeneous and legacy database systems, data stream management systems, and Web-based global information systems.

While such databases or information repositories require sophisticated facilities to efficiently store, retrieve, and update large amounts of complex data, they also provide fertile grounds and raise many challenging research and implementation issues for data mining. In this section, we describe each of the advanced database systems listed above.

Object-Relational Databases

Object-relational databases are constructed based on an object-relational data model. This model extends the relational model by providing a rich data type for handling complex objects and object orientation. Because most sophisticated database applications need to handle complex objects and structures, object-relational databases are becoming increasingly popular in industry and applications.

Conceptually, the object-relational data model inherits the essential concepts of object-oriented databases, where, in general terms, each entity is considered as an object. Following the *AllElectronics* example, objects can be individual employees, customers, or items. Data and code relating to an object are *encapsulated* into a single unit. Each object has associated with it the following:

A set of variables that describe the objects. These correspond to attributes in the entity-relationship and relational models.

A set of messages that the object can use to communicate with other objects, or with the rest of the database system.

A set of methods, where each method holds the code to implement a message. Upon receiving a message, the method returns a value in response. For instance, the method for the message *get_photo(employee)* will retrieve and return a photo of the given employee object.

Objects that share a common set of properties can be grouped into an *object class*. Each object is an instance of its class. Object classes can be organized into class/subclass

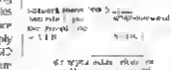
Many of the newer computing devices have wireless capabilities built in. If your computing device has wireless capabilities, simply enter the WPA2 KEY and ESSID values located on the bottom of the Wireless Gateway into the appropriate fields as noted by your application guide.



If your computing device does not have built in wireless capabilities you can purchase an 802.11b, 802.11g or 802.11b/g wireless card. Once you successfully install your 802.11b or 802.11g or 802.11b/g card you will need to enter the WPA2 KEY and ESSID values located on the bottom of the Wireless Gateway into the appropriate fields as noted by your wireless adapter software.

Note: The Gateway will continue to provide Internet connectivity to other computers as before, even if you choose not to configure your wireless network.

You will be able to connect to the network as you normally would, but without the added security.

If you require additional information, please see the user manual.

For Networking Accessories please visit.

Before you call and before you do the final examination, please read these instructions carefully. This will save time for you and us.

Your package should include a book that is divided into 7 chapters, an evaluation form, answer sheet and a 168 question test. If anything is missing, please call us so that we can send the missing item to you.

The phone number for faxing us your test is (661) 633 2119. The fax is on 24/7. You don't need to call us to let us know you are faxing your test. You don't need a cover page. You can also mail your test to us at the address above. Please either fax your test or mail it. Do not fax and mail your test to us, this will delay processing of your test. If you want to check with us to make sure we received your fax, please call us 24 hours after faxing your test. Your fax will not appear on our system until after 24 hours. If you mail your test to us give us at least 5 days after mailing your test before calling us.

Use the enclosed materials to complete all parts of the test. Read all the answers to a question before deciding on the correct answer.

You need to correctly answer 70% to complete your continuing education. We suggest that you don't try to complete it in one sitting. If you don't know the answer to a question and can't find the answer, skip it and come back to it later. Remember, you will not flunk this test just because you don't know the answer to a few questions. Read each question and all answers thoroughly before answering the questions. Take your time completing the test and good luck!

HP Device Fax Setup Wizard
Wednesday, April 10, 2013 9:30:46 AM

Your Setup Summary

Based on the information you provided in the Fax Setup Wizard, your HP device will be configured as follows

Header Information

Name: HP Fax
Location: Canada
Modem: No
Fax number: 2504697455

* Your fax phone number (2504697455) is dedicated to receiving only fax calls (no voice calls).

* The answer mode on your HP device is set up to automatically answer calls

* The Rings-to-answer setting on your HP device is set to automatically answer after 1 ring(s)

* Your HP device will answer all calls (at 2504697455) after 1 ring(s)

* If any of the information above is not correct, click Back to move back to any of the questions you would like to answer differently. You can also run the Fax Setup Wizard at any time after completing the software installation.

To print this setup summary, click Print

* The product will print in color until one or more color cartridges need to be replaced.
* Then the product will print in black only.
* This helps ensure that incoming faxes will be received and printed.
* To change the product's Supplies Out behavior, go to the System Setup menu and select the Supply Settings menu.

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the reliability of your fax machine, follow the directions below.

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax including voice mail, call blocking, or call privacy features.

NOTE Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if the send fax fails, an error code will be generated that can guide you in future troubleshooting. This option is available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-tpiname (1-888-873-2863)**.
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Building Compiling and Testing the Release Branch

Once the release branch is selected it is time to start testing it because there might be a last minute bug that escaped all of the previous tests and, after our awesome QA team's eyes

Now, despite new commits done in release (fifth commit) almost never start and builds, compile and updates an alpha server dedicated for the release branch.

Build

Why do we build the code? PHP is an interpreted language and doesn't need to be built. Yes. It's true, but we need to build other things.

- JavaScript and HTML code minimization
- Fetch libraries
- Static files versioning
- Generate translation libraries
- Build Sass libraries
- Etc.

Compilation

We also use HipHop, so we do have to compile PHP code.
The HipHop compilation for a huge code base like ours is a quite heavy operation. We get the full code compiled in about 5 minutes using a farm built with 8 servers. The farm is dedicated just to this purpose and the full compilation only takes about 5 minutes.

Testing

The code built and compiled is deployed to an alpha server for the release branch and QA gets the code there. The testing is fast and not extensive. It's basically a sanity test over the main features since Jenkins and the previous testings assure the quality. Furthermore, the error log is checked just in case anything has silently but severely gone wrong.
This testing phase usually takes a few minutes and bugs are rarely found.
Furthermore, Jenkins also runs all of the automated tests, so we have even more assurance that no tests have been broken.

This Is a PDF File Test Page

If you can read this then you must have downloaded it and therefore will be able to download any plans in pdf file format

Of course, the plans will take a little longer to download than this page, because the plans contain more pages

This is a picture of a house that could do with a handyman.

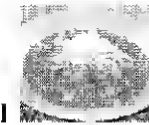
My Vision Express S2



SOUTHWEST CHILI

1 tbsp. vegetable oil
1 c. chopped onion
1 (7 oz.) can chopped green chiles
1 1/2 tsp. cumin
1/4 tsp. ground cloves
1/8 - 1/4 tsp. cayenne red pepper
1/8 tsp. sage
2 (14 oz.) cans Great Northern or white kidney beans
2 (14 1/2 oz.) cans chicken broth
2 c. cooked & cubed chicken
2 cloves garlic, crushed

Sauté onion, chiles, cumin, cloves, red pepper and sage in oil in large Dutch oven or saucepan. Stir in beans, chicken broth, garlic. Bring to boil; uncovered, simmer chopped chicken and reduce heat and 30 to 60 minutes. Ladle into bowls and top each bowl of chili with avocado and sour cream. Makes 4 to 6 servings.

EXTRAS

WELCOME TO REGATTA DELI

We first opened Regatta Deli in 1981 — it was a really special time. We ran out of steam by the end of the 1st quality hours in 1993 with the family business atmosphere. We've tried to keep it the same and always strive for that. We still make our own homemade sauces.

Our goal is to use our customers' highest quality at the lowest prices, along with a skilled and personal and pleasant service. Since 1981 we've expanded our menu. We now offer a wide variety of sandwiches, pasta dinners, desserts and Regatta specialties.

In October of 1991 we opened our second Regatta in Westboro, Massachusetts. It is run under the same working agreements and duly so.

We've done our best to do what we can to accommodate our customers and community. Thank you for your patronage. It is always our joy and pleasure to serve you. Stop in and say hello.

Waterman's Farm Pumpkin Patch

Field Trip Permission Form

Date Friday, October 28, 2016
Address: 7010 East Raymond Street Indianapolis, IN 46239
Phone: (317) 357 2969

Time 9:00 am (load school bus from MGA) – 12:30 pm (load bus to return to school)

- **Children must be 4 or older to ride the school bus.**
- Cost per child is $5 (includes small pie pumpkin and a hayride) Adults are free unless they want a small pumpkin too!
- Families who wish to meet us there should arrive at 9:30 am and meet by the entrance so that a school representative can pay, pass out your pumpkin bags, and give instructions regarding lunch.
- Everyone (adults and children) should bring a sack lunch from home to enjoy in the picnic area at the farm Please bring only items that can be thrown away after use. Please write the child's name on his/her lunch

---

- Students are given a hayride to the pumpkin patch.
- Students may pick their own individual pie pumpkin to take home.
- Students may enjoy
  - watching the dinosaur as she roars and chomps on pumpkins and chunks fall to the ground
  - straw mountain
    straw bale maze
    corn field maze for kids
    the exotic animals
    the farm playground
  - many other fun attractions

Children 3 and under must each have a chaperone

Please sign and return with payment ($5 per child) by Tuesday, October 25th, 2016

My child _____ (child's name) has permission to attend MGA's Field Trip to the Waterman's Farm Pumpkin Patch

Check One:

_____ My child will be chaperoned by _____ (name of chaperone)

_____ My child does not have a chaperone. My child is 4 or older and has permission to ride the school bus Seats on the bus are limited so please be sure to return your form as soon as possible to reserve a spot.

_____My child will not attend the Pumpkin Patch Fieldtrip

_____ _____

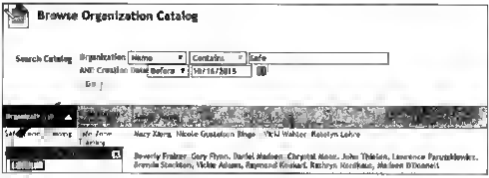
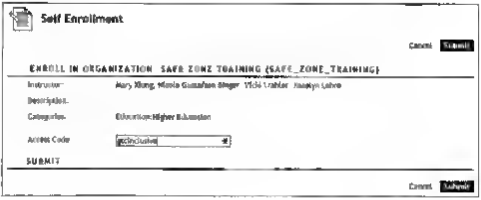
3. Click on the grey chevron under Safe_Zone_Training and select Enroll.



4. Enter ***gtcinclusive*** in the **access code** box.
5. Click **Submit**.



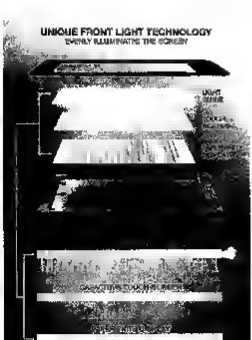
Read in Bright Sunlight with No Glare

Kindle Paperwhite has a matte screen that reflects light like ordinary paper so you can read as easily in bright sunlight as in your living room with no glare

Read at Night

With Kindle Paperwhite, reading in bed just got better. The patented built-in light illuminates the screen - not the entire room, so you won't disturb your partner when you can't put your book down at night

Patented Built-in Light



Patented built-in light

Designed for Reading

Unlike a backlit Lcdisc display, Kindle Paperwhite guides light towards the surface o Ink display from above so that the light never shines directly towards your eyes. you to read comfortably without eye strain. The built-in light illuminates the screen evenly, like a book light or lighted cover.

Perfectly Balanced Whiteness

We worked on Kindle Paperwhite for over two years to perfect the uniformity of th in light. Patterning just a few optic cubes into a sheet, and nanometer-thin to ensure perfectly even distribution of light. Our design uses nanometer-scaled diffractive pa to create light centered over the direction of the light. Enjoy reading with exceptio lighting uniformity and evenly balanced whiteness across the entire display. See h screen looks in different lighting conditions.

Adjustable Brightness

Your eyes adapt to the amount of light around you, so you'll prefer dimmer light r reading in a dark setting and brighter light when reading in well-lit surroundings. adjust the brightness of Kindle Paperwhite across a wide spectrum - from low ligh brightness - so you can read comfortably in any setting.

Power Efficient

Because our system of technology enables fine-grain control over where the light i diffused, Kindle Paperwhite uses low-power LEDs requiring very little power to ov illuminate the entire screen.

Fax:	Fax
Phone	Phone
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (80 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

HercepTest™

Diagnostic Data						
Assay Results				Reference Range		
Assay Name	Intensity Score	Percent	Result	Favorable Negative / Low	Borderline Intermediate	Unfavorable Positive / High
Her-2 Assay	N/A		N/A			
Estrogen Receptor	N/A		N/A	>= 1% (Favorable)		< 1% (Unfavorable)

Assay Description and Limitations

Assay Description: [text illegible] is immunohistochemical assay for detection of HER2 protein overexpression in the above breast infiltrating carcinoma tissue specimen. Assay is performed on formalin-fixed, paraffin-embedded tissue sections using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Estrogen Receptor (ER): Immunohistochemical staining was performed on the above specimen using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Progesterone Receptor: [illegible] monoclonal antibody was used for the qualitative immunohistochemical staining of formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Ki-67: [illegible] was used for qualitative and/or semi-quantitative immunohistochemical staining of Ki-67 antigen expression in formalin-fixed, paraffin-embedded tissue by automated immunostainer. Staining using the manufacturer's instructions.

p53: [illegible] monoclonal antibody was used for the qualitative and/or semi-quantitative immunohistochemical staining of human p53 protein in formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

INTERPAGE OUTFAX TRIAL ACTIVATION FORM

Please PRINT all information below CLEARLY so that we can e-mail you your account information or contact you if needed.

This form provides information to activate a week long free trial for Interpage's Fax by E-Mail (OutFax) service. Customers who want to activate non-OutFax services (such as InFax, FaxUS, WebFax/Pro, FaxBox, or specialized OutFax or other fax services) must complete a Fax Services Plan Activation Form, OutVoice Paging Modules or other non-faxing services please review the Send E-signup page for details and activation.

To activate a free OutFax trial account, please print out this form below, fill out all the indicated fields (clearly writing your e-mail address), sign it, and fax it back to +1 (650) 292-1600 so you may scan it and email it to team-form@interpage.net.

Upon receipt, we will activate this account and send you welcome confirmation and usage instructions via e-mail.

The Terms of Service may be reviewed on Interpage's Terms of Service and Policies page on the Internet accessible by logging on to interpage.net as a guest without using a password.

If you have any questions about signing up or other questions about our services, please see our Frequently Submission Page or call +1 (650) 331-3900.

Thank you for your interest in Interpage!

Franchise Tax Board

2010 Tax Credit for New Home / First-Time Buyer

(If you are looking for more information regarding the 2009 New Home Credit, see FTB Publication 3 Home Credit, or search using the "Forms & Publications" tab above.)

Important Update (07/13/10): FTB to accept additional First-Time Buyer appl

As shown in the numbers below, we have received First Time Buyer applications totaling more than million. We announced in June that we would accept **at least** 28 000 applications since many we ha received are duplicate, revised or invalid applications. Since that time, we are noticing more and mo duplicate and invalid applications in our sampling. Because our computer system is expected to be re by the end of next week, we will soon be able to better estimate the number of possible duplicates we do not risk cutting off the program too soon, we will wait for the computer system to be released we determine when to stop accepting First Time Buyer applications. We will continue to update the t total number of First Time Buyer applications each business day. We will announce the cut-off date o webpage at least one full day before we stop accepting First Time Buyer applications. The Additional applications will be subject to the availability of remaining credits. We will only issue approved certifi allocation until the $100 million is exhausted. (Updated 07/13/10)

We have not processed any applications yet as our computer system is still being developed. Once a computer system is completed, we will provide weekly updates on the number of certificates that ha mailed and the amount of credit that have been allocated. (Updated 06/17/10)

Fax delays

Due to the high volume of faxes we are receiving, you may experience some delays or difficulties in connecting to our fax number during normal business hours. It can take several minutes or possibly hour to connect and transmit the fax. If you receive a busy signal, try again later. Check your fax confirmation to make sure all pages were transmitted successfully and keep a copy of the fax confir Our fax number is open 24 hours a day so you may fax your application to us during non-business h when the line is not so busy.

Applying for the 2010 New Home/First-Time Buyer tax credit: Applications must be faxed **af** escrow closes. We will deny the application if the 2009 form is used; we receive the 2010 application May 1, 2010; or we receive the application before escrow closes. (Updated 04/28/10)

The New Home / First Time Buyer Credits are available only for purchases that close escrow on or af 1 2010.

Check this page often. We will add updates as they become available.

General Information: These tax credits are available for taxpayers who purchase a qualified princi residence on or after May 1, 2010, and before January 1, 2011. Additionally, these tax credits are av for taxpayers who purchase a qualified principal residence on or after December 31, 2010, and before 1, 2011, pursuant to an enforceable contract executed on or before December 31, 2010. The purcha defined as the date escrow closes. Taxpayers may apply for the tax credits if they have entered into contract before May 1, 2010, as long as escrow closes on or after May 1, 2010. However, taxpayers request a New Home Credit reservation if they have entered into the contract before May 1, 2010. (U 04/28/10)

These tax credits are limited to the lesser of 5 percent of the purchase price or $10 000 for a qualifie principal residence. Taxpayers must apply the total tax credit in equal amounts over 3 successive tax (maximum of $3,333 per year) beginning with the tax year in which the home is purchased. The tax

Our RMA Department Pledge

AST's RMA Department strives to provide customers with a pleasant, convenient and convenient means to have defective computer components repaired or exchanged

Notre Engagement du Département RMA

Le dépanneur RMA + d'AST s'efforce de fournir aux clients un moyen agréable, pratique et rapide de faire réparer ou de remplacer des composants informatiques défectueux.

RMA Shipment Packaging Instructions

- Attached a copy of the RMA/shipping form inside the box.
- Reuse original packaging for return whenever possible to avoid damage during shipment.
- Remove or cover previous shipping labels on the exterior of packaging.
- If shipping individual hardware components (e.g. cards/memory/disk drives), place the components in anti-static bag prior to packaging the components for shipping.
- Securely close/tape the box to ensure that the box will not suddenly open during transit.
- Clearly mark the RMA number on the exterior of the box to ensure your shipment will be properly identified. (NB: Failure to indicate the RMA number may result in serious delay)
- Treat the return with the same care and respect that you would expect to receive on the item being shipped to you.

Please address any feedback or questions to rn@astsys.com.

Instructions d'Emballage de RMA

- Joignez une copie du formulaire d'expédition de RMA à l'intérieur de la boîte.
- Réutilisez l'emballage d'origine pour le retour pour éviter des dommages pendant le transport.
- Retirez ou recouvrez les anciennes étiquettes d'expédition sur l'extérieur de l'emballage
- Pour l'expédition des composants de matériel individuels (par exemple, cartes/mémoires/lecteurs de disque), placez les composants dans un sac antistatique avant d'emballer les composants pour l'expédition.
- Fermez bien la boîte avec ruban pour que la boîte ne s'ouvre pas soudainement pendant le transport.
- Marquez clairement le numéro de RMA sur l'extérieur de la boîte pour vous assurer que votre envoi sera correctement identifié. (Note: L'omission d'indiquer le numéro de RMA peut entraîner un retard de traitement).
- Traitez le retour avec le même soin et le même respect que vous le vous recevriez les articles.

Veuillez envoyer vos commentaires ou vos questions à rn@astsys.com.

RMA Return Instructions

Please return defective items within 14 days of initiating an RMA return request. Failure to do so will invalidate your RMA authorization number. All returns MUST be labeled with a valid RMA number (issued by AST) and NO hardware returns will be accepted without a valid RMA number. The Customer is responsible for all Please shipping fees, (and any applicable customs and duties) for all items shipped to AST

Restrictions de retour RMA

Veuillez retourner les pièces défectueuses dans les 14 jours à compter de la procédure RMA après 14 jours votre numéro de RMA sera invalide. TOUS les retours DOIVENT avoir une étiquette avec le numéro de RMA émis par AST. AUCUN retour de matériel ne sera accepté sans numéro de RMA valide. Le client est responsable de tous les frais d'expédition de retour (et de tous les droits de douane et frais applicables) pour tous les articles expédiés à AST

1. CLEAN YOUR WINDSHIELD WITH SHAVING CREAM

If you've ever seen a movie like that scene from *E.T.* (etc.) anytime you get in the car, grab a can of Coast, he and do of your ca windows with a thin layer of the cream, which has the same active ingredients as defogger's then wipe them clean. Now your windows won't fog up while you're driving.

2. WRAP YOUR CAR'S SIDE MIRRORS IN PLASTIC BAGS

Unless you own a garage, you'll never be able to keep your whole car snow- and ice-free, but side mirrors are easy. Just wrap them with and use rubber bands to secure them. When you're ready to drive a p off the bags and admire your perfectly clear mirrors.

3. USE HAND SANITIZER ON YOUR KEYS

When temperatures get low enough, car locks can freeze—and your keys can get stuck. Avoid this annoying situation by coating your keys in a little bit of The alcohol in the sanitizer will quickly melt the ice inside the locks. You can also spray some WD-40 on your locks, which will prevent ice from building up inside.

4. PUT OLD SOCKS ON YOUR WINDSHIELD WIPERS

It's a good idea to prop up your wiper blades before a storm to keep them from sticking to your windshield. Once they're raised, though, you can go one step further: Place an your wash blade to prevent ice build up. Then throw the socks in your glove compartment—they're good for more than just this. (Here on that in a bit.)

5. THROW A RUG ON YOUR WINDSHIELD AFTER PARKING

When storm clouds gather, throw an old rug, carpet, or tarp in the trunk of your car. When you park, you can to prevent snow and ice from sticking to it. You can also use your makeshift windshield cover for additional traction if you get stuck in the snow.

6. USE A PENNY TO CHECK YOUR TIRES.

When it comes to driving, in snow and ice without slipping, it's all about tire treads, which give your car traction on slick surfaces. If you're not sure if your tire tread is ready for winter, reach into your change at and Hold the penny with your fingers grasping Lincoln's body and then place it in one of the grooves of your tire with the president's head pointing into it. If the top of Lincoln's head disappears, then your tires are fine for the winter. But if the treads only reach the top of Honest Abe's head, it's time to buy new tires. Makes you question the movement in doesn't it?

7. PULL SOCKS OVER YOUR SHOES FOR MORE TRACTION

Stuck in the snow with shoes that aren't giving you enough traction for a big push? Grab those socks you used on your wiper blades out of the glove compartment and Then give you more traction for pushing

8. USE COOKING SPRAY ON YOUR CAR DOORS

When temperatures plummet, doors have a tendency to get stuck. Avoid a cold weather tug-of-war with your ca door by hitting the kitchen and grabbing some cooking spray the night before a storm. of the doors and wipe them clean. The cooking spray acts as a lubricant, making it hard for ice to form.

9. USE AN OLD CREDIT CARD AS AN ICE SCRAPER.

It's always a good idea to invest in a high-quality ice scraper—it will get ice and snow off your windshield faster and easier than cheap ones. But in a pinch, some commonplace items can serve as substitutes. an or a plastic spatula (just don't use a metal spatula—it will damage your windshield)

10. DE-FOG WITH CAT LITTER.

If you want to and mittens, just some extremely absorbent cat litter (the silica kind works best) in a couple of socks and place them in the car.

FAX
WORKS!

complainant physically threatened J and falsely told him that she had caught the offence on videotape J admitted taking the machine The complainant then drove J to the police station The officer arrested him for breach of probation with respect to another offence The next morning J was told by the police officer that there was pertinent evidence showing that he was guilty of theft. J first refused to speak to the police officer about the theft. The officer reviewed the young offender waiver of the right to counsel with J From the wording of the form it appeared that J possibly did not understand the consequences of speaking without counsel J provided a statement, in the middle of which he asked if he could see the videotape of him He was then charged with theft. The trial judge found that the waiver of the right to counsel was sufficiently explained and that J's statement was voluntary

HELD Appeal allowed The conviction was set aside and a new trial ordered The voluntariness of J's statement to the police was questionable given his possible lack of understanding of his right to counsel and the fact that he had not yet been charged with theft. Further the trial judge erred in failing to address the issue of whether the admission J made to the complainant at the roadside confrontation was given under duress The police officer's reference to pertinent evidence was the backdrop against which J made a statement and in J's mind it referred back to the non-existent videotaped evidence mentioned by the complainant.

Young Offenders Act, R S C 1985 c Y-1 ss 3 11 56(1) 56(5)

Counsel

Hugh M G Braker for the appellant.
Robert A Mulligan for the respondent

[Editor's note A Corrigendum was released by the Court October 1 1999 the correction has been made in the text and the Corrigendum is appended to this document]

The judgment of the Court was delivered by

1 GOLDIE J A – This is an appeal by a young offender ('A J ') from his conviction on the single count of breaking and entering a dwelling place and committing therein the indictable offence of theft The issue is whether the evidence upon which he was convicted was so tainted that it should have been excluded

2 The offence was alleged to have been committed on or about 8 June 1998 and the dwelling house in question was owned or occupied by the complainant.

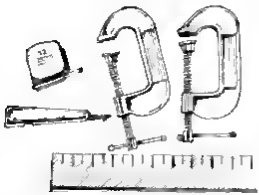
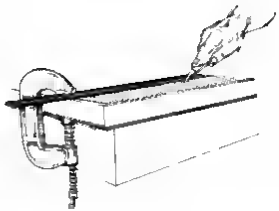
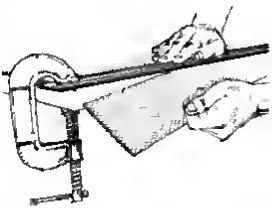
Trimming PLASKOLITE Lighting Panels



1. Tools Needed:
Tape measure, clamps, straight edge, and plastic scoring tool
Diagonal cutters for egg crate style panels.



2. After measuring, clamp the straight edge to the lighting panel (smooth side up), then lightly score. Repeat scoring several times.



3. Hang the scrap portion of the panel over the edge of the workbench, and reclamp. Apply gentle pressure to break off scrap along the score line.

4. For egg crate style lighting panels, snip off excess with diagonal cutters.

- Physical inability to leave spa
- Fetal damage in pregnant women
- Unconsciousness resulting in a danger of drowning

1.2.2 Swimming Pool Energy Saving Tips

Jandy Pool Products, Inc. offers the following recommendations as to help conserve fuel and minimize the cost of operating your pool heater without sacrificing comfort.

1. The American Red Cross recommends a maximum water temperature of 78°F (25°C). Use an accurate pool thermometer. A difference of 4°F (2°C) between 78°F and 82°F (26°C and 28°C) will use as much as 40% more gas.
2. Carefully monitor the water temperature of your pool in the summertime. You can reduce heater usage due to warmer air temperatures.
3. Used the proper setting on the pool heater temperature control and use the Keypad Lock function to discourage further adjustments.
4. Set the pump time clock to start the pump no earlier than 6:00 AM during the pool heating season. This is the time when nightly heat loss balances.
5. If the pool is only going to be used on weekends, reduce the heater temperature control setting by 8 or 10 degrees during the week. Reset it to the 78°I (25°C) level a day or so before you plan to use the pool.
6. During the winter or when on vacation for longer than a week, shut down the heater by following the shutdown instructions found on the inside of the heater.
7. Where possible, shelter the pool from prevailing winds with well-trimmed hedges or other landscaping, cabanas, or fencing.
8. Always use a pool cover when practical. Besides providing a valuable safety feature, a pool cover will reduce heat loss, preserve chemicals, and reduce the load on filter systems.

1.3 Warranty

The Laars heater is sold with a Limited Factory Warranty. Details are specified on the back cover of this manual.

Make all warranty returns to an authorized Jandy representative or directly to the factory. Claims must include the heater serial number and model (this information can be found on the rating plate), installation date, and name of the installer. Shipping costs are not included in the warranty coverage.

The warranty does not cover damage caused by improper assembly, installation, operation or field modification. Also, damage to the heat exchanger by corrosive water is NOT covered by the warranty. See Section 8.1 for maintaining proper pool water chemistry.

NOTE Keep this manual in a safe place for future reference when inspecting or servicing the heater.

1.4 Codes and Standards

The Laars pool and spa heater is design certified by CSA (Canadian Standards Association) as complying with the latest edition of the "Standard for Gas Fired Pool Heaters", ANSI Z21.56 in the USA and CSA-4.7 in Canada.

All Jandy Laars's must be installed in accordance with the local building and installation codes as per the utility or authorities having jurisdiction. All local codes take precedence over national codes.

In the absence of local codes, refer to the latest edition of the following national codes for installation:

1. In the United States, " The National Fuel and Gas Code" ANSI Z223.1. Pay special attention to the Chapter covering "Venting of Equipment".
2. In Canada, "National Gas and Propane Installation Code" CAN/CSA B149.1.

Any changes to the heater, gas controls, gas orifices, wiring, draft hood, vent pipe, or improper installation may void the warranty. If change is required to any of the above, consult the factory.

1.5 Technical Assistance

Consult Jandy Pool Products, Inc. or your local Jandy distributor with any questions or problems involving the specification, installation and operation of your Jandy equipment. An experienced technical support staff is ready to assist you in assuring the proper performance and application of Jandy products. For technical support call the Jandy Products Technical Service Department at (707) 776-8200 extension 260.

Test fax from Circuit ID

Long before Newfoundland joined Canada the Newfies never went to school, as they had no need to, as they were destined to become fishermen.

But one defied custom and became a poet Here is one which he wrote:

DE SPRING IS SPRUNG, DE GRASS IS RIZ

I WONDER WHERE DE FLOWERS IS

DE BIRD IS ON DE WING

BUT THATS ABSURD

I ALWAYS THOUGHT DE WING WAS ON DE BIRD

MY LOVE HAS FLOWN

NER DONE ME DIRT

I ALWAYS KNEW HER WERE A FLIRT

TO ALL WHO LOVE TAKE NEED I BID

DR YOU LL BE DONE

LIKE I WAS DID!!

Author " goulle Newfie"

Russ gave this to me (Terry) shortly before he died.

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one page fax to 1-888-877-1955 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to FaxToy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

This is a test fax sent by GFI FaxMaker.

IDEAS

BOXING AND PILATES

Increase your core muscle strength and definition using a boxing workout integrated with Pilates. The core muscles consist of the deep muscles close to your spine. This integrated workout is suitable for boxers and individuals seeking a general workout. The combination of boxing and Pilates provides improved balance coordination and flexibility as well as an increase in cardiovascular endurance and power delivery for punch

BOXING AND FOOTBALL

Non-contact boxing training helps football players on the offensive and defensive lines play harder at Penn S University according to an article in the January 2011 issue of "The Daily Collegian." With a boxing coach the helm, the units practice boxing handwork and footwork as well as balance exercises that improve their blocking skills.

percentage of their accumulated assets into fixed income securities. The motivation here is for people to feel secure in the knowledge that their assets are "safe." But ca you afford to do this? In other words, **are you sure you will be secure**? Should you main concern be for the **safety of the number of dollars OR the future value of those dollars?**

The dollar will continue to lose value...

It is wise to plan for the likelihood that the dollar will continue to lose value whether you retire or not. It is my belief the dollar can lose **one-half** of its value over 10 years. If you agree with me, can you afford to be so conservative that you tie you money to the value of a dollar?

Extremely Important Information

It is extremely important that you understand the dramatic effect the long term loss in value of a dollar has on a fixed income investment.

The following two examples assume you invested $100,000 in a fixed income guaranteed investment on December 31 1971, that paid an annual rate of return of 6

Example 1

The last Dollar Value Year-end was $100,000 while the Total Amount Paid was $192,000

From the end of 1971 to the end of 2003 the dollar **lost 80% of its value** at the average **rate of 4.5% a year**. Thus the last $500 check would buy only what **$162** would buy in 1971

The year-end value of $100,000 would buy only what $23,000 would buy in 1971

Can you afford to do this?

The dollar will continue to lose value whether you retire or no

It is much better to learn how the shrinking value of a dollar can effect you over time while there is still time for you to do something about it.

Writing

- The ability to write logical arguments based on substantive claims sound reasoning, and relevant evidence is a cornerstone of the writing standards with opinion writing—a basic form of argument—extending down into the earliest grades

- Research—both short, focused projects (such as those commonly required in the workplace) and longer term in-depth research—is emphasized throughout the standards but most prominently in the writing strand since a written analysis and presentation of findings is so often critical

- Annotated samples of student writing accompany the standards and help establish adequate performance levels in writing arguments informational/explanatory texts and narratives in the various grades.

Speaking and Listening

- The standards require that students gain, evaluate, and present increasingly complex information, ideas, and evidence through listening and speaking as well as through media

- An important focus of the speaking and listening standards is academic discussion in one-on-one, small-group, and whole class settings. Formal presentations are one important way such talk occurs, but so is the more informal discussion that takes place as students collaborate to answer questions, build understanding, and solve problems.

Language

- The standards expect that students will grow their vocabularies through a mix of conversations, direct instruction, and reading. The standards will help students determine word meanings, appreciate the nuances of words, and steadily expand their repertoire of words and phrases

- The standards help prepare students for real-life experience at college and in 21st century careers. The standards recognize that students must be able to use formal English in their writing and speaking, but that they must also be able to make informed, skillful choices among the many ways to express themselves through language

- Vocabulary and conventions are treated in their own strand, not because skills in these areas should be handled in isolation, but because their use extends across reading, writing, speaking, and listening

Media and technology

- Just as media and technology are integrated in school and life in the twenty-first century, skills related to media use (both critical analysis and production of media) are integrated throughout the standards.

Test

- Joe

Firewood should be dried as much as possible before burning. Properly seasoned firewood has about 7,700 BTU maximum usable energy per pound versus only about 5,000 BTU available from green firewood. For best results, season or air-dry firewood for at least six to eight months after cutting. This should bring the moisture content down to 15 to 20% by weight. The best time to cut firewood is during the winter or early spring before the sap runs. If the tree is felled when fully leafed out, let it lie until leaves have become crisp to allow leaves to draw out as much moisture as possible from the tree before further cutting.

Drying time is greatly reduced if wood is cut into firewood length and split, especially pieces larger than 8 inches in diameter. Splitting is easiest when firewood is frozen or green and should be done before firewood is stacked. Firewood must be properly stacked for satisfactory drying. The greater the surface area exposed to air, the more rapid the drying. Therefore, stack wood loosely and keep it off moist ground. The stack should be located in an open area for good air circulation--avoid stacking in firewood lots for seasoning.

Store firewood outdoors, under partial or full protection from the elements and no closer than 25 feet from the house. Keep area around firewood clear of weeds, leaves, debris, etc., to discourage rodents, snakes, insects, and other unwanted pests from making their home in the stacked firewood. Avoid storing large quantities in the house, warm garage or basement because the heat will activate insect and fungi or spore activity and bring about hatching of any insect eggs in or on the firewood.

Rachel, age 7

That's interesting, everyone in this picture is white. Even the rainbow is white. Perhaps in an ideal world everyone would be white isn't this right Rachel? Or should I call you RACIST? Nice try. Hitler F

Jason, age 6

This one would receive an "A" if the assignment was to throw as much random crap onto a paper as poorly as you can. I've passed patterns on more that look more coherent than this. F

سری دوم سرفصل‌های طراحی الگوریتم‌ها

۱. فرض کنید یک درخت دودویی کامل با ارتفاع h و $n=2h$ گره برگ داریم. هر گره درخت نیز دارای یک مقدار می باشد. تعریف می‌کنیم.

- اگر x یک گره برگ باشد $A(x)$ برابر است با مجموعه شامل x و تمام اجداد x تا ریشه درخت (تا ریشه درخت)
- گر x و y دو گره برگ باشند $A(x,y)$ برابر است با اجتماع $A(x)$ و $A(y)$. یعنی $A(x,y) = A(x) \cup A(y)$ و $F(x,y)$ را حاصل جمع عناصر $A(x,y)$ تعریف می‌کنیم.

الف) الگوریتمی ارائه کنید (نیازی استفاده از شبه کد یا توصیف فارسی) که برای یک درخت دودویی کامل، دو گره برگ x^*,y^* را پیدا کند بطوریکه مقدار $F(x^*,y^*)$ ماکزیمم گردد و سپس مقدار $F(x^*,y^*)$ را بعنوان خروجی بازگرداند.

ب) مرتبه زمانی الگوریتم ارائه شده را تعیین کنید.

پیوچه الگوریتم ارائه شده باید مبتنی بر روش تقسیم و حل باشد.

مثال: برای درخت زیر گره های X^* و Y^* مشخص شده اند و خروجی الگوریتم برابر ۱۴۱ است زیرا

$A(x^*) = \{ 19, 15, 21, 36 \}$
$A(y^*) = \{ 20, 30, 21, 36 \}$
$A(x^*, y^*) = \{ 19, 15, 21, 36, 20, 30 \}$
$F(x^*, y^*) = 19 + 15 + 21 + 36 + 20 + 30 = 141$

۲. (تعبیر الگوریتم مرتب‌سازی ادغامی) الگوریتمی پیدا کنید که برای مرتب کردن یک آرایه nعنصری ابتدا آن را به ۳ قسمت با طول $n/3$ عنصر تقسیم کرده، سپس هر قسمت را به همین روش مرتب کرده و سپس ۳ قسمت مرتب شده را با هم ادغام کند. با تحلیل پیچیدگی زمانی الگوریتم مرتب‌سازی ادغامی آن را با مرتب‌سازی ادغامی

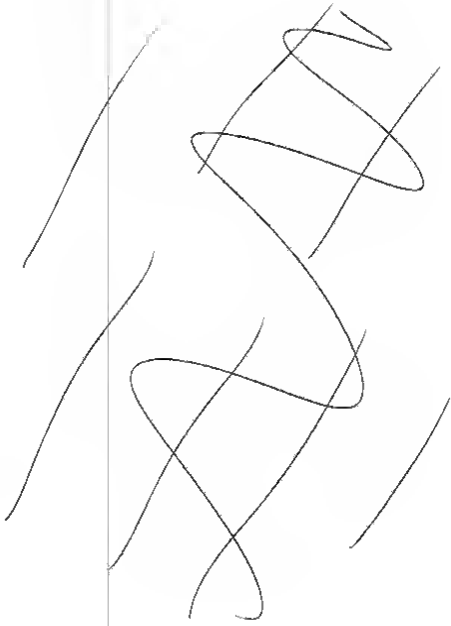
test 1



The request for him to take a leave and Ford's admission that he had purchased drugs while serving as mayor were just two key moments in a council meeting that also saw a separate petition presented that said the mayor should take a break from his job.

Ford took questions from councillors, including some pointed ones from Minnan-Wong, about the mayor's views on drugs and crime.

"Do you have zero tolerance of guns, drugs and gangs?" Minnan-Wong asked Ford on Wednesday morning.

The mayor said he does. Minnan-Wong then asked: "Have you purchased illegal drugs in the past two years?"

After a long pause, Ford replied, "Yes I have."

"I'm humiliated by it, but I can't change the past," said Ford. "All I can do is move on and that's what I'm doing."

At one point during Wednesday's council meeting, Coun. Giorgio Mammoliti floated the idea of having drug testing for all members of council.

The mayor later unsuccessfully attempted to move a motion demanding that his colleagues be tested.

Mayor accused of moving in 'threatening way'

It was just one of many dramatic moments during the morning session. Things had become heated earlier when Minnan-Wong alleged Ford stood in front of him in "a threatening way" as debate on the motion got underway.

The councillor asked for an apology. Heckling and shouting ensued, prompting the chair to call a five-minute recess.

After the recess, Speaker Frances Nunziata asked Ford to apologize. Ford refused, insisting he had merely asked the councillor to take his seat.

"I did not threaten him in any shape or form," said Ford. "He knows that. I asked him to take his seat. I have nothing to apologize for."

After that exchange, councillors used the debate to ask Ford about his behaviour, hammering him with questions about his admitted use of crack cocaine and his drinking. Ford continued to deny he is an addict and side-stepped questions about whether he will seek professional help.

Ford indicated he would take, at most, a few days off during the holiday season. Ford has defied all calls to take a break from his job, despite his crack use and other high profile "mistakes," some of them alcohol-related.

LIVING IT

He Pitched His Tent

"The Word became flesh and made his dwelling among us. We have seen his glory, the glory of the One and Only, who came from the Father, full of grace and truth" (John 1:14, NIV).

The Greek word skenoo is translated "made his dwelling," and is typically used to mean "pitch one's tent," or simply put, to set up one's tent in a particular location.

In the ancient Hebrew culture, the expression "to pitch one's tent" involved more than location. It implied identification. A nomadic family living in tents faced many hardships, depended on the land for sustenance, and faced the danger of attack. For the latter reason, some caravans were heavily armed. A larger group could defend itself against a band of robbers.

A large family would typically look for another group to join. They would be expected to share in every one's needs, and everyone else would share theirs. This was not like living in separate houses in a city; this was like moving into a large house together.

Once the implications of John choosing the word skenoo to describe Christ becoming human are understood, it takes on a whole different meaning. Jesus didn't just use His human body as a puppet. He lived the same kind of life that we do. He was hungry and cold. He felt the pain of rejection. He knew the joy that life can bring. He did more than put himself into a body; He became one of us.

That is why the writer of Hebrews can say with great confidence, "We do not have a high priest who is unable to sympathize with our weaknesses, but we have one who has been tempted in every way, just as we are — yet was without sin" (Hebrews 4:15).

No one can ever say to God, "You don't understand," because He does. He "pitched His tent" among us, becoming like us in order to save us and make us more like Him.

STEP 2 Connect to the Internet

With an Ethernet Cable

Plug the other end of the cable into a computer or laptop and the other into your modem. Then restart your modem and computer, and move on to Step 3.

— or —

With WiFi

Inside the box with your service, find the your network name and unique password. Your network name is SSID-5G and your password is network key. Select your network and enter the password. If prompted, enter your gateway username and password. The default username is admin and the default password is password.

If you already have your own WiFi network and password, select your network name and enter your password.

STEP 3 Activate your service

A Turn on the cable or fiber service that you purchased. Once your modem is connected to the internet, it may take a few minutes for your service to activate automatically. If it doesn't, call us at 1-855-270-9383 or visit xfinity.com/activate.

B You'll be prompted to enter your name, address and other personal details. You can find this on the activation card given to you by the Comcast Xfinity Store or online agent.

C Create your Comcast username and password. Be sure you will remember your choices.

D Once a screen is displayed, it may take a few minutes for your service to activate. Please be patient during this process.

During activation, you may be prompted to restart your modem. Do this by unplugging the power cable from the back of the modem, waiting 30 seconds, and then plugging it back in. Wait a few minutes for the modem to boot up completely.

Now you can connect all your devices!

Once activation is complete, you can connect all your devices to your WiFi network. Just repeat the steps you made when connecting your computer.

Enjoy your XFINITY Internet and Voice service!

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link at the upper right corner of this page.

Test your fax online

To test the reliability of your fax machine, follow the steps below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone carrier prior to attempting to send and receive a fax. Press *82 before dialing the toll free number and unblock the Caller ID blocking number or restrictions. Other phone company services also prevent you from receiving a fax, including "do not call" blocking or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good testing to set the Automatic Reception option to **Everything**. Everything before attempting a test. This way, even if the send or test fax are error prone, you are guaranteed that will guide you in future situations. For issues specific to different phone or different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-866-473-3981**.
2. When your fax is received by the HP Test Fax Service we will generate a return fax to you within the minutes monitoring but we recommend your fax. It is normal that your can both send and receive in the same fax machine.

If you do not receive a return fax within 5-7 minutes, please verify that a problem with the return at your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common issues or failure is that the fax number is not in the Fax Header and the address does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

follow

- Do not connect the fax machine to electrical outlets controlled by wall switches or automatic timers.
- Disruption of power can wipe out information in the fax machine's memory.
- Do not connect the fax machine to electrical outlets on the same circuit as large appliances or other equipment that might disrupt the power supply.
- Avoid interference sources, such as speakers or the base units of cordless phones.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Direct Approach. Script

Step 1 Introduction

- Name & I am e property finder
- What is your name?
- I have a system in place that offers me the ability to find & negotiate great wholesale deals
- I am looking for investors who want an ongoing source of wholesale deals
- I can bird dog, assign, or sell these deals to investors for a fee

Step 2. Get Investment Criteria

- Where do you prefer to buy? (Zip code, county, city subdivision, school district)
    - Where do you prefer to stay away from?
- What types of properties are you looking for? (SFR, condo, townhome, Multi, MH Land etc)
- What do you need in your properties? (sq ft., beds baths, parking, etc)
- What is your needed profit per deal? (% of FMV or $ amount)
- What types of rehab is okay? How much in rehab is okay? Are there certain repairs that you prefer not to have?
- What is your exit strategy? Buy & sell (buy fix, & sell buy & hold, Seller finance or lease option?
    - How much equity do you need in the deal? (buy & hold, seller finance or lease option)
    - How much net profit do you need? buy & hold
    - What is your total cash on cash return or cash flow requirement each month?
- How many deals e month can you buy?
- How quickly can you close? Are you buying with cash or financing?

Step 3 Conclusion

- What is the best way to forward my wholesale deal information over to you?
    - Can I get your email address?
    - Can I get your fax number?
    - Are there any other phone numbers that are best to use to reach you?
- Are there certain details you need or a certain format you need the information delivered in?
- I look forward to working with you in the future
- I'll send wholesale properties to you soon

LOAN PAYMENT OPTIONS

You may make your loan payment in one of the following ways:

ONLINE- You can make a payment 24 hours a day at www.chase3.com. You will need your checking account number and routing information to process your payment.

MAIL. You may mail your check with the bottom portion of this statement. Please reference your loan number on your check. If you remit your mortgage payment to us in this method, you authorize us to use your check information to make a one-time electronic funds transfer from your account at our option, which may cause funds may be withdrawn from your account on the same day

BANKRUPTCY INFORMATION

This communication is from a debt collector; however, if you or your account is subject to a pending bankruptcy proceeding, or if your loan has been discharged in bankruptcy, this statement is intended for informational purposes only and is not an attempt to collect a debt.

INSURANCE AND TAX INFORMATION

Your mortgage requires that you maintain certain insurance coverages at all times and in appropriate amounts. If you change insurance carriers, you must pay the initial premium and provide us with proof of coverage. If an escrow account is maintained for your loan, send all bills at least 30 days prior to the due date to the address above referencing your loan number. If applicable,

Ten things we know to be true

"The perfect search engine," says co-founder Larry Page, "would understand exactly what you mean and give back exactly what you want." When Google began, you would have been pleasantly surprised to enter a search query and immediately find the right answer. Google became successful precisely because we were better and faster at finding the right answer than other search engines at the time.

But technology has come a long way since then, and the face of the web has changed. Recognizing that search is a problem that will never be solved, we continue to push the limits of existing technology to provide a fast, accurate and easy-to-use service that anyone seeking information can access, whether they're at a desk in Boston or on a phone in Bangkok. We've also taken the lessons we've learned from search to tackle even more challenges.

As we keep looking towards the future, these core principles guide our actions.

> We first wrote these "10 things" several years ago. From time to time we revisit this list to see if it still holds true. We hope it does--and you can hold us to that. (September 2009)

1. **Focus on the user and all else will follow.**
   Since the beginning, we've focused on providing the best user experience possible. Whether we're designing a new Internet browser or a new tweak to the look of the homepage, we take great care to ensure that they will ultimately serve **you**, rather than our own internal goal or bottom line. Our homepage interface is clear and simple, and pages load instantly. Placement in search results is never sold to anyone, and advertising is not only clearly marked as such, it offers relevant content and is not distracting. And when we build new tools and applications, we believe they should work so well you don't have to consider how they might have been designed differently.

2. **It's best to do one thing really, really well.**
   We do search. With one of the world's largest research groups focused exclusively on solving search problems, we know what we do well, and how we could do it better. Through continued iteration on difficult problems, we've been able to solve complex issues and provide continuous improvements to a service that already makes finding information a fast and seamless experience for millions of people. Our dedication to improving search helps us

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I d like to test it just to make sure it works How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll free number in the United States) When it s finished transmitting, point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax

E3 In Danger? It Shouldn't Be

Call it a homecoming, but I've been to every E3 since it began in 1996 – all 22 of them. I've seen the show change over the years, and I have seen the show falter. The dark year when we were in Santa Monica and another year where we shared the convention center with particularly bad. At that three games were relegated to the back rooms, and arts and crafts took the center stage.

No offense to arts and crafts, but video games should not lose out to the craft look over. But the year saw turmoil return to the Electronic Entertainment Expo. Some believe the show should be seen in the public and be about engaging the casual others think it should stay focused on being an industry-facing event.

This year both Electronic Arts and Activision – giant third party publishers – were largely absent from the show floor and the difference was noticeable. The hall with Nintendo, Microsoft, and Sony were hotbeds of activity. The hall where EA and Activision normally set up shop? Not so much. On top of this, I heard rumors that both Microsoft and Sony felt they would benefit from having their own events rather than being part of a larger industry event.

I have my fair share of problems with E3, but the last thing in the world I want is to see it go away. Do I have ideas on how to make it better? You bet, but if the game companies walk away we lose the one moment when video games are at the center of the world's stage. When we see the future of games. When we learn how they will change our lives. When the best-of-the-best face off in a marketing blitz that sets the stage for the coming year and beyond.

Let's not lose this important part of the video game ecosystem, but it is time for a change to E3. My hope is that the powers that be can look past their own budgets and reservations and make next year's already announced E3 one of the best ever, where all the video game industry comes together to celebrate games.

Enjoy the issue.

Cheers,

28 **Game Informer's E3 Hot 50**

This year's E3 had fewer show-stopping surprises, but what we lost in crazy reveals and overblown YouTube reaction videos, we gained in thirty hours of games that aren't too far from release. We combed through all the games we saw and played and tested our theories on craft's ranked list of the games we think are worth getting excited about.

DishLA TKU Bundle	$42.99/mo.	Qualifying international programming requires subscription to $10.99/mo Cinemax bundle or $10.00/mo International Bundle.	$19.99/mo. or higher depending on international package selected.
Sports Pack	$24.99/mo.		
Dish Americas	$24.99/mo.		

Installation: Unless DISH sent you equipment as you for self-installation, this plan includes standard professional installation of up to 8 receivers. Additional equipment may be required and additional fees may apply as certain installations or with certain programming purchases. Maximum of 8 leased receivers (supported) per up to 5 HD TVs and up to 4 total TVs) may be connected to one Hopper, one Hopper with Sling, one Joey and one AutoHop equipment. Whole Home DVR receiver functionality requires up to 6 Genius receivers for up to 6 TVs (supporting up to 6 HD TVs) per account. Additional receivers may be purchased for a maximum of 15 receivers per account.

Receivers: Single receivers support 1 TV and operates 1 tuner (or in the case of 5.2 or 6.2 tuners). Solo receiver models currently include: 508, 130, 315, 340; HD Solo (211, 410, 415); Solo DVR (510); and HD Solo DVR (612). Dual receivers support up to 2 TVs and combine 2 tuners. Duo receiver models currently include: Duo (522); ED Duo (228, 222K); DuoDVR (322, 525); and HD DuoDVR (622, 722, 722K). Sling-enabled DVR (877) receivers support 2 TVs and contain 2 tuners. Hopper 3000 and Joey 3.0 multi-room units up to 8 TVs.

Fees and Payments: You agree to pay, actually or the payment due date for the programming you select and for all applicable fees. Sales and local taxes and/or reimbursement charges may apply as set forth in the RCA. You have paid or will agree to pay, if applicable, a one-time upgrade fee of up to $400.00 each. A technician visit fee of up to $99 will apply for each and every service call. Other fees may apply as set forth in the Promo Terms and the RCA. All payments are non-refundable. The following may apply:

Monthly Fees	Fee Amount
Additional Receiver Fee	
Each Solo receiver	$7.00/mo.
Each Hopper, HDDVR or Joey 3.0	$10.00/mo.
Each Sling DVR receiver	$10.00/mo.
Each Duo receiver	$3.00/mo.
Each DuoDVR or HD DuoDVR receiver	$12.00/mo.

In determining the Additional Receiver Fee amount, the receiver with the highest price and the shall be deemed subsequent or not to all other receivers on an account.

OVR Service Fee	Fee Amount
$19.99, $49.99 AT, 622, 722, 722K	$10.00/mo.
All upgraded DVR	$10.00/mo.
While Home DVR	$10.00/mo.

Suspension of Service: If you participate in DISH Promo or any other program that allows you to temporarily suspend your DISH service for a specified period, your own equipment, your home construction or the like as evidenced by the number of days that other service is suspended. If SB will determine eligibility for participation and may deny eligibility for any reason.

Fewer Fee agreement: If you return your equipment and do not sign an exchange for a receiver provided under this plan, you must return such equipment to DISH. Only leased receiver (including without limitation, any mobile smart-enabled and remotes controlled) to DISH. Once your notification to 1-SB that you intend to exchange a receiver and the description of such receiver, we will send you a postage pre-paid box to use in return of the receiver to DISH. Returning any exchange receiver is solely your responsibility. Any DVRs provided under this plan shall be leased as if you so stated them under your original agreement and DISH for all purposes with no longer ownership and shall not be part of any returned equipment certificates.

Replacement Return: You may use the Leased Equipment you had under this plan only while you attempt an active customer in good standing and in compliance with the Agreement and the Promo Terms. You must return all leased Equipment in your operating condition, normal wear and tear excepted within 30 days following downgrade or disconnection. You must call DISH at 800-333-DISH (3474) upon cancellation and/or disconnection to receive a return mailing label and packaging and/or materials for return of the Leased Equipment. You are responsible for and shall bear all costs and expenses to return of the Leased Equipment. You also must reasonably follow the terms of the Agreement for the return of equipment other than the Leased Equipment. A $19.00 charge will apply if you use a pre-paid label and empty box provided by DISH in returning the Leased Equipment this charge is subject to change at any time. You also have the option of contacting DISH by calling 800-333-DISH (3474) to request that DISH perform an in-home service call to remove the Leased Equipment at DISH's then current in-home service call rate which may be subject to change at any time.

Contact Information: If you have any questions you may find the answer to the frequently asked questions section at www.dishnow.com which you may contact DISH at cancel@dishnetwork.com, 800-333-DISH (3474) or DISH Network, P.O. Box 9003, Littleton, CO 80160. Please do not send payment to this address. You may request an itemization of the charges and fees and/or refer to the monthly and summary you have received under this Agreement by calling 800-333-DISH (3474).

Chocolate Chip Cookies

Ingredients

- 1 cup (2 sticks) butter, softened
- 3/4 cup granulated sugar
- 2 eggs
- 2 teaspoons vanilla extract
- 2 1/4 cups all purpose flour
- 1 teaspoon baking soda
- 1/2 teaspoon salt
- 2 cups milk chocolate chips

Directions

1. Preheat oven to 375 degrees Prepare a baking sheet with parchment paper
2. Use a mixer to cream together the butter and sugar Add the eggs and mix together Pour in the vanilla and blend
3. Pour the flour, baking soda and salt in a medium bowl and mix until combined. Slowly add the flour mixture to the butter mixture Mix until combined
4. Fill in the chocolate chips
5. Use an ice cream scooper to form tablespoonfuls of the dough Place the dough on the baking sheet two inches apart
6. Bake for 8-11 minutes or until lightly golden Remove from the oven Allow to cool on baking sheet for 5 minutes
7. Transfer the cookies to a wire rack and allow to cool completely

III. Setting the FAX (circuit 1)

1. Plug the power cord into the power outlet and turn on the machine.
2. Display the Service Mode screen. (For details of how to display the Service Mode screen, see the service manual.)
3. Touch "System 2".
4. Touch "Option Board Status".
5. Touch "Set" of FAX (circuit 1).
6. Touch "Enter".
7. Touch "System 1".
8. Touch "Telephone Area".
9. Touch "Fax Target".
10. Use the [▲] or [▼] key to select the Target Area. (Refer to the list below)

Country code setting for FAX			
U.S.	US	Taiwan	TW
Canada	CA	Australia	AU
Germany	GR	New Zealand	NZ
U.K.	EU* (UB)	Hong Kong	HK
France	EU* (FR)	Malaysia	MY
Switzerland	EU* (CH)	Singapore	SG
Netherlands	EU* (NL)	South Africa	ZA
Belgium	EU* (BE)	China	CN
Austria	EU* (AT)	Korea	KR
Norway	EU* (NO)	Argentine	AR
Sweden	EU* (SE)	Brazil	MY
Finland	EU* (FI)	Vietnam	VN
Ireland	EU* (IE)	Philippines	PH
Denmark	EU* (DK)	Russia	RU
Spain	EU* (ES)	Saudi Arabia	SE
Portugal	EU* (PT)		
Italy	EU* (IT)		
Poland	EU* (PL)		

Note:
Set OT for countries other than the ones listed above.

1. Select the appropriate country code according to the dial system used in the installation place. For PB/MF, select "EU*" and for dial pulse, select "each dial-related country code."

11. Touch "End" twice.
12. Touch "FAX".
13. Touch "Communication".
14. Touch "Fax Function Parameter" and "Communication Journal Back".
15. Touch "Yes".
16. Touch "Yes".
17. Touch "END".
18. Touch "Exit" on the Service Mode screen.
19. Turn OFF and ON the Main Power Switch.

Note:
When displayed the Service Mode screen, be sure to turn off the main power after exiting the Service Mode screen and wait for 10 seconds or more before turning on.

20. Perform the sending and receiving tests between the telephone and either the ones which allows the service or the local number to check that it can be operated normally.

IV. Caution when performing dial transfer

After setting the country code, dialing operations may be executed after the switchboard dial tone is detected depending on the destination. In this case depending on the switchboard connected to the telephone and the type of dial tone received from the switchboard, dialing operations may not be executed. If this happens, you may be able to avoid the problem with the following setting.

<Turn the Dial Tone Detection function OFF>

1. Display the Service Mode screen. (For details of how to display the Service Mode screen, see the service manual.)
2. Touch "FAX".
3. Touch "Network".
4. Touch "Network Setting 2".
5. Touch "OFF" of "Dial Tone Detection".
6. Touch "End".
7. Touch "Exit" on the Service Mode screen.
8. Turn OFF and ON the Main Power Switch.

Note:
When displayed the Service Mode screen, be sure to turn off the main power after exiting the Service Mode screen and wait for 10 seconds or more before turning on.

- Collects chapter information and displays it for all PGCs
Added "Save Chapter Files" to the "Files" menu.
  - Opens a dialog that allows you to create files for use in authoring
- Creates a special version of a .CHP file for MAESTRO
    Used with the "Maestro Mode" it simplifies creating multiple PGCs
  Note: You must set "Automatically Analyze Original IFO" to enable option
- To do: Need to develop a users manual. The program's features have grown considerably

Sept 15, 2002 (v0.48)
- Added "Modes" menu
  Moved "Cell Only" Mode option from "Options" to "Modes"
  -- Added "Maestro" Mode -- discards the first PGC of the newly authored file when transferring (the "Entire stream" PGC Maestro creates)
  -- Created "Standard" Mode - resets back to normal from other modes

July 30, 2002 (v0.47)
  Modified so option to copy Audio and Subtitle tables is now the default

July 17, 2002
- Fixed a bug for the cuedition where VTSM_VOBS is equal to 0
- Added an option to copy the Audio and Subtitle tables from new to original IFO

July 8, 2002
  Discovered a silly "type mismatch" error - fixed it
- Added additional sector checks to the "Correct VTS Sectors" to make it closer match the "Get VTS Sector" checks. I noticed that even though it shouldn't happen, the values of VMGM_VOBS, VTSM_VOBS, and VTSTT_VOBS sometimes would be incorrect after a copy from the DVD. At any rate they get corrected now

April 10th, 2002
- First version uploaded to DOOM9

Has science gone too slow?

The Christie Lodge

P O Box 1196 Avon, CO 81620-1196
Phone: 970-949-7700 Fax: 970-748-5030

Dear Owner

The Christie Lodge Owners Association now offers free **AUTOPAY** services to conveniently pay your association dues You no longer need to worry about mailing a check on time or calling with your credit card information By setting up reoccurring payments through **AUTOPAY** we ll create a payment for you and make sure it is credited to your account on time, every time.

How Does the **AUTOPAY** Program Work?
You have two **AUTOPAY** options
1) A charge to your credit card
2) An Automated Clearing House (ACH) debit to your checking or savings account

Once enrolled The Christie Lodge Owners Association will initiate a charge to your credit card or debit your checking or savings account for the balance due as shown on your current statement For Automated Clearing House (ACH) debit to your checking or savings account the charge must be drawn on a US Bank in US dollars You will receive reoccurring charges concurrent with our billing cycle, due and payable January 1st and July 1st of every year

Once enrolled in **AUTOPAY** you will continue to receive your maintenance fee statement Please continue to pay your balance due until notified on your statement that **AUTOPAY** is active **AUTOPAY** will continue until you request in writing to be removed from the program

How do I sign up?
1) For credit cards fill out the Autopay Authorization Form on your statement complete with account number expiration date and signature
2) For Automated Clearing House (ACH) debit to your checking or savings account drawn on a US Bank payable in U S Dollars, fill out the Autopay Authorization Form on your statement complete with account number and a voided check or savings deposit slip

Mail To The Christie Lodge
ATTN Accounting Autopay
P O Box 1196
Avon, CO 81620

Authorization forms may also be accessed at www.christielodge.com in the secure owner area

How do I cancel AUTOPAY?
Please contact us thirty (30) business days in advance of your payment due date, to allow the AUTOPAY cancellation to go into effect

What if there isn t enough in my bank account to cover my bill?
If your bank account shows insufficient funds a $20 Non Sufficient Funds charge will be assessed and the account will fall delinquent until paid Participants will be automatically removed from the AUTOPAY program if there are two insufficient fund transactions

God Bless You!

This is the year of breakthrough!!!!!

Lorem Ipsum jest tekstem stosowanym jako przykładowy wypełniacz w przemyśle poligraficznym. Został po raz pierwszy użyty w XV w. przez nieznanego drukarza do wypełnienia tekstem próbnej książki. Pięć wieków później zaczął być używany przemysł składowniczy, pozostając praktycznie niezmienionym. Spopularyzował się w latach 60. XX w. wraz z publikacją arkuszy Letrasetu zawierających fragmenty Lorem Ipsum, a ostatnio z zastosowaniem takich serwisów jako Lorem Ipsum opensourcem przeznaczonym dla realizacji drukiem lub komputerowych projektów jak Aldus Pagemaker

Ogólnie znane fakty głoszą, iż użytkownika może rozpraszać zrozumiała zawartość strony, kiedy ten chce rozwinąć kartę jej wyglądu. Istnieje mnóstwo takich odmian Lorem Ipsum, jest ich, że ani wielu różnych „kombinacji" zdań, ale w akapitów, w przeważającej do zwykłego tekstu, który, tak, że wygląda to „nie czytelnie" po polsku. Wiele wydawniczych i niegrzecznie używa Lorem Ipsum jako domyślnego modelu tekstu i wpisanie w wyszukiwarkę wyszukiwania "lorem ipsum" spowoduje znalezienie bardzo wielu stron, które wciąż są w budowie. Wiele wersji tekstu powstało z zmianami, lub przez dodanie czegoś przez przypadek, czasami celowego (humorystyczne wstawki itp).

W średniowieczu do rozpowszechnionych opinii, Lorem Ipsum nie jest tylko przypadkowym tekstem. Ma on korzenie w literaturze klasycznej filozofie z 45 roku przed Chrystusem, mają ponad 2000 lat temu! Richard McClintock, wykładowca łaciny na uniwersytecie Hampden-Sydney w Virginia przyjrzał się uważnej jednemu z najmniej zrozumiałych słów w Lorem Ipsum, consectetur i po wielu poszukiwaniach odkrył niekwestionowane źródło. Lorem Ipsum pochodzi z fragmentów (1.10.32, 1.10.33) dla Finibus Bonorum et Malorum (Ostateczne dobro lub ostateczne złoto) napisanej w 45 p.n.e. przez Cycerona. Jest to bardzo popularna w czasach renesansu Pierwsza ta linia ze słów Lorem Ipsum „Lorem Ipsum dolor sit amet..." pochodzi z sekcji 1.10.32

Standardowy blok Lorem Ipsum używany od XV wieku, jest odtworzony niżej dla zainteresowanych. Fragmenty 1.10.32 i 1.10.33 z dla Finibus Bonorum et Malorum Cycerona są odtworzone w dokładnej oryginalnej formie wraz z angielskimi tłumaczeniami H. Rackhama z 1914 roku

Jest dostępnych wiele różnych wersji Lorem Ipsum, ale większość zmienia się pod wpływem dodanego humoru lub przypadkowych słów, które czasu w ogóle nie przypominają. Jeśli masz zamiar użyć fragmentu Lorem Ipsum, upewnij się, że nie ma niczego ośmieszającego w środku tekstu. Wszystkie internetowe generatory Lorem Ipsum mają tendencję do powtarzania już istniejących bloków, co czyni nasz generator prawdziwym pierwszym w Internecie. Używamy słownika składającego ponad 200 łacińskich słów, połączonych z modelami zdań, aby wygenerować tekst wyglądający odpowiednio. To oznacza, że wygenerowany tekst Lorem Ipsum wolnym od powtórzeń, humorystycznych wtrąceń itp

Aint no mountain high enough

If you need me, call me No matter where you are
No matter how far Just call my name
Ill be there in a hurry
You dont have to worry

cause baby,
There aint no mountain high enough
Aint no valley low enough
Aint no river wide enough
To keep me from getting to you

Remember the day I set you free
I told you
You could always count on me
From that day on I made a vow
Ill be there when you want me
Some way,some how

(Chorus)
No wind, no rain

My love is alive Way down in my heart
Although we are miles apart
If you ever need a helping hand
Ill be there on the double
As fast as I can
(chorus)

This Lolotte is one tough broad! She tosses you on the clammer to cool your heels. After a while her guards come to get you and return you to the throne. It seems Lolotte has a job for you, huh?

Once you are returned to Temir you proceed with the problem of the Unicorn. You may have seen him in the meadows, but could not get close. Go back to the meadows and explore for the unicorn, but when you find him keep your distance. Here's that thing you got from Cedric? Of course, these arrows are special, they shoot love bolts! SHOOT AN ARROW AT THE UNICORN and it seems you've made a friend. You try to mount the beast, but whoa! You have no bridle.

Make your way to the beach, perhaps you will encounter a minstrel around here? If you do strike up a conversation with him and he'll play you a tune. Sam Hay! This is no A Drew Segovia that's spelled Earle Van Halen to you youngsters! you've got here! Maybe this guy should look for another line of work? why not drop a hint? "GIVE BOOK TO MAN" Well of course, if you've got no special talents. Be an Actor! And you get that lovely lute in return!

Perhaps during your travels you encountered a little pixie named Pan, but just couldn't get him to stand still? Next time you see him PLAY THE LUTE and he'll watch you perform. Your musical tastes run more towards woodwinds than strings, so why not "GIVE LUTE TO PAN". In return Pan gives you his flute. Now proceed to the fisherman's house.

When you get to his house, check the pier to the WEST. If he's there you can try talking to him but watch out when he gets up or you'll have to swim back to shore. Follow him into the house and look around. Bet you could find some use for that pole, especially with that juicy worm you caught. But what do you have that he might want? A gift certificate from Var Clean? Oh no! Not those! Diamonds are a girl's best friend, but otter all these people are very needy, and what good are these stones around here anyway? So you bite the bullet and "GIVE POUCH TO MAN", he ought give you the turtle and dead to his house, maybe even some stock in Sierra-On-Line, but all you get is that lousy pole.

WEST to the pier you go, careful not to fall off the edge. "BAIT POLE WITH WORM" then "FISH". There's a tug on the line, smoked salmon perhaps? Nope, just a stinky fish. Keep it, you may get hungry.

You decide to take a "LOOK AT THE OCEAN" but can see nothing at all. Time for some exploring. Save your game and jump in.

Swim WEST until you reach the island. Gwenete's Island. Have a look around, go inside if you like but you can't get any help from Genesta, she's out of it.

You explore the island a little more and come upon a beautiful peacock, which sheds a feather. "GET THE FEATHER", you're gonna need it! And walk back into the surf. SAVE YOUR GAME HERE NOW!!

You are looking for a whale here, but sometimes you get a shark instead. It would be a real pity to end up in JAWS 2-D w/ about a saved game here. Sometimes you get the shark, sometimes you can make it back to shore. If you return to shore, take a breather and go back in the water, or restore to your last saved game and try some more. Eventually the whale appears, stay [illegible]. He'll swallow you!

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always ***display exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

1.2. Frugal install

GET HELP. GET HOPE.

FROM THE

INDIANA HOUSING AND COMMUNITY DEVELOPMENT AUTHOR TY

AND ITS

INDIANA FORECLOSURE PREVENTION NETWORK

The notice is to inform you that you are in default under the terms of your mortgage loan on property located at: 8102 E 20th St, Indianapolis, IN 46219. If you continue to be in default for thirty (30) more days, your mortgage lender may choose to file a foreclosure complaint against you in court. If that happens, you could be at risk of losing your home. Indiana Housing and Community Development Authority (the "Authority") wants you to know about the Indiana Foreclosure Prevention Network (the "Network") sponsored by the Authority to help you if you are facing foreclosure.

In the State of Indiana, the Network offers free **mortgage foreclosure counseling and assistance** to homeowners. The Authority encourages you to contact the Network by calling its Helpline 1-877-Get-Hope (1-877-438-4673) or by going to www.877GetHope.org.

We urge you to work with a mortgage foreclosure counselor who is certified by the Authority and is a member of the Network. **Their services are confidential and are provided for free by the State of Indiana.**

THE Cancer Support CENTER

Because you're living with cancer, we're here for you

PROGRAMS OFFERED FREE OF CHARGE
At Advocate South Suburban Hospital

17800 Kedzie Avenue, Hazel Crest, **Lower Level, Dining Room 1**

Stress Management & Relaxation

Wednesdays, March 11, April 8, May 13 & June 10, 4-5 p.m.
Please call 708-798-9171 to register for each session.

Stress reduction and relaxation have many health benefits. In this group you will learn more about the way stress affects your health, identify your own stress patterns and ways to change them to promote a better quality of life. Each group will include different relaxation experiences, like guided imagery.

Nutrition & Wellness

Wednesdays, March 18, April 1, May 20 & June 17, 4-5:15 p.m.
Please call 708-798-9171 to register

80/20: A Balance Diet for Life, Wednesday, March 18, 4-5:15 p.m.
Food plays an important role in our lives. Some foods are nourishing and are essential to good health and other foods actually deplete our system of important vitamins and minerals. When we eat too many processed or refined foods, we feel guilty and upset for making these choices. Wouldn't it be exciting to create a habit of eating nourishing foods 80% of the time and still able to enjoy some the foods you love in moderation?

Break the Salt, Fat and Sugar Habit; Wednesday, April 1, 4-5:15 p.m.
Did you know that eating large amounts of fat, sugar and salty foods alter the brain's chemistry which in turn can increase cravings? If you are compelled to eat these foods, you are not alone. We will examine how to break this cycle by learning to replace fat, sugar and salt with foods that do not trigger the brain/body in a negative way. You will love the way you feel!

Explore Healing Spices to Enhance the Flavor of Food & Health! Wednesday, May 20, 4-5:30 p.m.
Breakthrough scientific research is finding that spices are loaded with antioxidants and other unique health-enhancing compounds. Studies of dietary patterns around the world confirm that spice-consuming populations have the lowest incidence of such life-threatening illnesses as heart disease, cancer, diabetes and Alzheimer's. Examine a variety of herbs and spices and discover not only their healing properties but how to incorporate them into your life.

Sugar Busters, Wednesday, June 17, 4-5:15 p.m.
Do you find that you crave sugar? Are you frustrated that sugar is in EVERYTHING? Sugar is hidden in most foods you wouldn't expect. Learn how to control your sweet tooth and uncover these secret hiding places where sugar is found.

The Cancer Support Center gives strength, guidance and support to anyone living with a cancer diagnosis–as well as to their loved ones.

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

ADVANTAGES

-97% of the Earth's water is sea water, of the remaining 3% of fresh water, less than 1% of this is accessible, the rest being trapped in glaciers. We may NEED to look to the ocean as a source of water. The ocean is a reliable source of water- unlike rainfall, which sometimes falls and sometimes doesn't, the ocean is always there. Desalination offers a secure source of water

- A desalination plant serves as a very flexible means of water output, allowing for differing quantities of seawater to be processed according to the level of demand

Desalination water is safe- free of chemicals and salt. It is not a radical new invention; there are more than 170,000 plants in operation today. Desalination is environmentally friendly, it doesn't require chemicals, and does not spew out toxic waste. A UN environmental board conducted a study which revealed that the environmental impact of desalination is minimal if the process is used correctly.

- The by-products of desalination can be used as salts, and can be marketed (albeit this is a small market)

The desalination process can be matched with power plants, in a method known as co-generation, power plants only achieve 60% efficiency with large amounts of thermal energy being released in the process. By coupling these two energy sectors, the thermal discharge from power plants can be used to fuel thermodynamic desalination (i.e. distillation), reducing the energy costs of running a desalination plant.

NEGATIVES

- Recycling should be considered before desalination is considered.

Desalination uses about 4kW per kilolitre, but recycling uses only 1kW per kilolitre

- A desalination plant may only last for around 15 years. There are high economic costs associated with the setting up and maintenance of desalination plants. 10% cost comes from fouling, 45% from energy inputs, most of the rest for transportation.

HAPPY
FATHER'S
DAY!

WARNING: This product has lithium polymer battery. Please read before charging or using battery. The buyer assumes all risks associated with lithium batteries. If you do not agree with these conditions, return the product in unused condition before use.

IMPORTANT LIPO BATTERY SAFETY INSTRUCTIONS AND WARNINGS

Lithium Polymer batteries are volatile and will burn if not used and charged properly. Improper handling may result in fire, personal injury and damage to property of the user or of any third party. We as the manufacturer, and distributors or retailers assume no liability for failures to comply with these warnings and safety guidelines.

General Safety Rules and Warnings

1) *Use specific Lithium Polymer charger only. Do not use a NiMH or NiCd charger.* Failure to do so may cause fire which may result in personal injury and property damage.

2) *Never charge batteries unattended.* While charging, the battery you should always remain in constant observation to monitor any unusual occurrences and avoid potential problems that may occur.

3) Some LiPo chargers on the market may have certain safety features but may cause it to charge the LiPo battery incorrectly or in an improper way. It is your responsibility to be aware the charger you have is set to work properly. Always monitor charging process to ensure cells are being charged properly. Failure to do so may result in fire.

4) *If at any time you notice a battery starting to balloon or swell up then while charging process immediately, disconnect the battery and observe it in a safe place for approximately 15 minutes.* This may cause battery to leak acid or cause fire with or may cause explosion. Failure to do so, resulting in fire.

5) Since LiPo pack contains flammable electrolyte it is best to observe the battery as a safety precaution. Battery observation should occur in a safe area outside of any building or vehicle and away from any combustible material.

6) *Wrecked shorts can cause fires!* If you accidentally short the wires the battery must be placed in a safe area for observation for approximately 15 minutes. Additionally, if a short occurs or contact is made with metal (such as ring on your hand) severe injury or severe burns can occur due to the conductivity of electric current.

7) A battery can not get any lower than 0 volts

8) In the event of a crash, you must remove battery from aircraft and place in a safe open area away from any combustible or material for approximately 15 minutes

9) If for any reason you need to cut the terminal wires, it will be necessary to cut each one separately when doing so to avoid any loss of time each other or short may occur potentially causing a fire

10) The soldering connection between the male plug and the wires must be done correctly and carefully. Be sure to use a soldering iron with a small tip to prevent any unnecessary heat damage to the battery. Be sure to keep soldering time short to avoid heat. If you accidentally cause the battery to short place it in a safe open area and observe as mentioned in point number 15 minutes. *A battery may swell or even possibly catch fire after a short time*

11) Do not use or charge any type of battery that you are unsure of the operations, or experience any problems, read the manual first.

Charging Process

1) Never charge batteries unattended

2) *Charge in an isolated area, away from other flammable materials*

3) Let battery cool down to ambient temperature before charging.

4) *Do not charge batteries packs in series.* Charge each battery pack individually. Failure to do so may result in one or more battery packs igniting causing fire. Overcharging, improper use of fire may be the result.

[57] ABSTRACT

A thermal engine and energy accumulating flywheel are operatively connected to propel a vehicle, and a regulating means regulates the thermal engine to generally produce a limited maximum maximum quantity of energy constantly in excess of that energy necessary to propel the vehicle under a constant desired operating operation. Thermal energy accumulates in the energy storage flywheel as provide temperature transfer of energy as a source of that relatively from the thermal engine for propelling the vehicle. In the manner fuel consumption by the thermal engine is significantly reduced and the amount of pollutant energy is reduced, thus the thermal engine is operated in a relatively constant condition to supply energy slightly in excess of load necessary for propelling the vehicle as a thermal related operating function. Regulating the production of energy by the thermal engine allows ... cooling of different energy fluctuations which occur from to time. Fuel utilized according to the aforementioned mode of operation of the vehicle.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Tay — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version. Faxtoy.net Faxzero.com

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

1.5 No Grant of Rights, Etc. Each Party's Confidential Information and all rights in it shall remain such Party's sole property. Each Party acknowledges that the other Party believes that its Confidential Information includes valuable trade secrets. NEITHER PARTY MAKES ANY REPRESENTATION OR WARRANTY AS TO THE ACCURACY, COMPLETENESS, CONDITION, FITNESS, MERCHANTABILITY, OR PERFORMANCE OF ITS CONFIDENTIAL INFORMATION.

1.6 Return of Confidential Information. Upon the conclusion of the Parties' negotiations, completion of any resulting contract, or upon the written request of either Party, each Party shall promptly return to the other Party all copies of the other Party's written Confidential Information received for such purpose in its possession.

ARTICLE II
PROTECTION OF BUSINESS

2.1 Freedom of Trade. During the term of this Agreement, the Parties each agree that business may be solicited and provided to companies, persons or other entities who are competitors of the Parties hereto.

2.2 Non-Solicitation. Each Party agrees, during the Parties' negotiations and for a period of one (1) year from the date of this Agreement, not to, absent express written consent of the other, directly or indirectly, on behalf of itself or any third Party, solicit, accept, or render services to the other Party's client whose identity was disclosed as a part of this negotiation process. This limitation does not apply to clients who were mutual clients of the Parties at the time that this Agreement was executed.

2.3 Prohibition on Hiring. The Parties agree that, unless otherwise agreed to by the Parties in writing, during the Parties' negotiations and for a period of one (1) year after the date of this Agreement, neither Party shall, directly or indirectly, solicit, hire or otherwise retain as an employee or independent contractor, an employee, consultant or independent contractor of the other Party or a former employee, consultant or independent contractor employed within twelve (12) months prior to the date of this Agreement. The use of general, non-targeted employment advertising shall not be deemed to be direct or indirect solicitation.

ARTICLE III
INTELLECTUAL PROPERTY

3.1 Intellectual Property. Intellectual Property shall mean all matter of a special or unique nature developed, integrated, authored, programmed, conceived, or otherwise acquired by either Party, whether or not subject to or capable of being subject to patent, copyright, trademark, trade secret, or unfair competition protection. Without limitation, Intellectual Property includes inventions, discoveries, technology, trademarks, logos, designs, documents, software, hardware, systems, processes, methodologies, ideas, concepts, formulas, improvements, tools, utilities, data, plans, specifications, maps, designs, systems, devices, and firmware. Intellectual Property does not include matters developed, integrated, authored, or programmed specifically for a client of either Party, which is the intellectual property of the client.

3.2 Property Rights. Except as may otherwise provided in a written agreement, the Parties each agree that exploring or continuing a business relationship with each other does not grant to the other Party any license or other rights to a Parties' Intellectual Property. The Parties shall have no license or other rights with respect to Intellectual Property belonging to the other absent a written agreement expressly granting such license or other rights, without regard to whether the Intellectual Property is used or developed or adapted for use in connection with the business relationship between the Parties.

3.3 Infringement. The Parties each agree not to infringe upon the property rights of Intellectual Property belonging to the other by any unauthorized use, reproduction, sale, imitation, derivative work, or other act inconsistent with the property rights of the owner in the Intellectual Property.

ARTICLE IV
MISCELLANEOUS

4.1 Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the internal laws of the Commonwealth of Virginia, with the exception of its conflict of laws provisions. Any legal action or proceeding with respect to this Agreement must be brought only in the courts of Botetourt County, Commonwealth of Virginia, or in the United States District Court for the Western District of Virginia, Roanoke Division. Each party hereto consents to the jurisdiction of these courts. Each party hereto irrevocably waives any objection to the laying of venue in these courts.

Check that the dotted lines forming the four color blocks are all visible with no gaps. If OK select (Yes) on the control panel. If gaps are visible select (No) on the control panel to start the cleaning process and follow the prompts on the LCD.

This Brother Inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother InnoBella(TM) ink

The use of non-Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty

We strongly suggest you use only Genuine Brother InnoBella(TM) inks when it is time for you to replace the ink cartridge(s).

What is a Credit Report?	A *"Credit Report"* is a record of your credit history that lists information about whether you pay your bills on time and how much you owe to creditors.
How did we use your Credit Report?	We used information from your Credit Report to set the terms of the credit we are offering you, such as the annual percentage rate. The terms offered to you may be less favorable than the terms offered to consumers who have better credit histories.
What if there are mistakes in your Credit Report?	You have a right to dispute any inaccurate information in your Credit Report. If you find mistakes on your Credit Report, contact Corelogic Credco which is the consumer reporting agency from which we obtained your Credit Report. It is a good idea to check your Credit Report to make sure the information it contains is accurate.
How can you obtain a copy of your Credit Report?	Under federal law you have the right to obtain a copy of your Credit Report without charge for 60 days after you receive this notice. To obtain your free report, contact:

Consumer Reporting Agency Name:	By Mail Mail your written request to:	By Telephone Call toll-free:	On the web Visit:
Corelogic Credco	12395 First American Way Poway CA 92064	1-800-525-9263	www.credco.com

☐ See attached *Addendum* for list of additional consumer reporting agencies used.

How can you get more information about Credit Reports?	For more information about Credit Reports and your rights under federal law visit the Consumer Financial Protection Bureau's web site at www.consumerfinance.gov/learnmore.

Collision Repair Terminology - Blending

The vehicle in these images is a 1996 Nissan 200SX. The vehicle was damaged on the left side quarter panel right next to the rear door edge. The damage was repaired, primed and hand wet sanded to prepare it for refinish. Any time you replace a panel or repair a panel near another panel you need to blend into the adjacent panels to achieve a blendable match. It is the seam between the two panels that helps the eye differentiate between two colors so you need to blend across that seam so the eye cannot detect a difference in color. With the new pearl/mica colors an even greater area may be required for the blending.

Notice the left front door has been sanded in addition to the left quarter panel that was repaired. The door handle and trim have been completely masked and the remainder of the vehicle has been covered by a big plastic bag.

We need to blend on the door because the repaired area on the quarter panel is adjacent to the seam between the door and the quarter panel. Even with the new paint custom mixed from the factory formula you need the area on the door to help achieve the blendable match.

Here the clear coater has been applied over both panels being refinished. This is a required step for the particular Sherwin-Williams refinishing system being used.

The vehicle is being refinished in a booth with heated air make up. As paint products get more environmentally friendly the solvents that used to help the paint cure are being removed so the heated air is needed to help the paint cure.

Here the first coat of the basecoat color has been applied. The refinish technician only sprayed

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Strips On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

eFax® Official Free Trial

www.eFax.com/FreeTrial

Find out why we're the largest digital fax network in the world

AdChoices

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States). When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To **test the receive functionality of your fax machine**, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

HALLOWEEN

Test cricket is the longest form of the sport of cricket. Test matches are played between national representative teams with "Test status" as determined by the International Cricket Council (ICC). The two teams of 11 players play a four innings match, which often lasts up to five days. It is generally considered the most complete examination of teams' playing ability and endurance.[1][2][3] The origin of the name Test stems from the long, gruelling match being a "test" of the relative strength of the two sides.[4]

The first officially recognised Test match began on 15 March 1877, between England and Australia at the Melbourne Cricket Ground (MCG), where Australia won by 45 runs.[5] A Test match to celebrate 100 years of Test cricket was held in Melbourne from 12 to 17 March 1977, in which Australia beat England by 45 runs—the same margin as that first Test.[6]

In October 2012, the International Cricket Council recast the playing conditions for Test matches, permitting day/night Test matches.[7]

Test status[edit]

Test matches are included in first-class cricket. Matches are played between national representative teams with "Test status" as determined by the International Cricket Council. As of December 2014, ten national teams have Test status, the most recently promoted being Bangladesh in 2000. Zimbabwe's Test status was voluntarily suspended, because of poor performances between 2006 and 2011, it returned to competition in August 2011.[8]

In January 2014, during the historic ICC meeting in Dubai, the pathway for new potential test nations was laid out with the winners of the next round of the ICC Intercontinental Cup playing a 5-day match against the bottom rank test nation. If the Associate team defeats the test nation then they could be added as the new test country and be given full membership.

A list of matches, defined as "Tests", was first drawn up by Australian Clarence Moody in the mid-1890s. Representative matches played by simultaneous England touring sides of 1891–92 (in Australia and South Africa) and 1929–30 (in the West Indies and New Zealand) are deemed to have "Test status".

In 1970, a series of five "Test matches" was played in England between England and a Rest of the World XI. These matches, originally scheduled between England and South Africa, were amended after South Africa was suspended from international cricket because of their government's policy of apartheid. Although initially given Test status (and included as Test matches in some record books, including Wisden Cricketers' Almanack), this was later withdrawn and a principle was established that official Test matches can only be between nations. Despite this, in 2005, the ICC ruled that the six-day Super Series match that took place in October 2005, between Australia and a World XI, was an official Test match. Some cricket writers and statisticians, including Bill Frindall, ignored the ICC's ruling and excluded the 2005 match from their records. The series of "Test matches" played in Australia between Australia and a World XI in 1971/72 do not b[Supertests|Kerry Packer|World Series Cricket
